# ORGANIZATIONAL ACTIVITIES

## Annual Report 2016-17

---

### Organizational activities:

In accordance with the Rules of the Academy, a report on the general concerns of the Academy, the income and expenditure of the preceding year along with the estimates for the year, and the prosperity or otherwise of the Academy is to be presented to the General Body at its Annual Meeting.

### Annual Meeting:

The 56th Annual Conference of the Academy was held on 21st, 22nd and 23rd October, 2016 at the All India Institute of Medical Sciences, Raipur (Chhattisgarh). The Convocation of the Academy was held on 22nd October, 2016.

Padmbhushan, Dr. N.S. Laud, Eminent Orthopaedic Surgeon, Mumbai was the Chief Guest.

Dr. Mukund S. Joshi, President, NAMS in his Presidential address, welcomed the distinguished Guests, Fellows and Members of the Academy. The full text of the Presidential address is given as Annexure I.

Padmbhushan, Dr. N.S. Laud, Eminent Orthopaedic Surgeon, Mumbai delivered the Convocation address. The full text of the address is given as Annexure II.

## Award of Fellowships and Memberships

---

### FELLOWS:

Twenty Fellows, including 1 elected in 2014, 2 elected in 2015 and 17 elected in 2016, were admitted to the Fellowship and received the scroll at the Convocation held at Raipur. The names of the Fellows admitted and their affiliations are given below:

- 1. Dr. Kalpana Balakrishnan (2014)**  
Professor & Director, World Health Organization Collaborating Centre, Sri Ramachandra University, Porur, Chennai. Her speciality is Occupational & Environmental Health.
- 2. Dr. Rakesh Kumar (2015)**  
Professor, Department of Nuclear Medicine, All India Institute of Medical Sciences, Ansari Nagar, New Delhi. His speciality is Nuclear Medicine.
- 3. Dr. Divya Malhotra (2015)**  
Professor, Department of Oral & Maxillofacial Surgery, King George's University of Dental Sciences, Lucknow. Her speciality is Dental Surgery.
- 4. Dr. Subho Chakrabarti (2016)**  
Professor, Department of Psychiatry, Postgraduate Institute of Medical Education & Research, Chandigarh. His speciality is Psychiatry.
- 5. Dr. Kishore Kumar Deepak (2016)**  
Professor & Head, Department of Physiology, All India Institute of Medical Sciences, Ansari Nagar, New Delhi. His speciality is Physiology.

- 6. Dr. Ajay Kumar Duseja (2016)**  
Additional Professor, Department of Hepatology, Postgraduate Institute of Medical Education and Research, Chandigarh. His speciality is Gastroenterology.
- 7. Dr. Shivinder Singh Gill (2016)**  
Vice-Chancellor, Baba Farid University of Health Sciences, Faridkot, Punjab. His speciality is Orthopaedic Surgery.
- 8. Dr. Ashima Goyal (2016)**  
Professor, Unit of Pedodontics & Preventive Dentistry, Oral Health Sciences Center, Postgraduate Institute of Medical Education & Research, Chandigarh. Her speciality is Dental Surgery.
- 9. Dr. Sunil Kumar Gupta (2016)**  
Professor & Head, Department of Neurosurgery, Postgraduate Institute of Medical Education & Research, Chandigarh. His speciality is Neurosurgery.
- 10. Dr. Sanjeev Handa (2016)**  
Professor & Head, Dept. of Dermatology, Venereology & Leprology, Postgraduate Institute of Medical Education & Research, Chandigarh. His speciality is Dermatology & Venereology.
- 11. Dr. R. Hemalatha (2016)**  
Scientist F (Sr. Deputy Director) & Head, Clinical & Microbiology Division, National Institute of Nutrition, Indian Council of Medical Research, Jamai-Osmania (PO), Hyderabad. Her speciality is Nutrition.
- 12. Dr. Satish Vasant Khadilkar (2016)**  
Professor & Head, Department of Neurology, Grant Medical College & JJ Hospital, Byculla, 4th Floor, Main Building, Mumbai. His speciality is Neurology.

- 13. Dr. Gopal Nath (2016)**  
Professor, Department of Microbiology, Institute of Medical Sciences, Banaras Hindu University, Varanasi. His speciality is Microbiology.
- 14. Dr. Pundi Narasimhan (2016)**  
Professor, Department of Biochemistry, Indian Institute of Science, Bangalore. His speciality is Biotechnology.
- 15. Dr. Kavumpurathu Raman Thankappan (2016)**  
Professor & Head, Achutha Menon Centre for Health Science Studies, Sree Chitra Tirunal Institute for Medical Sciences & Technology, Trivandrum. His speciality is Community Health/Community Medicine/Social and Preventive Medicine.
- 16. Dr. Satyavati Rana (2016)**  
Professor, Department of Gastroenterology, Postgraduate Institute of Medical Education & Research, Chandigarh. Her speciality is Biochemistry.
- 17. Dr. Tara Sankar Roy (2016)**  
Professor & Head, Department of Anatomy, All India Institute of Medical Sciences, New Delhi. His speciality is Anatomy.
- 18. Dr. Sandeep Saxena (2016)**  
Senior Professor (Retina Vitreous), Department of Ophthalmology, King George's Medical University, Lucknow. His speciality is Ophthalmology.
- 19. Dr. Anjan Trikha (2016)**  
Professor, Department of Anaesthesiology, Pain Medicine and Critical Care, All India Institute of Medical Sciences, New Delhi. His speciality is Anaesthesiology.
- 20. Dr. Saurabh Varshney (2016)**  
Sub Dean (Academics), Professor & Head, Dept. of ENT, All India Institute of Medical Sciences, Rishikesh. His speciality is Otorhinolaryngology.

## MEMBERS

Seventy two Members, including 3 elected in 2014 and 69 elected in 2016 were admitted to the Membership at the Convocation held at Raipur. The names of the Members admitted and their affiliations are given below:

- 1. Dr. G.B. Jena (2014)**  
Assistant Professor, Department of Pharmacology & Toxicology, National Institute of Pharmaceutical Education and Research, Sector-67, SAS Nagar-160062. His specialty is Molecular Biology.
- 2. Dr. Debajyoti Mohanty (2014)**  
Associate Professor, Department of General Surgery, All India Institute of Medical Sciences, Raipur, Chhattisgarh. His speciality is Surgery.
- 3. Dr. Sandeep Sahu (2014)**  
Associate Professor, Department of Anaesthesiology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow. His speciality is Anaesthesiology.
- 4. Dr. MD Iqbal Alam (2016)**  
Associate Professor of Physiology, Department of Paramedical Sciences, Hamdard Institute of Medical Sciences & Research, Jamia Hamdard, New Delhi. His speciality is Physiology.
- 5. Dr. Dipti Agarwal (2016)**  
Assistant Professor, Department of Paediatrics, Sarojini Naidu Medical College, Agra-282002. Her speciality is Paediatrics.
- 6. Dr. Prabhat Kumar Agrawal (2016)**  
Associate Professor, P.G. Department of Medicine, S.N. Medical College, Agra- 282002. His speciality is Internal Medicine.

- 7. Dr. Sneha R. Ambwani (2016)**  
Professor and Head, Department of Pharmacology, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Pharmacology.
- 8. Dr. Abdul Salam Ansari (2016)**  
Associate Professor, Reproductive Health Laboratory, Centre for Advanced Studies, Department of Zoology, University of Rajasthan, Jaipur-302004. His speciality is Physiology.
- 9. Dr. Bharti Bhandari (2016)**  
Assistant Professor, Department of Physiology, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Physiology.
- 10. Dr. Ramesh Bharti (2016)**  
Assistant Professor, Department of Conservative Dentistry & Endodontics Dental Faculty, King George's Medical University, Lucknow-226003. His speciality is Dental Surgery.
- 11. Dr. Kranti Bhavana (2016)**  
Assistant Professor, Department of Otorhinolaryngology, All India Institute of Medical Sciences, Patna. Her speciality is Otorhinolaryngology.
- 12. Dr. Akhilanand Chaurasia (2016)**  
Assistant Professor & Consultant, Department of Oral Medicine & Radiology, Faculty of Dental Sciences, King George's Medical University, Lucknow- 226003. His speciality is Dental Surgery.
- 13. Dr. Rameshwar Nath Chaurasia (2016)**  
Associate Professor, Department of Neurology, Institute of Medical Sciences, Banaras Hindu University, Varanasi-221005. His speciality is Neurology.
- 14. Dr. Prakruti Dash (2016)**  
Assistant Professor, Department of Biochemistry, All India Institute of Medical Sciences, Bhubaneswar-751019. Her speciality is

Biochemistry.

**15. Dr. Pinaki Ranjan Debnath (2016)**

Assistant Professor, Department of Paediatric Surgery, Lady Hardinge Medical College & Kalawati Saran Children's Hospital, Bhagat Singh Marg, New Delhi-110001. His speciality is Paediatric Surgery.

**16. Dr. Ashok Kumar Dubey (2016)**

Associate Professor, School of Medical Sciences and Research, Sharda University, Greater NOIDA. His speciality is Pharmacology.

**17. Dr. Preethi Sara George (2016)**

Associate Professor, Department of Biostatistics, Division of Cancer Epidemiology & Biostatistics, Regional Cancer Center, Thiruvananthapuram-695011. Her speciality is Clinical Epidemiology.

**18. Dr. Ujjala Ghoshal (2016)**

Additional Professor, Department of Microbiology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow-226014. Her speciality is Microbiology.

**19. Dr. Jatinder Singh Goraya (2016)**

Assistant Professor, Department of Paediatric Neurology, Dayanand Medical College and Hospital, Ludhiana-141001. His speciality is Paediatric Neurology.

**20. Dr. Amit Goyal (2016)**

Assistant Professor, Department of Otorhinolaryngology, All India Institute of Medical Sciences, Jodhpur-342005. His speciality is Otorhinolaryngology.

**21. Dr. Shyam Kumar Gupta (2016)**

Lecturer, Department of Surgery, Government Medical College, Jammu-180001. His speciality is Surgery.

- 22. Dr. Tulika Gupta (2016)**  
Assistant Professor, Department of Anatomy, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. Her speciality is Anatomy.
- 23. Dr. Vaibhav Kumar Jain (2016)**  
Assistant Professor, (Consultant, Ophthalmology and Glaucoma Services), Department of Ophthalmology, Uttar Pradesh Rural Institute of Medical Sciences and Research, Saifai, Etawah-206130. His speciality is Ophthalmology.
- 24. Dr. Pramila Kalra (2016)**  
Associate Professor, Department of Endocrinology, M.S. Ramaiah Medical College and Hospitals, Bengaluru-560054. Her speciality is Diabetology & Endocrinology.
- 25. Dr. Mala Kamboj (2016)**  
Senior Professor and Head, Department of Oral Pathology, Post Graduate Institute of Dental Sciences, Rohtak-124001. Her speciality is Dental Surgery.
- 26. Dr. Kanchan Kapoor (2016)**  
Professor, Department of Anatomy, Govt. Medical College & Hospital, Chandigarh-160036. Her speciality is Anatomy.
- 27. Dr. Aditi Kapur (2016)**  
Associate Professor, Unit of Paediatric Dentistry, Oral Health Sciences Center, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. Her speciality is Dental Surgery.
- 28. Dr. T. Karuna (2016)**  
Assistant Professor, Department of Microbiology, All India Institute of Medical Sciences, Bhopal-462024. Her speciality is Microbiology.

- 29. Dr. Sukhjot Kaur (2016)**  
Associate Professor, Department of Dermatology, Dayanand Medical College, Ludhiana-141001. Her speciality is Dermatology & Venereology.
- 30. Dr. Vishal Khurana (2016)**  
Associate Consultant, Gastroenterology and Hepatobiliary Sciences, Fortis Memorial and Research Institute, Sector-44, Gurgaon-122001. His speciality is Internal Medicine.
- 31. Dr. Kirthi Koushik A.S. (2016)**  
Associate Professor, Department of Radiotherapy, M.S. Ramaiah Medical College, MSRIT Post, Bangalore-560054, Karnataka. His speciality is Radiotherapy.
- 32. Dr. Sudeep Kumar (2016)**  
Assistant Professor, Department of Orthopaedics, All India Institute of Medical Sciences, Patna-801507. His speciality is Orthopaedic Surgery.
- 33. Dr. Virendra Kumar (2016)**  
Assistant Professor, Department of NMR and MRI Facility, All India Institute of Medical Sciences, New Delhi-110029. His speciality is Biophysics.
- 34. Dr. Eswarappa Mahesh (2016)**  
Professor and Head, Department of Nephrology, M.S. Ramaiah Medical College, Bangalore-560054. His speciality is Nephrology.
- 35. Dr. Baljeet Maini (2016)**  
Associate Professor, Department of Paediatrics, MMIMSR, MM University, Mullana, Ambala. His speciality is Paediatrics.
- 36. Dr. Rituparna Maiti (2016)**  
Associate Professor, Department of Pharmacology, All India Institute of Medical Sciences, Bhubaneswar-751019. His speciality is Pharmacology.

- 37. Dr. Gauranga Majumdar (2016)**  
Additional Professor, Department of CVTS, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow-226014. His speciality is Cardiovascular & Thoracic Surgery.
- 38. Dr. Bharti Mehta (2016)**  
Associate Professor, Department of Physiology, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Physiology.
- 39. Dr. Abhishek Mewara (2016)**  
Assistant Professor, Department of Medical Parasitology, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Microbiology.
- 40. Dr. Biswa Ranjan Mishra (2016)**  
Assistant Professor, Department of Psychiatry, All India Institute of Medical Sciences, Bhubaneswar-751019. His speciality is Psychiatry.
- 41. Dr. Kamla Prasad Mishra (2016)**  
Scientist D, Defence Institute of Physiology and Allied Sciences, Defence Research and Development Organisation, Ministry of Defence, Lucknow Road, Timarpur, Delhi-110054. His speciality is Immunohematology.
- 42. Dr. Kundan Mittal (2016)**  
Professor, Department of Paediatrics, Pt. B.D. Sharma Postgraduate Institute of Medical Sciences, Rohtak-124001. His speciality is Paediatrics.
- 43. Dr. Ashish Kumar Nayyar (2016)**  
Assistant Professor, Department of Anatomy, All India Institute of Medical Sciences, Jodhpur-342005. His speciality is Anatomy.

- 44. Dr. Balram Ji Omar (2016)**  
Associate Professor, Department of Microbiology, All India Institute of Medical Sciences, Rishikesh -249203. His speciality is Microbiology.
- 45. Dr. Arnab Pal (2016)**  
Associate Professor, Department of Biochemistry, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Biochemistry.
- 46. Dr. Priyankar Pal (2016)**  
Associate Professor, Department of Paediatrics, Institute of Child Health, Kolkata-700017. His speciality is Paediatrics.
- 47. Dr. Rishi Pal (2016)**  
Associate Professor, Department of Pharmacology and Therapeutics, King George's Medical University, Lucknow-226003. His speciality is Pharmacology.
- 48. Dr. Padmanabhan B (2016)**  
Additional Professor, Department of Biophysics, National Institute Mental Health and Neurosciences, Bangalore-560029. His speciality is Biophysics.
- 49. Dr. Puneet Pareek (2016)**  
Assistant Professor, Department of Radiotherapy, All India Institute of Medical Sciences, Jodhpur-342005. His speciality is Radiotherapy.
- 50. Dr. Susama Patra (2016)**  
Additional Professor, Department of Pathology, All India Institute of Medical Sciences, Bhubaneswar-751019, Odisha. Her speciality is Pathology.
- 51. Dr. Binod Kumar Patro (2016)**  
Associate Professor, Dept. of Community Medicine & Family Medicine, All India Institute of Medical Sciences, Bhubaneswar-751019. His speciality is Community Health/Community Medicine/Social & Preventive Medicine.

### ORATIONS

#### **Achanta Lakshmipathi Oration**

**Dr. Aleyamma Mathew, FAMS**

Professor & Head Division of Cancer Epidemiology & Bio-Statistics Regional Cancer Centre, Trivandrum-695011, Kerela

Title of the Oration

“Cancer in Women”

#### **Dr. V.R. Khanolkar Oration:**

**Dr. Debabrata Dash, FAMS**

Professor Department of Biochemistry, Institute of Medical Sciences, Banaras Hindu University, Varanasi-221005.

Title of the Oration

“Biomedical Applications of Nanomaterials: Diagnosis and Therapy of Thrombotic Disorders”

#### **Col. Sangham Lal Memorial Oration**

**Dr. Visweswar Bhattacharya, FAMS**

Former Professor & Head, Department of Plastic Surgery, Institute of Medical Sciences, Banaras Hindu University (BHU), Varanasi (Uttar Pradesh)

Title of the Oration

“Experimental and clinical evidence based rationality of incorporation of deep fascia in tissue transfer for reconstructive surgery”

**Dr. Baldev Singh Oration**

**Dr. Sanjeev V. Thomas, FAMS**

Professor of Neurology & Head  
R. Madhavan Nayar Centre for  
Comprehensive Epilepsy Care,  
Room 1409, Department  
of Neurology, Sree Chitra  
Tirunal Institute for Medical  
Sciences and Technology,  
Trivandrum-695011, Kerala

Title of the Oration

“Reproductive issues of women  
with Epilepsy”

**Dr. R.V. Rajam Oration**

**Dr. Rajesh Kumar, FAMS**

Professor of Community  
Medicine, Head, School of  
Public Health, Postgraduate  
Institute of Medical Education &  
Research, Chandigarh-160012

Title of the Oration

“Surveillance & Targeted Action  
to Prevent HIV/AIDS”

**Gen. Amir Chand Oration**

**Dr. O.P. Kalra, FAMS**

Vice Chancellor,  
Pt. B.D. Sharma University  
of Health Sciences,  
Rohtak-124001.

Title of the Oration

“Genetic Basis of Diabetic  
Nephropathy”

**Dr. S. Janaki Memorial Oration**

**Dr. Sheffali Gulati, MAMS**

Professor  
Chief, Child Neurology Division  
Department of Pediatricss  
All India Institute of Medical  
Sciences, New Delhi -110029.

Title of the Oration

“Neurodevelopmental Disorders:  
the Journey, the Dreams and  
their Realization”

**Dr. Pran Nath Chhuttani Oration**

**Dr. Kashi Nath Prasad, FAMS**

Professor  
Department of Microbiology  
Sanjay Gandhi Postgraduate  
Institute of Medical Sciences,  
Raebareli Road,  
Lucknow-226014.

Title of the Oration

“Neurocysticercosis Burden in  
Pig farming Community of North  
India”

**AWARDS**

**DR. S. S. Misra Memorial Award**

**Dr. Madhusudhan K. S.**

Assistant Professor,  
Department of Radiodiagnosis,  
All India Institute of Medical  
Sciences,  
Ansari Nagar, New Delhi-  
110029.

*Topic: “Role of Multi-Detector Computed Tomography  
Esophagography (MDCTE) in Patients with Esophageal Carcinoma”.*

**Dr. Vimla Virmani Award**

**Dr. Jagadisha Thirthalli**  
Professor,  
Department of Psychiatry,  
NIMHANS,  
Bangalore – 560029.

*Topic: “Prospective comparison of course of disability in antipsychotic-treated and untreated schizophrenia patients”*

**Dr. S.S. Sidhu Award**

**Dr. Ashok Kumar Jena**  
Department of Dental Surgery,  
AIIMS, Sijua, Patrapada,  
Bhubaneswar, India.

*Topic: “Long-Term Effect of Maxillary Distraction Osteogenesis (DO) on Nasal Index in Adult Patients with Cleft Lip and Palate Deformities”*

**Dr. Vinod Kumar Bhargava**

**Dr. Ganesh Venkatraman**  
Associate Professor,  
Department of Human  
Genetics, College of  
Biomedical Sciences  
Technology & Research  
Sri Ramachandra University,  
Porur, Chennai – 600116.

*Topic: “P21-activated Kinase 1 (Pak1) Signaling Influences Therapeutic Outcome in Pancreatic Cancer”*

## NAMS 2007 Amritsar Award

---

---

This award is given to an Awardee whose paper is adjudged the best outstanding by the panel at the time of presentation during the Annual Conference of the Academy. The paper which is adjudged the best becomes the property of the NAMS and will be published in the Annals of the Academy to encourage the younger people to make presentation of a high quality.

During NAMSCON-16 Annual Conference (21st – 23rd October, 2016) at Raipur, Chhattisgarh, this award was given to Dr. Madhusudhan K.S. as per detail given below:

### **“NAMS 2007 Amritsar Award”**

### **Dr. Madhusudhan K.S.**

Assistant Professor,  
Department of Radiodiagnosis,  
All India Institute of Medical  
Sciences,  
Ansari Nagar,  
New Delhi- 110029.

Topic: “Role of Multi-Detector Computed Tomography Esophagography (MDCTE) in Patients with Esophageal Carcinoma”.

## Prof. J.S. Bajaj Award

---

---

Prof. J.S. Bajaj Award for the best student performance during the CME Symposium on “Tobacco or Health: Make Better Choice” held on 21st October, 2016 was presented to two students, Mr. Shashi Shekhar Dubey and Mr. Sourabh Swaroop Verma, both students of MBBS 2nd year, All India Institute of Medical Sciences, Raipur by Dr. N.S. Laud, Chief Guest at the Convocation held on 22nd October, 2016 at AIIMS, Raipur.

## Meetings of the Council

During the year 2016, three meetings of the Council were held.

The first meeting was held on 17th July, 2016, the second meeting was held on 17th September, 2016 and the Special Meeting of the Council on 21st March, 2017, all in the premises of the National Academy of Medical Sciences (India) at NAMS House, New Delhi.

### ***Filling up of the vacancies of retiring Council Members – 2016:***

The following is the list of Members who retired during the year 2015 on completion of their tenure, and those who have been elected as Members of the Council:

Retired Members	Elected Members
1. Dr. P.K. Dave	Dr. Shiv K. Sarin
2. Dr. Yogesh Chawla	Dr. Rajeshwar Dayal
3. Dr. V. Mohan Kumar	Dr. Ravi Kant
4. Dr. Mira Rajani	Dr. Digambar Behera
5. Air Marshal (Retd.) Dr. Manjit Singh Boparai	Dr. Dr. Sanjeev V. Thomas

The Council placed on record its appreciation of the services rendered by the retiring Members.

### **Election of Fellows - 2016**

The Credential Committee considered 180 biomedical scientists for election to Fellowship; of these, 79 were new nominations (61 direct and 18 advancement) and 101 were carried forward nominations (65 direct and 36 advancement) for the year 2016. The Credential Committee recommended 26 Biomedical Scientists for the award of Fellowship. After going through the files containing the biodata of biomedical scientists recommended for election of Fellowship & Membership, the recommendations of the Credential Committee were approved by the

Council. They have since been balloted and elected as Fellows (except three) by the General Body of Fellows, as per procedure prescribed in the Rules.

The names of elected Fellows are given below:

**1. Dr. Amit Agarwal**

Professor, Department of Endocrine Surgery, Sanjay Gandhi Post Graduate Institute of Medical Sciences, Lucknow-226014. His speciality is Surgery.

**2. Dr. Shinjini Bhatnagar**

Dean, Clinical Research/Scientist in HAG + Professor & Head (Additional Charge), Pediatric Biology Centre, Coordinator Centre for Biodesign (Additional Charge), Translational Health Science & Technology Institute, (An Autonomous Institute of Department of Biotechnology, Ministry of Science & Technology, Govt. of India), NCR Biotech Science Cluster, 3rd Milestone, Faridabad-Gurgaon Expressway, Post Box #04, Faridabad-121001. Her speciality is Research (Clinical Research in Child Health).

**3. Dr. Subho Chakrabarti**

Professor, Department of Psychiatry, Postgraduate Institute of Medical Education & Research, Chandigarh-160012. His speciality is Psychiatry.

**4. Dr. Kishore Kumar Deepak**

Professor & Head, Department of Physiology, All India Institute of Medical Sciences, Ansari Nagar, New Delhi. His speciality is Physiology.

**5. Dr. Aparajit Ballav Dey**

Professor & Head, Department of Geriatric Medicine, All India Institute of Medical Sciences, Ansari Nagar, New Delhi-110029. His speciality is Internal Medicine.

- 6. Dr. Ajay Kumar Duseja**  
Additional Professor, Department of Hepatology, Postgraduate Institute of Medical Education and Research, Chandigarh. His speciality is Gastroenterology.
- 7. Dr. Shivinder Singh Gill**  
Vice-Chancellor, Baba Farid University of Health Sciences, Faridkot, Punjab. His speciality is Orthopaedic Surgery.
- 8. Dr. Ashima Goyal**  
Professor, Unit of Pedodontics & Preventive Dentistry, Oral Health Sciences Center, Postgraduate Institute of Medical Education & Research, Chandigarh. Her speciality is Dental Surgery.
- 9. Dr. Sheffali Gulati**  
Professor, Chief, Child Neurology Division, Department of Paediatrics, All India Institute of Medical Sciences, Ansari Nagar, New Delhi-110029. Her speciality is Paediatrics.
- 10. Dr. Nandita Gupta**  
Professor, Department of Endocrinology and Metabolism, All India Institute of Medical Sciences, Ansari Nagar, New Delhi-110029. Her speciality is Immunoassay Development & Techniques.
- 11. Dr. Siddhartha Datta Gupta**  
Professor, Department of Pathology, All India Institute of Medical Sciences, Ansari Nagar, New Delhi-110029. His speciality is Pathology.
- 12. Dr. Sunil Kumar Gupta**  
Professor & Head, Department of Neurosurgery, Postgraduate Institute of Medical Education & Research, Chandigarh. His speciality is Neurosurgery.

- 13. Dr. Sanjeev Handa**  
Professor & Head, Dept. of Dermatology, Venereology & Leprology, Postgraduate Institute of Medical Education & Research, Chandigarh. His speciality is Dermatology & Venereology.
- 14. Dr. R. Hemalatha**  
Scientist F (Sr. Deputy Director) & Head, Clinical Division & Microbiology Division, National Institute of Nutrition, Indian Council of Medical Research, Jamai-Osmania (PO), Hyderabad. Her speciality is Nutrition.
- 15. Dr. Satish Vasant Khadilkar**  
Professor & Head, Department of Neurology, Grant Medical College & JJ Hospital, Byculla, 4th Floor, Main Building, Mumbai. His speciality is Neurology.
- 16. Dr. Anuradha Khanna**  
Professor of Obstetrics & Gynecology, Institute of Medical Sciences, Banaras Hindu University, Varanasi-221005. Her speciality is Obstetrics & Gynaecology.
- 17. Dr. Gopal Nath**  
Professor, Department of Microbiology, Institute of Medical Sciences, Banaras Hindu University, Varanasi. His speciality is Microbiology.
- 18. Dr. Satyavati Rana**  
Professor, Department of Gastroenterology, Postgraduate Institute of Medical Education & Research, Chandigarh-160012. Her speciality is Biochemistry.
- 19. Dr. Pundi Narasimhan**  
Professor, Department of Biochemistry, Indian Institute of Science, Bangalore. His speciality is Biotechnology.
- 20. Dr. Tara Sankar Roy**  
Professor & Head, Department of Anatomy, All India Institute of Medical Sciences, New Delhi. His speciality is Anatomy.

- 21. Dr. Sandeep Saxena**  
Senior Professor (Retina Vitreous), Department of Ophthalmology, King George's Medical University, Lucknow. His speciality is Ophthalmology.
- 22. Dr. Surender Singh**  
Additional Professor, Department of Pharmacology, All India Institute of Medical Sciences, Ansari Nagar, New Delhi-110029. His speciality is Pharmacology.
- 23. Dr. Kavumpurathu Raman Thankappan**  
Professor & Head, Achutha Menon Centre for Health Science Studies, Sree Chitra Tirunal Institute for Medical Sciences & Technology, Trivandrum. His speciality is Community Health/Community Medicine/Social and Preventive Medicine.
- 24. Dr. Anjan Trikha**  
Professor, Department of Anaesthesiology, Pain Medicine and Critical Care, All India Institute of Medical Sciences, New Delhi. His speciality is Anaesthesiology.
- 25. Dr. Saurabh Varshney**  
Sub Dean (Academics), Professor & Head, Department of E.N.T., All India Institute of Medical Sciences, Rishikesh. His speciality is Otorhinolaryngology.
- 26. Dr. Subodh Varshney**  
Professor & Head, Department of Surgical Gastroenterology, Bhopal Memorial Hospital & Research Centre, Karnal Raisen Bypass Road, Bhopal-462038. His speciality is Gastrointestinal Surgery.

## Election of Members – 2016

The total number of candidates considered for election to Membership was 144 (out of which 91 were new nominations and 53 were carried forward nominations). The Credential Committee recommended 129 candidates and these were approved by the Council. They have since been balloted and elected as Members by the General Body of Fellows, as per procedure prescribed in the Rules.

The names of elected Members are given below:

- 1. Dr. MD Iqbal Alam**  
Associate Professor of Physiology, Department of Paramedical Sciences, Hamdard Institute of Medical Sciences & Research, Jamia Hamdard, New Delhi. His speciality is Physiology.
- 2. Dr. Dipti Agarwal**  
Assistant Professor, Department of Paediatrics, Sarojini Naidu Medical College, Agra-282002. Her speciality is Paediatrics.
- 3. Dr. Neeraj Agrawal**  
Associate Professor, Peoples Dental Academy, Bhanpur, Bhopal-462037. His speciality is Dental Surgery.
- 4. Dr. Prabhat Kumar Agrawal**  
Associate Professor, P.G. Department of Medicine, S.N. Medical College, Agra- 282002. His speciality is Internal Medicine.
- 5. Dr. Sneha R Ambwani**  
Professor and Head, Department of Pharmacology, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Pharmacology.
- 6. Dr. Bhupinder Kaur Anand**  
Professor, Department of Community Medicine, Career Institute of Medical Sciences and Hospital, Ghaila, Lucknow-226020. His speciality is Community Health/Community Medicine/S.P.M.

- 7. Dr. Abdul Salam Ansari**  
Associate Professor, Reproductive Health Laboratory, Centre for Advanced Studies, Department of Zoology, University of Rajasthan, Jaipur-302004. His speciality is Physiology.
- 8. Dr. Deeksha Arya**  
Associate Professor, Department of Prosthodontics, Dental Faculty, KG Medical University (former K.G. Medical College), Lucknow – 226003. Her speciality is Dental Surgery.
- 9. Dr. Mithu Banerjee**  
Senior Adviser, Department of Pathology, Command Hospital, Northern Command, Udhampur-182101. His speciality is Biochemistry.
- 10. Dr. Shyam Baboo Bansal**  
Associate Professor, Department of Community Medicine, M.G.M. Medical College, Indore-452001. His speciality is Community Health/Community Medicine/Social & Preventive Medicine.
- 11. Dr. Shalu Chandna Bathla**  
Professor, Department of Periodontics & Oral Implantology, M.M. College of Dental Sciences & Research, Mullana, Ambala-133203. His speciality is Dental Surgery.
- 12. Dr. Prerna Batra**  
Associate Professor, Department of Pediatrics, University College of Medical Sciences and Guru Teg Bahadur Hospital, Delhi-110095. Her speciality is Paediatrics.
- 13. Dr. Bharti Bhandari**  
Assistant Professor, Department of Physiology, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Physiology.

- 14. Dr. Ramesh Bharti**  
Assistant Professor, Department of Conservative Dentistry & Endodontics Dental Faculty, King George's Medical University, Lucknow-226003. His speciality is Dental Surgery.
- 15. Dr. Kranti Bhavana**  
Assistant Professor, Department of Otorhinolaryngology, All India Institute of Medical Sciences, Patna. His speciality is Otorhinolaryngology.
- 16. Dr. Milind Vishnu Bhutkar**  
Professor and HOD, Department of Physiology, Vinayaka Missions K V Medical College, Salem, Tamilnadu – 636308. His speciality is Physiology.
- 17. Dr. Shrijeet Chakraborti**  
Associate Professor, Department of Pathology, Kasturba Medical College, Mangalore-575001. His speciality is Pathology.
- 18. Dr. Chandrashish Chakravarty**  
Consultant, Department of Critical Care, Apollo Gleneagles Hospital, Kolkata-700091. His speciality is Anaesthesiology.
- 19. Dr. Jaydip Ray Chaudhuri**  
Consultant & Head, Department of Neurology, Yashoda Hospital, 137 Gunrock Enclave, Transport Road, Secundrabad-500009 (Telangana). His speciality is Neurology.
- 20. Dr. Akhilanand Chaurasia**  
Assistant Professor & Consultant, Department of Oral Medicine & Radiology, Faculty of Dental Sciences, King George's Medical University, Lucknow- 226003. His speciality is Dental Surgery.
- 21. Dr. Rameshwar Nath Chaurasia**  
Associate Professor, Department of Neurology, Institute of Medical Sciences, Banaras Hindu University, Varanasi-221005. His speciality is Neurology.

- 22. Dr. Shuchi Consul**  
Assistant Professor, Department of Obstetrics and Gynaecology, Era's Lucknow Medical College & Hospital, Lucknow-226003 UP. Her speciality is Obstetrics & Gynaecology.
- 23. Dr. Prakruti Dash**  
Assistant Professor, Department of Biochemistry, All India Institute of Medical Sciences, Bhubaneswar-751019. Her speciality is Biochemistry.
- 24. Dr. Pinaki Ranjan Debnath**  
Assistant Professor, Department of Paediatric Surgery, Lady Hardinge Medical College & Kalawati Saran Children's Hospital, Bhagat Singh Marg, New Delhi-110001. His speciality is Paediatric Surgery.
- 25. Dr. Ashish Dhir**  
Assistant Professor and DBT Ramalingaswami Fellow, Institute of R&D, Gujarat Forensic Science University, Gandhinagar, Gujarat-382007. His speciality is Pharmacology.
- 26. Dr. Ashok Kumar Dubey**  
Associate Professor, School of Medical Sciences and Research, Sharda University, Greater NOIDA. His speciality is Pharmacology.
- 27. Dr. Ravinder Garg**  
Associate Professor, Department of Medicine, G.G.S. Medical College, Faridkot – 151203. His speciality is Internal Medicine.
- 28. Dr. Sandeep Garg**  
Professor, Department of Medicine, R.No. 120 Ist Floor, B.L. Taneja Block, Maulana Azad Medical College, New Delhi-110002. His speciality is Internal Medicine.
- 29. Dr. Shalini Garg**  
Professor, Department of Paediatric and Preventive Dentistry, M.M.

College of Dental Sciences and Research M.M. University, Mullana, Ambala, Haryana-133207. Her speciality is Dental Surgery.

**30. Dr. Preethi Sara George**

Associate Professor, Department of Biostatistics, Division of Cancer Epidemiology & Biostatistics, Regional Cancer Center, Thiruvananthapuram-695011. Her speciality is Clinical Epidemiology.

**31. Dr. Jyoti S. Ghongdemath**

Assistant Professor, Department of Obstetrics and Gynaecology, S.N. Medical College, Bagalkot-587102. Her speciality is Obstetrics & Gynaecology.

**32. Dr. Ujjala Ghoshal**

Additional Professor, Department of Microbiology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow-226014. Her speciality is Microbiology.

**33. Dr. Srinivas Gopala**

Scientist E, Department of Biochemistry, Sree Chitra Tirunal Institute for Medical Sciences and Technology, Thiruvananthapuram-695011, Kerala. His speciality is Biochemistry.

**34. Dr. Jatinder Singh Goraya**

Assistant Professor, Department of Paediatric Neurology, Dayanand Medical College and Hospital, Ludhiana-141001. His speciality is Paediatric Neurology.

**35. Dr. Amit Goyal**

Assistant Professor, Department of Otorhinolaryngology, All India Institute of Medical Sciences, Jodhpur-342005. His speciality is Otorhinolaryngology.

**36. Dr. Jagdish Prasad Goyal**

Assistant Professor, Department of Paediatrics, All India Institute of Medical Sciences, Rishikesh-249201. His speciality is Paediatrics.

- 37. Dr. Kamlesh K. Gulia**  
Scientist D (Neurophysiologist), Sleep Disorders Research Lab, Biomedical Technology Wing, Sree Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum-695012, Kerala. His speciality is Physiology.
- 38. Dr. Monica Gupta**  
Associate Professor, Department of Medicine, G.M.C.H., Chandigarh-160030. Her speciality is Internal Medicine.
- 39. Dr. Nidhi Gupta**  
Professor and Head, Department of Public Health Dentistry, Swami Devi Dyal Dental Hospital & Dental College, Barwala, Panchkula-134118. Her speciality is Dental Surgery.
- 40. Dr. Renu Gupta**  
Assistant Professor, Department of Anatomy, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Anatomy.
- 41. Dr. Shyam Kumar Gupta**  
Lecturer, Department of Surgery, Government Medical College, Jammu-180001. His speciality is Surgery.
- 42. Dr. Tulika Gupta (2016)**  
Assistant Professor, Department of Anatomy, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. Her speciality is Anatomy.
- 43. Dr. Seema Jain**  
Assistant Professor, Department of Pharmacology, University College of Medical Sciences, Delhi. Her speciality is Pharmacology.
- 44. Dr. Vaibhav Kumar Jain**  
Assistant Professor, (Consultant, Ophthalmology and Glaucoma Services), Department of Ophthalmology, Uttar Pradesh Rural Institute of Medical Sciences and Research, Saifai, Etawah-206130. His speciality is Ophthalmology.

- 45. Dr. Pramila Kalra**  
Associate Professor, Department of Endocrinology, M.S. Ramaiah Medical College and Hospitals, Bengaluru-560054. Her speciality is Diabetology & Endocrinology.
- 46. Dr. Mala Kamboj**  
Senior Professor and Head, Department of Oral Pathology, Post Graduate Institute of Dental Sciences, Rohtak-124001. Her speciality is Dental Surgery.
- 47. Dr. Kanagavel Manickavasagam**  
Senior Consultant and Faculty, Department of General, GI and Minimal Access Surgery, St. Isabel Hospital, Chennai-600004 & Founder Consultant, Hari Centre for Gastrointestinal Disorders and ADONIS Bariatric and Metabolic Surgery Centre, Adyar, Chennai-600020. His speciality is Gastrointestinal Surgery.
- 48. Dr. Kanchan Kapoor**  
Professor, Department of Anatomy, Govt. Medical College & Hospital, Chandigarh-160036. Her speciality is Anatomy.
- 49. Dr. Aditi Kapur**  
Associate Professor, Unit of Paediatric Dentistry, Oral Health Sciences Center, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. Her speciality is Dental Surgery.
- 50. Dr. T. Karuna**  
Assistant Professor, Department of Microbiology, All India Institute of Medical Sciences, Bhopal-462024. Her speciality is Microbiology.
- 51. Dr. Sukhjot Kaur**  
Associate Professor, Department of Dermatology, Dayanand Medical College, Ludhiana-141001. Her speciality is Dermatology & Venereology.

- 52. Lt. Col. Jaya Kaushik**  
Classified Specialist & Assistant Professor (Ophthalmology & Anterior Segment Microsurgeon), Command Hospital (WC), Chandimandir Cantt, Panchkula-134107. Her speciality is Ophthalmology.
- 53. Dr. Vishal Khurana**  
Associate Consultant, Gastroenterology and Hepatobiliary Sciences, Fortis Memorial and Research Institute, Sector-44, Gurgaon-122001. His speciality is Internal Medicine.
- 54. Dr. Kirthi Koushik A.S.**  
Associate Professor, Department of Radiotherapy, M.S. Ramaiah Medical College, MSRIT Post, Bangalore-560054, Karnataka. His speciality is Radiotherapy.
- 55. Dr. Girish Baburao Kulkarni**  
Additional Professor, Department of Neurology, National Institute of Mental Health and Neurosciences, Hosur Road, Bangalore-560029. His speciality is Neurology.
- 56. Dr. Sudeep Kumar**  
Assistant Professor, Department of Orthopaedics, All India Institute of Medical Sciences, Patna-801507. His speciality is Orthopaedic Surgery.
- 57. Dr. Virendra Kumar**  
Assistant Professor, Department of NMR and MRI Facility, All India Institute of Medical Sciences, New Delhi-110029. His speciality is Biophysics.
- 58. Dr. M. Sendhil Kumaran**  
Associate Professor, Department of Dermatology, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Dermatology & Venereology.

- 59. Dr. Sandeep Kundra**  
Associate Professor, Department of Anaesthesiology, Dayanand Medical College and Hospital, Ludhiana-141001. His speciality is Anaesthesiology.
- 60. Dr. Rahul Mahajan**  
Assistant Professor, Department of Dermatology, Venereology & Leprology, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Dermatology & Venereology.
- 61. Dr. Eswarappa Mahesh**  
Professor and Head, Department of Nephrology, M.S. Ramaiah Medical College, Bengaluru-560054. His speciality is Nephrology.
- 62. Dr. Baljeet Maini**  
Associate Professor, Department of Paediatrics, MMIMSR, MM University Mullana, Ambala. His speciality is Paediatrics.
- 63. Dr. Rituparna Maiti**  
Associate Professor, Department of Pharmacology, All India Institute of Medical Sciences, Bhubaneswar-751019. His speciality is Pharmacology.
- 64. Dr. Gauranga Majumdar**  
Additional Professor, Department of CVTS, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow-226014. His speciality is Cardiovascular & Thoracic Surgery.
- 65. Dr. Bharti Mehta**  
Associate Professor, Department of Physiology, All India Institute of Medical Sciences, Jodhpur-342005. Her speciality is Physiology.
- 66. Dr. Abhishek Mewara**  
Assistant Professor, Department of Medical Parasitology, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Microbiology.

- 67. Dr. Biswa Ranjan Mishra**  
Assistant Professor, Department of Psychiatry, All India Institute of Medical Sciences, Bhubaneswar-751019. His speciality is Psychiatry.
- 68. Dr. Kamla Prasad Mishra**  
Scientist D, Defence Institute of Physiology and Allied Sciences, Defence Research and Development Organisation, Ministry of Defence, Lucknow Road, Timarpur, Delhi-110054. His speciality is Immunohematology.
- 69. Dr. Kundan Mittal**  
Professor, Department of Paediatrics, Pt. B.D. Sharma Postgraduate Institute of Medical Sciences, Rohtak-124001. His speciality is Paediatrics.
- 70. Dr. Sarita Mohapatra**  
Assistant Professor, Department of Microbiology, All India Institute of Medical Sciences, Ansari Nagar, New Delhi-110029. Her speciality is Microbiology.
- 71. Dr. S. Muralinath**  
Consultant Paediatric Radiologist, Kanchi Kamakoti Childs Trust Hospital, Chennai. His speciality is Radiodiagnosis.
- 72. Dr. Tarun Narang**  
Assistant Professor, Department of Dermatology, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Dermatology & Venereology.
- 73. Dr. Ruchika Roongta**  
Associate Professor, Maulana Azad Institute of Dental Sciences, Bahadur Shah Zafar Marg, New Delhi-110002. Her speciality is Dental Surgery.

- 74. Dr. Ashish Kumar Nayyar**  
Assistant Professor, Department of Anatomy, All India Institute of Medical Sciences, Jodhpur-342005. His speciality is Anatomy.
- 75. Dr. Balram Ji Omar**  
Associate Professor, Department of Microbiology, All India Institute of Medical Sciences, Rishikesh -249203. His speciality is Microbiology.
- 76. Dr. Rabindranath Padhy**  
Professor and Head, CSIR Emeritus Scientists, Central Research Laboratory, IMS and Sum Hospital, Siksha 'O' Anusandhan University, K-8, Kalinga Nagar, Bhubaneswar-751003. His speciality is Microbiology.
- 77. Dr. Arnab Pal**  
Associate Professor, Department of Biochemistry, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Biochemistry.
- 78. Dr. Priyankar Pal**  
Associate Professor, Department of Paediatrics, Institute of Child Health, Kolkata-700017. His speciality is Paediatrics.
- 79. Dr. Rishi Pal**  
Associate Professor, Department of Pharmacology and Therapeutics, King George's Medical University, Lucknow-226003. His speciality is Pharmacology.
- 80. Dr. Padmanabhan B**  
Additional Professor, Department of Biophysics, National Institute Mental Health and Neurosciences, Bangalore-560029. His speciality is Biophysics.

- 81. Dr. Manoj Pandey**  
Director, Bhopal Memorial Hospital and Research Center, Raisen Bypass Road, Karond, Bhopal-462038. His speciality is Surgical Oncology.
- 82. Dr. Sanjay Pandey**  
Associate Professor, Department of Community Medicine, All India Institute of Medical Sciences, Phulwarisharif, Patna-801507. His speciality is Community Medicine.
- 83. Dr. Puneet Pareek**  
Assistant Professor, Department of Radiotherapy, All India Institute of Medical Sciences, Jodhpur-342005. His speciality is Radiotherapy.
- 84. Dr. Sudeep Pathak**  
Working at Narmada Emergency & Trauma Centre, Bhopal in the ICU and Department of Emergency Medicine. His speciality is Internal Medicine.
- 85. Dr. Susama Patra**  
Additional Professor, Department of Pathology, All India Institute of Medical Sciences, Bhubaneswar-751019, Odisha. Her speciality is Pathology.
- 86. Dr. Binod Kumar Patro**  
Associate Professor, Dept. of Community Medicine & Family Medicine, All India Institute of Medical Sciences, Bhubaneswar-751019. His speciality is Community Health/Community Medicine/Social & Preventive Medicine.
- 87. Dr. Sundar Periyavan**  
Head Professor, Department of Transfusion Medicine, National Institute of Mental Health & Neurosciences, Bengaluru-560029. His speciality is Transfusion Medicine.

- 88. Dr. Sharad Prabhakar**  
Associate Professor, Department of Orthopaedics, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Orthopaedic Surgery.
- 89. Dr. Ved Prakash**  
Deputy Medical Superintendent, GM & Associated Hospitals, King George's Medical University, Lucknow -226003. His speciality is Respiratory Medicine.
- 90. Dr. Neerja Puri**  
Consultant Dermatologist, Punjab Health Systems Corporations, H.No. 84, Officers Colony, Ferozepur, Punjab-152002. Her speciality is Dermatology & Venereology.
- 91. Dr. Shashank Purwar**  
Associate Professor, Department of Microbiology, All India Institute of Medical Sciences, Saket Nagar, Bhopal-462020. His speciality is Microbiology.
- 92. Dr. Deependra Kumar Rai**  
Assistant Professor and Head, All India Institute of Medical Sciences, Phulwarisharif, Patna-801507. His speciality is Respiratory Medicine.
- 93. Dr. Tapas Kumar Sabui (2016)**  
Professor & HOD, Department of Paediatrics, Medical College Kolkata, 88, College Street, Sishuniwas, CB-UP, Kolkata-700073. His speciality is Paediatrics.
- 94. Dr. Abhijeet Saha**  
Professor, Department of Paediatrics, Postgraduate Institute of Medical Education and Research, Dr. RML Hospital, Baba Kharak Singh Marg, New Delhi-110001. His speciality is Paediatrics.

- 95. Dr. Ashis Kumar Saha**  
Associate Professor, Department of Internal Medicine, K.P.C. Medical College and Hospital, 1 f, Raja S.C. Mullick Road, Jadavpur, Kolkata-700032. His speciality is Internal Medicine.
- 96. Dr. Pushp Lata Sankhwar**  
Associate Professor, Department of Obstetrics & Gynaecology, King George's Medical University, Lucknow-226003. Her speciality is Obstetrics & Gynaecology.
- 97. Dr. Naveen Sankhyan**  
Assistant Professor, Department of Paediatrics, APC, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. His speciality is Paediatrics.
- 98. Dr. Mona Sharma**  
Assistant Professor, Department of Reproductive Biology, 2nd Floor, Academic Building, All India Institute of Medical Sciences, New Delhi-110029. Her speciality is Anatomy.
- 99. Dr. Richa Sharma**  
Assistant Professor, Department of Obstetrics and Gynaecology, UCMS and GTB Hospital, Delhi-110095. Her speciality is Obstetrics & Gynaecology.
- 100. Dr. Anita Narendra**  
Professor and Anaesthesia In Charge, Neurosurgery OT, Department of Anaesthesia, Seth G.S. Medical College and KEM Hospital, Parel, Mumbai-400012. Her speciality is Anaesthesiology.
- 101. Dr. Shrimathi Dharmapal Shetty**  
Scientist E, National Institute of Immunohematology (ICMR), 13th Floor, KEM Hospital, Parel, Mumbai-400012. Her speciality is Immunohematology.

**102. Dr. Alpana Singh**

**112. Dr. Sujata Siwach**

Assistant Professor, Department of Obstetrics and Gynaecology, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. Her speciality is Obstetrics & Gynaecology.

**113. Dr. Saurabh Srivastava**

Professor, Department of Medicine, School of Medical Sciences and Research, Sharda University, Greater NOIDA – 201308. His speciality is Internal Medicine.

**114. Dr. Tapasya Srivastava**

Assistant Professor, Department of Genetics, University of Delhi, South Campus, Benito Suarez Road, New Delhi-110021. Her speciality is Molecular Medicine.

**115. Dr. Manjit Talwar**

Associate Professor Oral Health Centre Government Medical College & Hospital, Sector 32, Chandigarh-160030. His speciality is Dental Surgery.

**116. Dr. Raghu Sudarshan Thota**

Associate Professor, Department of Anaesthesiology, Tata Memorial Center, Tata Memorial Hospital and ACTREC, Parel,

Mumbai-400012. His speciality is Anaesthesiology.

**117. Dr. Rajnarayan Ramshankar Tiwari**

Scientist E, Occupational Medicine Division, National Institute of Occupational Health, Meghani Nagar, Ahmedabad. His speciality is Occupational & Environmental Health.

**118. Dr. Amita Trehan**

Additional Professor, Paediatric Hematology Oncology Unit, Postgraduate Institute of Medical Education and Research, Chandigarh-160012. Her speciality is Paediatrics.

**119. Dr. Shuchi Tripathi**

Assistant Professor, Prosthodontics Department, Dental Faculty, King George's Medical University, Lucknow-226003. Her speciality is Dental Surgery.

**120. Dr. Vaishali Upadhyaya**

Consultant Radiologist and DNB Teacher, Vivekanand Polyclinic and Institute of Medical Sciences, Lucknow-226021. Her speciality is Radiodiagnosis.

**121. Dr. B. Usha**

Professor of Microbiology, Department of Microbiology, Annapoorana Medical College and Hospital, Salem-636308. Her speciality is Microbiology.

**122. Dr. Ajay Kumar Verma**

Assistant Professor, Department of Pulmonary Medicine, K.G. Medical University, Lucknow-226003. His speciality is Respiratory Medicine.

**123. Dr. Amit Kumar Verma**

Lecturer/Assistant Professor in TB & Chest, University College of Medical Science, Dilshad Garden, Delhi-110095. His speciality is Respiratory Medicine.

**124. Dr. Promila Verma**

Professor, Department of Conservative Dentistry, Faculty of Dental Sciences, King George's Medical University, Lucknow-226003. Her speciality is Dental Surgery.

**125. Dr. Wahajuddin**

Senior Scientist, Lab PCN 106, Division of Pharmacokinetics and Metabolism, CSIR Central Drug Research Institute, Jankipuram Ext., Sitapur Road, Lucknow-226031. His speciality is Pharmacology.

**126. Dr. Bhaurao Bhimrao Yadav**

Associate Professor & Head of Unit, Department of Obstetrics and Gynaecology, Government Medical College, Latur-413512. His speciality is Obstetrics & Gynaecology.

**127. Dr. Harlokesh Narayan Yadav**

Associate Professor and Head, Department of Pharmacology, Institute of Pharmaceutical Research, GLA University, 17 KM Stone, NH-2, Mathura-Delhi Road, P.O. Chaumuhan, Mathura-281406. His speciality is Pharmacology.

**128. Dr. Poonam Yadav**

Assistant Professor, Department of Obstetrics and Gynaecology, S.N. Medical College, Agra. Her speciality is Obstetrics & Gynaecology.

**129. Dr. Yogesh Chand Yadav**

Associate Professor, Department of Pharmacology, Sumandeep Vidyapeeth University, Piparia, Vadodra – 391760. His speciality is Pharmacology.

## MNAMS

---

Membership of the Academy under Regulation V – The candidates who have passed the examination conducted by the National Board of Examinations and have been duly proposed for Membership (MNAMS). Regulation V provides as under:-

“Those candidates who pass the examination conducted by the National Board of Examinations will individually submit an application for admission as Member of the National Academy of Medical Sciences, duly proposed by at least one Fellow of the Academy certifying the character and conduct of the candidates. Subject to the approval of the Council of the National Academy of Medical Sciences, the candidate will be admitted as Member after paying one time Life Subscription fee of Rs. 7,000/- (inclusive of admission fee of Rs. 1000/-) as may be determined from time to time, and after executing the Bond of Obligation.”

Accordingly, the application forms were issued by the Academy to the candidates on their request.

The following candidates who applied for Membership (MNAMS) of the Academy under the above category and who were duly proposed by at least one Fellow as stipulated under Regulation V, were placed before the Council for consideration at its meetings held on 17th July, 2016 and 17th September, 2016. The Council approved the same.

### **Names approved at the Council meeting held on 17<sup>th</sup> July, 2016**

## Nominations of Medical Scientists for Orations and Awards – 2016-17

---

On the basis of the recommendations of the Orations & Awards Committee, the Council had approved the award of Orations and Awards for the year 2016-17 to the following scientists:

### ORATIONS

**Achanta Lakshmipathi**  
Oration :

Title of the Oration

**Dr. Sunita Saxena, FAMS**  
Director,  
National Institute of Pathology-  
ICMR,  
Safdarjang Hospital Campus,  
Post Box No.4909,  
New Delhi – 110029.

“Breast Cancer in Indian  
Women-Genetic Risk Factors  
and Predictive Biomarkers”

**Col. Sangham Lal Memorial**  
Oration :

Title of the Oration

**Dr. Anil K. Jain, FAMS**  
Director Professor and Head,  
Department of Orthopaedics,  
University College of Medical  
Sciences & GTB Hospital,  
Delhi-110095.

“Spinal TB: Impact of Research  
Evidence on Clinical Practice”.

**Dr. Baldev Singh Oration:**

**Dr. Usha Kant Misra, FAMS**

Professor & Head,  
Department of Neurology,  
SGPGIMS., Lucknow.

Title of the Oration

“Clinical and Experimental  
Studies in Japanese  
Encephalitis: Lessons Learnt”

**Dr. R.V. Rajam Oration:**

**Dr. Premashis Kar, FAMS**

Director and Head,  
Department of Gastroenterology  
& Hepatology, Max Super  
Specialty Hospital, Vaishali,  
B001, Pragiyotishpur  
Apartments, Sector –X, Plot  
No.7, Dwarka,  
New Delhi – 110075.

Title of the Oration

“HEV-related Liver Disease  
in India: Why is the Disease  
Stormy?”

**Dr. Pran Nath Chhuttani  
Oration :**

**Dr. Shantanu Kumar Kar, FAMS**

Director (Research),  
Medical and Life Sciences,  
Institute of Medical Sciences &  
SUM Hospital,  
Siksha ‘O’Anusandhan University,  
K-8, Kalinga Nagar, Ghatikia,  
Bhubaneswar – 751003, Odisha.

Title of the Oration

“New Perspective of Lymphatic  
Filariasis : Towards Elimination”

**Dr. J.G. Jolly Oration :**

**Col (Dr.) Devendra Arora**  
Professor & HOD,  
Department of Obst &  
Gynaecology,  
Command Hospital (SC),  
Pune – 411040, (Maharashtra).

Title of the Oration

“Fetal Blood Transfusion: The Saviour”

**Academy Oration :**

**Dr. Arvind Bagga, FAMS**  
Professor,  
Department of Pediatrics,  
All India Institute of Medical  
Sciences,  
Ansari Nagar, New Delhi-110029.

Title of the Oration

“Therapies for Glomerular Diseases in Children”

## AWARDS

**Shyam Lal Saxena  
Memorial Award :**

**Dr. Jyotsna Kailashiya**  
Assistant Professor,  
Department of Biochemistry,  
Institute of Medical Sciences,  
Banaras Hindu University,  
Varanasi (Uttar Pradesh).

Topic : *“Graphene Oxide-based Biosensor for Detection of Platelet-derived Microparticles: A Potential Tool for Thrombus Risk Identification”*.

**Dr. Arthur  
Saravanmuthu  
Thambiah Award :**

**Dr. Chandan J Das**  
Associate Professor  
Professor,  
Department of Radiodiagnosis,  
All India Institute of Medical  
Sciences, New Delhi – 10029.

Topic : *“Ulnar Nerve Sonography in Leprosy Related Ulnar Neuropathy Along with Electrophysiological Correlation”*

**Dr. S.S. Sidhu Award :**

**Dr. Vinay K Chugh**  
Associate Professor,  
Department of Dentistry All India  
Institute of Medical Sciences  
(AIIMS), Basni Phase 2,  
Jodhpur (Rajasthan).

Topic : *“Effect of Light-Curable Fluoride Varnish on Enamel Demineralization Adjacent to Orthodontic Brackets: An in-vivo Study”*

**Dr. Vinod Kumar Bhargava**  
**Award :**

**Dr. K H Reeta**  
Professor,  
Department of Pharmacology,  
All India Institute of Medical  
Sciences (AIIMS), Ansari Nagar,  
New Delhi – 110029

*Topic: “Edaravone Attenuates Intracerebroventricular Streptozotocin-induced Cognitive Impairment in Rats”*

**Dr. Satya Gupta Award :**

**Dr. Girish Chandra Bhatt**  
Assistant Professor,  
Department of Pediatrics,  
All India Institute of Medical  
Sciences (AIIMS),  
Bhopal – 462024, (M.P.).

*Topic : “Obstructive Sleep Apnea In Pediatric Age Group Is Linked to Poor Scholastic Performance & Nocturnal Enuresis: A Community Based Study in School Children of Central India”.*

## **Golden Jubilee Commemoration Award Lecture**

---

On the recommendations of the Credentials Committee and with the approval of the Council, the youngest biomedical scientists elected as a Fellows during the year is invited to deliver Golden Jubilee Commemoration Award Lecture at the Annual Conference of the Academy.

Dr. Jugal Kishore, FAMS, Professor and Head, Department of Community Medicine, Vardhman Mahavir Medical College, was the youngest biomedical scientist elected as a Fellow during the year 2015. He delivered the **Golden Jubilee Commemoration Lecture** in the Annual Conference at All India Institute of Medical Sciences, **Raipur, Chhattisgarh on 23rd October, 2016**. The Topic of his Lecture was **“Essential Skills in Postgraduate Medical Curriculum of Community Medicine”**.

## **Lifetime Achievement Award**

---

The Council in its meeting held on 17th July, 2016 approved the conferment of Lifetime Achievement Award under Rule 34(d) on Dr. S.S. Deshmukh, FAMS for the year 2016 in recognition of her proven track record of professional excellence with subject expertise of high order. Being the Chairperson of Finance Committee of NAMS at present, she has served the Academy in different capacities as Council member, Emeritus Professor and Members of several standing Committees. She has a life-long devotion to the cause of intergrity in professional practice intergrity and ethics in medical education. She has a quality of leadership for both, in the professional association of India and the National Academy of Medical Sciences.

## **Maintenance of the Buildings**

---

The expenditure incurred on the maintenance of the administrative building is shared by the NAMS and the NBE on 50:50 basis. The jobs of house keeping and security have been entrusted on contract basis.

**The following repair work were done in the Auditorium (01-04) and**

## **Academy building (05) as per details given below:**

1. Installation of Video Conference devices/equipments (Cisco-SXx80 Highend Video Conference System) for Multi-professional Education and live interactive broadcast of CMEs from the Smt. Kamla Raheja Auditorium to other medical institution through NKN connectivity.
2. Fire safety system upgradation with ABC Fire Extinguishers under the compliance of Fire Safety norms of Delhi Fire Services (DFS) with No Objection Certificate (NOC) issued by DFS on 13th January, 2017 with 3 years validity.
3. LED energy efficient lighting system to reduce electricity consumption with long life span installed in the auditorium.
4. Renovation of ground floor and first floor toilets of the Auditorium for differently-abled and elderly persons.
5. Renovation and Network installation & upgradation in First & Second floor rooms of the main building.

Tenders/Quotations related to all above works and procurement of hardware infrastructure were called by the Academy as per procedure and work has been accomplished successfully during the year 2016-17.

(Please see back cover of the Annual Report for a photograph of the auditorium building)

## Publication of Annals

---

Annals of NAMS are being published from the 'NAMS Centre for Research in Medical Education' at Jodhpur from the issues of year 2013 and the contents of different issues of the Annals - quarterly journals is get uploaded onto NAMS' website as and when it is made available after publication of the Annals. Earlier, the Annals issues for the year 2011 and 2012 couldn't be published due to unforeseen reasons.

Earlier in 2013, after a gap period of 2 years i.e. 2011 & 2012, during NAMSCON 2013 (held at AIIMS, Jodhpur in October, 2013), Dr. Sanjeev Misra, Director, AIIMS, Jodhpur has agreed to publish the NAMS journals from Jodhpur Centre. The first journal printed from Jodhpur under 'NAMS Centre for Research in Medical Education', Jodhpur was on "Sleep Medicine". It was based on CME programme on "Sleep Medicine" held on 25 October, 2013 during NAMSCON 2013 and got printed in mid 2014. After that, 1st issue of the year 2013 on "Golden Jubilee Lectures" was printed by the end of 2014. Efforts have been made to remove the vacuum to make the publication of Annals streamline and up-to-date under the guidance of Honorary Secretary, NAMS.

As on date in the year 2017, Annals issues of 2011, i.e. 47(1&2) & 47(3&4) have been printed. Annals 2012 issues are under process and will be printed soon. With this, the gap of 2011 and 2012 has been significantly reduced and will be over by the end of the year 2017.

Dr. Kuldeep Singh, Associate Editor from the 'NAMS Centre for Research in Medical Education', AIIMS Jodhpur while making a brief presentation before the Council Members on the status of Annals, conveyed that Annals has been indexed in the following:

- WHO index medicus for SE Asia Region (IMSEAR)
- Database of Open Access Journal (DOAJ)
- BASE - Bielefeld Academic Search Engine
- Google Scholar
- Citefactor
- Dataverse project at Harvard has established a link with our journal

and all articles will be extracted to its database

- The WorldCat is indexing and having repository of our articles

Dr. Kuldeep Singh also informed that following procedures have been initiated by the Jodhpur Centre –

- (a) ISSN for online version has been obtained which is - ISSN 2454:5635 from NISCAIR, Delhi.
- (b) Annals available online on <http://annals-nams.in> as well as on the Academy website.
- (c) Journal hosted on Open Journal System (OJS), an open source software includes all the functionality from submission, review process, lay-outs editing and for quick online publication only.

All the future issues of Annals of NAMS which will be printed at AIIMS, Jodhpur will be put on the website of National Academy of Medical Sciences by the NAMS Centre for Research in Medical Education, Jodhpur as **<http://annals-nams.in>** within 3 days of its distribution without involving any extra cost.

First issue of 2017 i.e. Vol. 53(1) is under printing at 'NAMS Centre for Research in Medical Education', Jodhpur. Since 2017, first issue of Vol. 53(1) will be initiated for PUBMED indexing and for that necessary steps are being initiated for the manuscripts, viz.

- Scientific Quality Standards
- Technical Requirements
- Evaluation and Set-up Process
- Pre-application requirements:
  - ISSN: Annals of NAMS has both for hard copy and online
  - At least a two-year history of quality scholarly publishing in the life sciences, a minimum of 25 peer reviewed articles (e.g., original research, review articles and clinical case reports)

- must be published in final form before one can apply.
- ICMJE guidelines (Joint statement by COPE, DOAJ, WAME and OASPA)

To meet the conditionality of PUBMED indexing, all issues from Vol. 53(1), 2017 onwards, will be on A4 size paper, with proper format and will have Editorial, which 'NAMS Centre for Research in Medical Education' at Jodhpur will take care of. Every effort is being made to have more number of manuscripts ready for the other volumes of 2017 issues so that by year end, it becomes a smooth process of publishing Annals systematically.

# Obituary

---

The death of the following distinguished Fellows/Members of the Academy is noted with sorrow:

## Fellows:

1. Dr. Sudarshan K. Aggarwal
2. Dr. Undurtu Narasimha Das
3. Dr. B.N. Dhawan
4. Dr. T.S. Koshy
5. Dr. Dharendra Nath Nandi
6. Dr. C.S. Paulose
7. Dr. S. Ramachandran
8. Dr. S.K. Sama
9. Dr. Inder Bir Singh
10. Dr. Eustace Joseph Souza

## Members:

1. Dr. Sumeet Sandhu

### Text message of Dr. Mukund S. Joshi, President NAMS at the 56th Annual Convocation on 22nd October 2016 at Raipur (Chhattisgarh)

Padmbhushan Dr. Nandu Laud, the Vice President of the NAMS. Dr. Sanjay Wadhwa and Dr. Nitin Nagarkar who is the brain behind this meeting, his colleagues Dr. Dhaneria, Dr. Agrawal, and Dr. Neema. Well! All I can tell you that the conference has been brilliant. There is no question that also in a short time. I believe on the 2nd October, that Dr. Deep Srivastava came all the way here and I am told by Dr. Srivastava that this place is completely transformed in the last few days since he had come.

While I am going to complement them for the excellent conference that we have had, as the President of the NAMS, I need to thank a few of the Member of Council & senior Fellows and I have few of them, sitting in front of me - Air Marshal M.S. Boparai, Dr. Saroj Chooramani, Dr. Haribhai Patel, you have been the giants of the Association at one time, Dr. Amit Mishra there & so many who have been here for so long long time. I cannot forget the name of Dr. J.S. Bajaj. Believe me, his vision, his thoughts process and the growth of academy that he had planned has come true to date and now it is for you fellows and new members to reach to greater heights and don't flinch from responsibility. Don't just say "Mere name ke samne FAMS, NAMS hai". No ! That's not your goal, your goal has to be to improve the academics of the academy and I am sure all of you will continue to do that. Having been said that, I have thoroughly enjoyed being here, and enjoyed the hospitality to no extent. I do wish the AIIMS Raipur the very best. And in the near years to come when their 1st batch will be coming out in a years' time & all the best you'll have a wonderful post graduate program soon; all the best again.

I would like to thank all the office and supporting staff of NAMS for making constant efforts in helping one and all in sailing the academy even difficult situation.

Jai Hind.

**Text of the address by the Chief Guest Padmabhushan Dr. N.S. Laud, Eminent Orthopaedic Surgeon, Mumbai, delivered at the 56th Annual Convocation on 22nd October 2016 at Raipur (Chhattisgarh)**

Namaskar! Mr. President of National Academy of Medical Sciences, my friend Dr. Mukund Joshi and Vice President Dr. Wadhwa, Secretary Dr. Srivastava, House Chairman Dr. N Nagarkar, the Dean Dr. Dhaneria, Dr Alok Agarwal, Dr. Neema, and Members and Fellows of the Medical Sciences, Council Members and Lifetime Achievement Awardee, Air Marshal (Dr.) M.S. Boparai, young Scientists and friends who have won Fellowship today and the Members who are going to be Fellow tomorrow, friends, ladies and gentlemen what excited me today particularly Dr. Alok Agarwal called me, Sir, we have function today. I belong to Shivaji Park. I don't need short notice for any such Wonderful Function where you have the scientists and academicians to be honored. I am honored. That you called me, I think in my life time, it's one of the good achievements to put on this robe, stand here and appreciate upcoming scientists of this country. What impressed me most was a large number of ladies. I think that tells us that this country has a very bright future. Any where there is motherly approach with father's assistance, the product is good. If the product is good, success is assured. Today medical sciences are at cross roads. I have to mention this, because most of the awardees were from established institution with good facilities. What happens to the talent? This is happening because while money matters, the talent is lost. And I can tell you money is not the end. One time in life you feel that you need to achieve something where society will recognize you. And any where the society recognizes you, you feel satisfied, you feel contented. Unfortunately medical fraternity and medicine has undergone turmoil. The institution of family physicians is lost. Small nursing homes can't come. Government, despite of best efforts, is not able to serve because the numbers are very high and to meet that do we compensate with appointing that kind of personnel, technologies, instruments, infrastructure so that the doctor can meet the challenge?

I do not know how many of you who got membership and fellowship but realize that you have the recognition from the fellow of medical sciences, but this NAMS is an organization with an act of parliament. I remember of having an

extremely big argument with MCI chief one day. In few hospitals he said that we will not permit DNB. I thought that was a retrograde step. We are short of registered medical practitioners; we have many brilliant students who want to seek this position. Why can't we upgrade the academy? Recognize the academy on the same platter as we recognize and fund the institutes. I think it is the need of the hour. Any where even a genuine good, private institution, like Shanker Netralay, like Trivandrum Institute, like Ganga Hospital. Why can't it be recognized? It has material, it has men, scientists, it has research. So academy should now come forward & tell the Government. I have a feeling - today we have some very receptive personalities in our Govt. Yesterday, I asked Patel Sahab that do you have ear of Prime Minister? I thought that Mr. Patel is from Ahmadabad and if he has ears of him and tells him what academy is doing, I can tell you that the Prime minister will say – is that so? Did you give more than 40-50 Fellowships & 100 Memberships & recognize scientists, so I got a registered scientific pool? I think academy should be equivalent to any other authority. To research we need money. And I have a feeling whatever be the constraints, you need to make out a case, involve private trusts. I remember of excellent philanthropic trust like Dorabji Tata Trust, Shankar Sen's Trust which has excellent reputation including Bill Gate's Foundation. Because you have such a talent and in case you write to them, I am very certain that foundation will come forward. Because the problems related to country, right from the issues of pediatrics to geriatrics with rare disorders are not known in United States. If you do and publish, I predict in five years now there would be reverse brain drain.

What we talked about brain drain from here to America - don't be surprised and that's happening because many of my friends today, whose children are in medical school write to me, I want to send my child for 2 months to India for one single thing - to learn the art & science of diagnosis, to pull him away from technology and make him a human physician. And I think that is something where realization is coming. I could know in Ayush presentation today, I noticed the contribution to recognition of Ayurveda & Ayush is more in US than in our country. This surprised me! A country - that means our society has to be open and for that we need to do one thing - we need to leave our ego. We need change from I to We, and I think that will be right step forward. Today the corporate houses are coming in a big way in the area of medical care & my fear is the treatment & cost will go up because they have taken away the human component from the medical care. I am not against the corporates, I think very high flown research has got to come

because they have money but my contention 'Mr. President' is exploitation of young talent. That's my concern. That young scientists, young doctors who are brilliant, who have no environment. Many of our students turn out, become Post-graduates and what's their problem? When they come out? Have they got atmosphere and, place to work? Place they can start their living? And at the end of nine years & ten years of hard work, just imagine! Should we not think? Because, today we are all concerned about two things; exploitation and consumer protection. Two biggest challenges! And we can it possibly control that challenge; but there is one way that you can control it. And that one way is that you become a part of creating institution, Where you follow seven core issues of health care that institution will produce seven essentials - care, compassion, communication, conscience, co-operation, collaboration to get a confidence, & training in computer so that you are with the world. And I did that experiment in 50 years ago. Today in Mumbai, I have & I have worked where I got Mr. President's appreciation for training in India & community health i.e. Citizen Co-operative Hospital, based on the principle to take health care as right without exploitation and by self participation, and mind you that LIC is one such a example where people participated and today they have become the financier, so while AIIMS are the Apex Institution, citizen's Institution could be Institution where young graduates can start their career as partners, are not exploited but are given an opportunity. Young nursing students are given nursing education, including ward boys as how how to be a good ward boy. I spent 50 years in putting up the institution. All of you think about it - about co-operative co-existence, for your progress, for society's progress, for everybody's progress.

I will end by giving a Sanskrit quotation of my hospital

रुगनानाम व्याधिनाशा शिप्रम चारोग्य हितवे श्रुश्रुसा श्रुश्रुताभुयात त्वे निष्काम सेवियात

English meaning is:

To allay the suffering & relieve pain of patient, let us all follow the tenets of Shushruta's teaching with the single aim to giving relief; to give him a good life with reward, not exploitation.

Thank you very much!!!

Jai Hind.

# Academic Report

# Continuing Medical Education (CME) Programme

## Report of CME Activities during April 1, 2016 - March 31, 2017

The following are the members of the CME Programme Committee:

1. Dr. Prema Ramachandran, FAMS - Chairperson
2. Dr. Kamal Buckshee, FAMS - Member
3. Dr. Rajeshwar Dayal, FAMS - Member
4. Dr. Mohan Kameswaran, FAMS - Member
5. Dr. Saroj Chooramani Gopal, FAMS - Member
6. Dr. Rajoo Singh Chhina, FAMS - Member
7. Dr. M.V. Padma Srivastava, FAMS - Member
8. Dr. Sanjeev Misra, FAMS - Member
8. Dr. K.K. Sharma, FAMS - Member - Secretary
10. Dr. Mukund S. Joshi, FAMS - President, NAMS  
(Ex-officio Member)
11. Dr. Deep N. Srivasatava, FAMS - Secretary, NAMS

During the year 2016-2017, one meeting of the CME Programme Committee was held on 28th June, 2016.

The Committee, time to time, co-opts Fellows to attend the meeting, depending on the expert advice required based on the topics of discussion and received CME proposals.

**Extra-mural CME Programmes:** These CME Programmes are run under the aegis of CME Programme Committee of the Academy. To improve the quality and contents of the Extramural CME Programmes funded by the NAMS, proposals received for funding are technically reviewed in the first instance by a subject expert who is also a Fellow of the NAMS. This practice has been followed since July 2004, and the reviewers so designated would evaluate the proposal and identify lacunae, if any, in the programme contents. The reviewers may suggest revision/ modification to be incorporated in the programme. These are communicated and nearly all such suggestions are invariably accepted by the organizers

and only after the CME Scientific Programme are revised that the CME proposals processed for the grant-in-aid. A Fellow of the Academy is designated as Observer to attend and evaluate the extra-mural CME Programme. The Academy provides TA/DA and Honorarium to Fellows who are nominated as Observers to attend, review and submit report on the CME Programmes.

Out of the CME proposals received from various medical institutions/ professional bodies in the country, the Academy has sanctioned partial financial assistance for organizing Nine Extramural CME Programmes during the financial year April 1, 2016 to March 31, 2017.

The details of the Extra-mural CME Programmes funded during April 1, 2016 to March 31, 2017 are placed as Annexure IV.

The total expenditure sanctioned on Extramural CME Programmes during April 1, 2016 to March 31, 2017 is Rs.6,30,500/- (Rupees Six Lakh thirty thousand five hundred) only.

**Intramural CME Programmes:** These CME Programmes are run under the aegis of Academic Committee of the NAMS. The Academic Committee identifies, from time to time, topics of national and academic relevance for funding as Intramural CME Programmes. Just like for the Extramural CMEs the Academy provides TA/DA and Honorarium to Fellows who attend and submit evaluation report on the CME Programmes as NAMS Observers.

The Academy has funded 3 Intramural CME/Symposia during the year 2016-17.

Details of the Intra-mural CMEs Programmes are:-

1. NAMS-PGI Symposium on “**Osteoporosis**” held at Postgraduate Institute of Medical Education & Research, Chandigarh on April 23, 2016
2. NAMS Symposium on “**Tobacco or Health: Make Better Choice**” held at All India Institute of Medical Sciences, Raipur on October 21, 2016

3. NAMS-NFI Symposium on “**Nutrition and Health Transition in India: Findings from National Surveys**” held at Kamla Raheja Auditorium JS Bajaj Centre for Multi-professional Education, New Delhi on November 30, 2016

The total expenditure in organizing the Intramural CME/Symposia Programme was Rs.3,34,313/- (Rupees Three lakhs thirty four thousand three hundred thirteen) only. The details are given in Annexure V.

Fig. 1 Gives graphic representation of expenses incurred on extramural and intramural Programmes in 2015-16 and 2016-17.

Total expenditure on CME Programmes (both extramural and intramural) during 2015-16 and 2016-17.

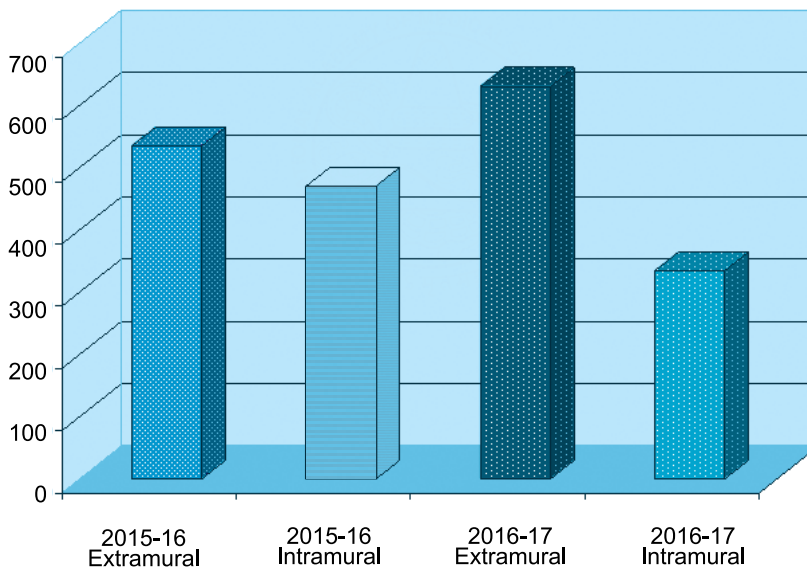

Fig 1. Comparative representation of expenses incurred on extramural and intramural CME Programmes in 2015-16 and 2016-17.

The State chapter-wise distribution of extramural and intramural CME/ Symposia Programmes are given in Fig. 2.

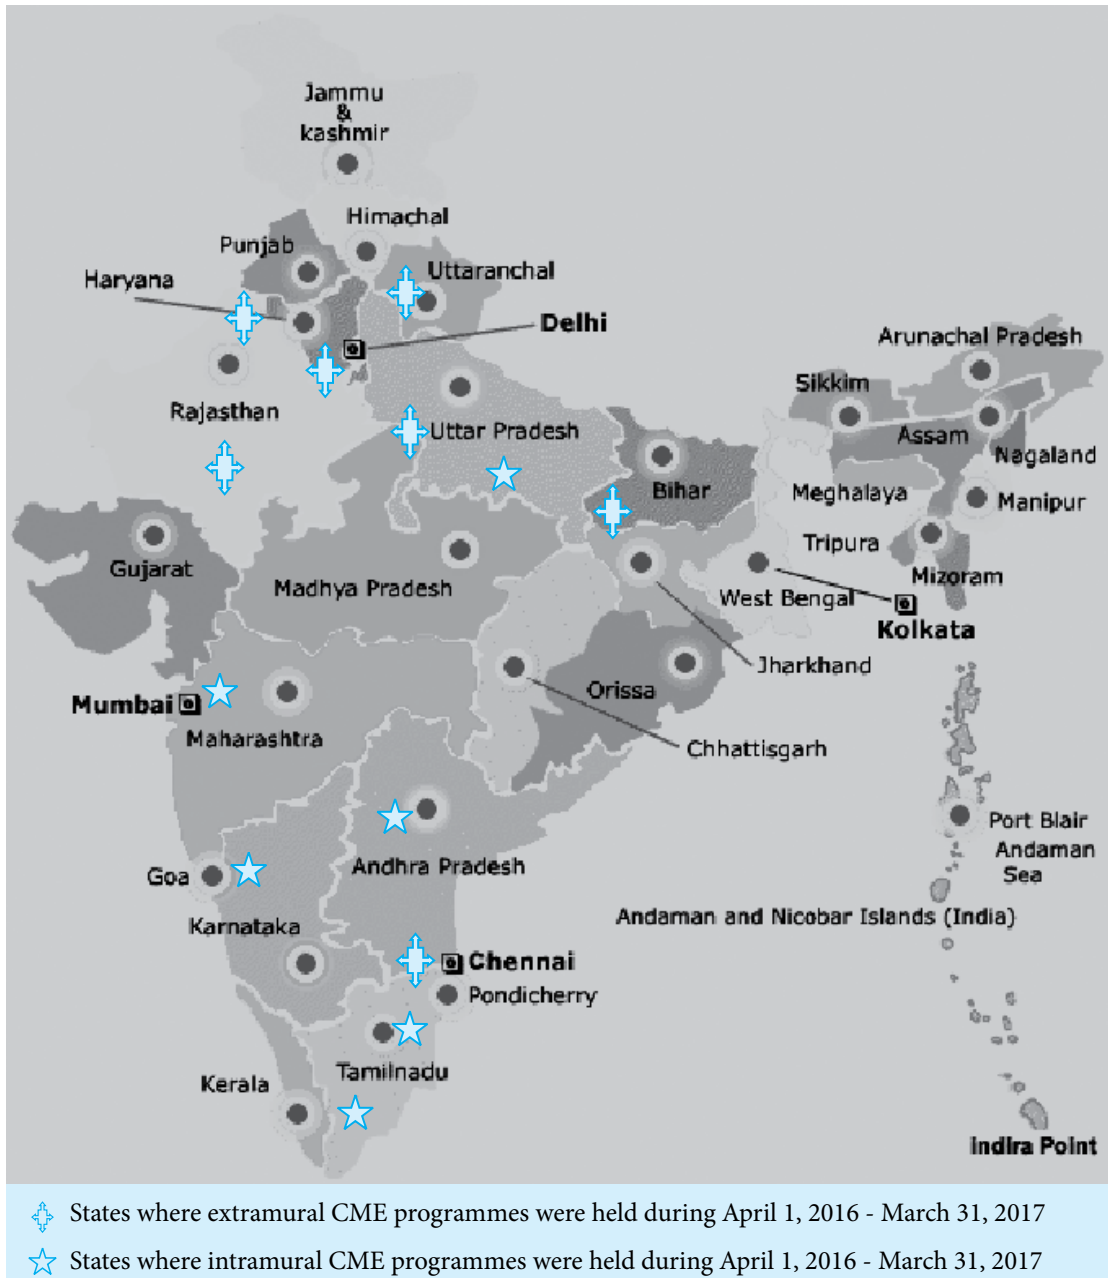

Fig. 2. The State-Chapter-wise representation of extramural and intramural CME Programmes in 2016-17

State-wise distribution of Extramural and Intramural CME Programmes sanctioned for 2016-17 in Fig. 3

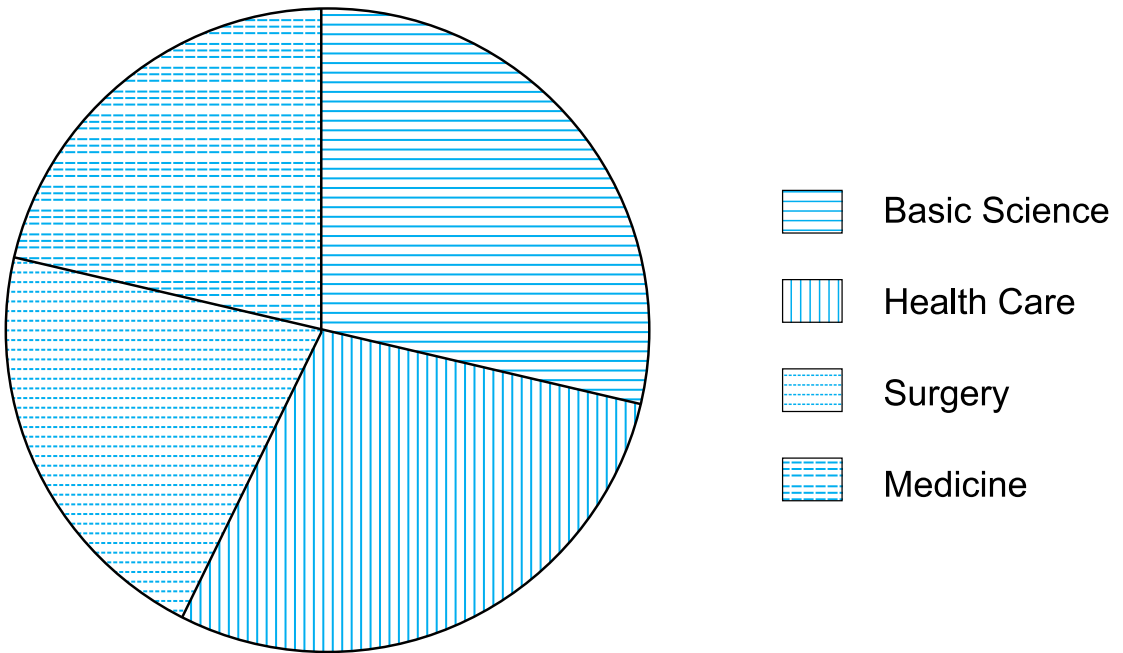

Fig. 3 The State-wise distribution of Extramural and Intramural CME Programmes for 2016-17

## The State-wise distribution of Extramural CME Programmes sanctioned in last 3 years, viz. from 2014-15 to 2016-17

The State-wise distribution of extramural CME Programmes for each year from 2014-17 is given in Table below:-

States	2014-2015	2015-2016	2016-2017	Expenditure incurred during 2016-17 (Rs.)
Andhra Pradesh	1	-	-	-
Bihar	-	-	1	75,000
Chandigarh	-	2	3	219,500
Chhattisgarh	-	-	1	75,000
Delhi	-	-	1	75,000
Goa	-	-	-	-
Gujarat	-	1	-	-
Haryana	-	1	1	75,000
Himachal Pradesh	-	1	-	-
Jammu & Kashmir	-	-	-	-
-	-	-	-	-
Jharkhand	-	-	-	-
Karnataka	2	1	1	36,000
Maharashtra	3	1	-	-
Puducherry	2	1	-	-
Rajasthan	-	-	1	75,000
Tamil Nadu	1	-	-	-
Uttar Pradesh	2	1	-	-
<b>Total</b>	<b>11</b>	<b>9</b>	<b>9</b>	<b>630,500/-</b>

The details of Seminars, Symposia, Short-term Courses and Workshops supported under the CME programmes under State Chapters is given below as Annexure - III:

## Extramural CME Programmes of NAMS Chapters

---

The Scientific activities of the Academy include the academic activities of its State Chapters. The report of their activities under the CME programmes for the financial year 2016-17 are given below:-

### Bihar

During the year under review, the Bihar Chapter has organized one Extramural CME Programme (at Patna) with the financial assistance from the NAMS.

### Chandigarh

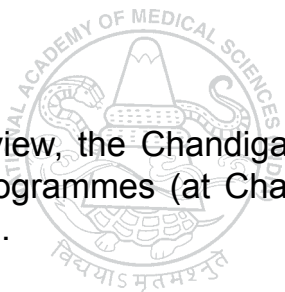

During the year under review, the Chandigarh Chapter has organized three Extramural CME Programmes (at Chandigarh) with the financial assistance from the NAMS.

### Chhattisgarh

During the year under review, the Chhattisgarh Chapter has organized one Extramural CME Programmes (at Raigarh) with the financial assistance from the NAMS.

### Delhi

During the year under review, the Delhi Chapter has organized one Extramural CME Programme (at Delhi) with the financial assistance from the NAMS.

## Haryana

During the year under review, the Haryana Chapter has organized one Extramural CME Programme (at Rohtak) with the financial assistance from the NAMS.

## Karnataka

During the year under review, the Karnataka Chapter has organized one Extramural CME Programme (at Bengaluru) with the financial assistance from the NAMS.

## Rajasthan

During the year under review, the Rajasthan Chapter has organized one Extramural CME Programme (at Jodhpur) with the financial assistance from the NAMS.

## Report on Extramural CME Programmes from 01.04.2016 to 31.03.2017

1. CME Programme on “**Achieving Universal Health Coverage by Application of Principles of Public Health Management**” held on 16th - 17th May, 2016 at the School of Public Health, PGIMER., Chandigarh.

Organizing Secretary: Dr. Sonu Goel, Associate Professor, School of Public Health, PGIMER., Chandigarh – 160012.

### Main Objectives of the CME Programme

- To enable participants understand the concepts and principles of health management towards achieving universal health coverage.
- To illustrate with relevant case studies as to how Universal Health Coverage can be achieved through effective leadership in health sector.
- To build capacity of middle and senior level managers in effectively utilizing human resource in health towards strengthening of health systems.
- To equip participants on appreciating gaps in current scenario and envision future trends in health care management for effective decision making.

### Highlights of the Observer’s (Dr. Rajesh Kumar, FAMS) Report

Ambience of the programme was very good, the participants were very enthusiastic and most of the sessions were interactive. All sessions have exercises which gave hands-on experience.

2. CME Programme on “**Epidemiology, Biostatistics and Health Research Methodology**” held on 11th - 12th July, 2016 at St. John’s Research Institute, St. John’s National Academy of Health Sciences, Bangalore.

Organizing Secretary: Dr. Prem K. Mony, Head, Division of Epidemiology, Biostatistics and Population Health, St. John’s Research Institute & Associate Professor, Dept. of Community Health, St. John’s Medical College, Bangalore.

### **Main Objectives of the CME Programme**

- To train at least 30 junior medical faculty/post graduate students per year in epidemiologic methods and statistical methods that can be used on data produced from different epidemiologic study designs.
- To provide practical working knowledge of epidemiology and biostatistics with sufficient Hands-on Practical Exercises.

### **Highlights of the Observer’s (Dr. N. Srinivasa Murthy, FAMS) Report**

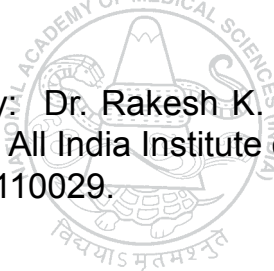

The number of participants for the programme was more than as envisaged of 30 participants for the programme. The methodology consisted of lectures and demonstrations with highly interactive sessions. Participants were involved to a great extent and were also given exercises at the end of each session. They were asked to evaluate the same immediately after each session in an objective manner employing a 5 point scale. The evaluation and feed-back provided by the participants indicated that they were satisfied and had a good learning opportunity.

The topics included were relevant to the theme. The identification of resource persons were quite appropriate and were based on the experience in health research methodology, epidemiology and biostatistics. It was a well arranged CME Programme and was carried out as per earlier drawn-up schedule. However, there could have been

some invited faculty from other institutions to have multi-lateral view of the subject. The present CME Scientific Programme consisted of many innovative procedures such as: (a) online dissemination of material of the Learning Resource Material (LRM) to each of the participant's laptop before commencement of lectures, (b) feed-back and an on line evaluation of the sessions immediately after presentation by the faculty, (c) feed-back as an open-ended question, (d) continuous video recording of the lectures delivered by the faculty, and (e) hands-on training and practical sessions. The lectures were illustrative and interactive with the participants. I can definitely say that CME Programme was quite effective in terms of achieving pre-defined specific learning objectives.

3. CME Programme on **“National Symposium on Preventive Psychiatry”** held on 11th September, 2016 at AIIMS. New Delhi.

Organizing Secretary: Dr. Rakesh K. Chadda, FAMS, Professor, Deptt. of Psychiatry, All India Institute of Medical Sciences, Ansari Nagar, New Delhi – 110029.

### **Main Objectives of the CME Programme**

- Sensitization of the postgraduate trainees on the principles of preventive psychiatry.
- To assess their knowledge and update the knowledge regarding preventive psychiatry.
- To enhance their skills and attitude towards preventive psychiatry.
- To equip them in developing and using preventive strategies to allay psychiatric problems in their day to day practice and in the community.

## Highlights of the Observer's (Dr.Shridhar Sharma, FAMS) Report

The symposium was well organized. There was a brief inauguration. The scientific programme started at 9.15 A.M. The hall was generally full during the programme. There was an active participation from the audience. Audio visuals were of good quality. All the presentations were relevant. Faculty for the programme had been well selected and represented many leading institutions of the country including AIIMS, New Delhi, PGIMER, Chandigarh, GMCH, Chandigarh, PGIMS, Rohtak, Jamia Hamdard, IHBAS, Delhi and NIMHANS, Bangalore. The Objectives; to sensitise and update the postgraduate trainees on the principles of preventive psychiatry, and to equip them in developing and using preventive strategies in their day to day practice and in the community were fulfilled by the design and execution of the CME Scientific Programme.

4. CME Programme as Preconference Workshop on “**Scientific Medical Writing**” during the 49th Annual Conference of Indian Pharmacological Society (IPSCON-2016) held on 20th October, 2016 at Gamma Knife Centre, PGIMER., Chandigarh.

Organizing Secretary: Dr. Bikash Medhi, Professor, Deptt. of Pharmacology, PGIMER., Chandigarh –160012.

## Main Objectives of the CME Programme

- To familiarize and train junior faculty members and P.G. students in the art and science of Medical Writing after the Clinical Research has been successfully executed.
- To give an understanding to clinical investigators in planning clinical research: sponsored or investigator initiated, accreditation of the research site, regulatory requirements of clinical research, pharmacovigilance during clinical trial, collection and management of clinical data, medical writing and career development in clinical research.

The main objectives of two-day Workshop were to teach the emerging clinicians and scientists and train them in the skills for designing and executing the pertinent clinical study. Further the workshop emphasized on collecting and managing clinical research data, and exploring it for logical conclusions and presentations to the scientific community. The topics covered under this workshop discussed the perspective of clinical operations, investigator-initiated research, accreditations of investigator's site, ethics of clinical research, regulatory pharmacovigilance, medical writing, and career development in Clinical Research.

### **Highlights of the Observer's (Dr. P. L. Sharma, FAMS) Report**

A total 48 participants were registered and generally around 46 were remain present during the Scientific Sessions. The Resource persons provided evidence based information which was of good quality and all sessions were interactive. The participants were provided LRMs before the session started.

Introducing the CME topic the Key speaker stated that medical writing is a much more specialized area of Scientific Writing, whereas Scientific Writing is writing about sciences regardless of whether it is about medicine, chemistry or physics, etc. Thus all medical writers are science writers, while all science writers are not medical writers. Medical writing deals developing Clinical and Scientific documentation in a standard comprehensive, reliable, skilled and convincing manner. Medical writing is an art of writing about a particular content more efficiently and clearly that target audience can simply understand and imbibe it. A medical writer requires a potential to catch every minute detail from the topic and should have the capability to understand and work separately on each of them. Medical writing is an interdisciplinary exercise and needs a meticulous attitude towards collective and analyzing available information and developing a document/chapter as per need. Medical writing is an important and significantly essential function needed at every stage of making a/or developing as a medical/health professional. Different speakers deliberated in different lectures in the interactive workshop on various topics : Why Publish?;Types of Publications; Choosing the Right

Journal for publication of your research paper; Structure of an original research paper; Writing a Title, Abstract and Introduction that make a first good impression; Materials and Method: a recipe for success; Reporting Results Writing Discussion – interpreting and analyzing critically, Reference to literature and citations, Ethics of publication and Ethical Misconduct (Plagiarism, Authorship criteria), etc. Different types of Medical Scientific Writing, such as Medical Journalism, Medical Education, Medical marketing of healthcare products, Publication/Presentation, Research Documents, Regulatory Documents Writing, etc. were also covered.

Although the conduct of Scientific Programme during the Workshop fulfilled the projected objectives, the arrangements for scientific sessions and local hospitality were handled by volunteers and organizers were not up to the mark and lack optimal standards. The main reason was that the Convenor and his senior staff were being engaged in some other concurrently held workshops and were not able to do the full justice with the Scientific Programmes. It is desirable that for proper conduct of a workshop, not other similar programmes should be held concurrently.

5. CME Programme on “**Health System Strengthening**” held on 21st November, 2016 at the School of Public Health, PGIMER., Chandigarh.

Organizing Secretary : Dr. Arun Kumar Aggarwal, Professor, School of Public Health, PGIMER., Chandigarh – 160012.

#### **Main objectives of the CMS Programme :**

- Given a set of health system related data, participants will be able to use and interpret to do root cause analysis and identify the bottlenecks using systems approach.
- For any health programme, participants will be able to identify implementation research questions and develop implementation research proposals.

- Participants will be able to use some existing mechanisms like Death Reviews, Information Technology, Telemedicine, Supportive Supervision, HMIS, etc to strengthen the health systems.
- Participants will develop understanding of concepts of communication, motivation, leadership, conflict management for organizational effectiveness.

### Highlights of the Observer's (Dr. Rajesh Kumar, FAMS) Report

Total 28 participants registered of which 23 were present at observation. There were around 20 + variable sessions. The CME Programme was well organized with sufficient space, well equipped support of Faculty/ Resource Persons audio-visual aids, fully functional facility of Videography and sound mixer systems installed was a successful academic Scientific Programme. Participants were encouraged for interactive discussions and clarifications. Group work and Role Plays were conducted in some sessions.

Providing the background of the CME, the organizers stated that health systems are supposed to deliver quality services to people at affordable price and ensure equity. According to WHO, health system consists of all organizations, people and actions whose primary interest is to promote, restore and maintain health. National Health Policy 2017 has gone beyond this and has included safe water and sanitation, Swachh Bharat and toilets for every one, etc. To implement and ensure their proper functioning is a challenge. We cannot achieve desirable health outcomes without strengthening the system. WHO has given the concept of building blocks of health systems: Governance, Financing, Service delivery, Health workforce, Information, and Medicines/ vaccines/other technologies, in a mutually enhancing way, to improve health outcomes, protect citizens from catastrophic financial loss and impoverishment due to illness, and ensure consumer satisfaction, in an equitable, efficient and sustainable manner.

In the first lecture, Dr. Krishna, a neonatologist discussed trends of Infant Mortality Rate (IMR), Neonatal Mortality Rate (NMR) and Post-

NMR over last one decade; he mentioned that IMR has declined by 34% with commensurate decline in Post-NMR. However, NMR has not changed much. He shared the targets to be achieved: U5MR of 25 by 2030 (SDG), IMR of 25 by 2017(MHM), and NMR of <10 by 2030 (INAP). With introduction of National health Mission (NHM), there was substantial impact on Post-NMR and Late-NMR. However, decline in Early-NMR was insignificant. Within first week also, 40% NMR occurs in first 24 hours and about 60% in 72 hours. Thus, probably programs that should work around time of birth are not working properly. Important causes of neonatal deaths are: prematurity (35%), birth asphyxia (20%), sepsis (15%), and pneumonia (16%). Thus, three most important killers that deserve attention are: preterm birth, complications, and neonatal infections. In the next lecture, Dr. Subodh deliberated on Inter Sectoral Coordination (ISC) in health care. To start with it was interactive- he asked participants: “Think what state of health you are in?” “Think what factors contribute to this state of health” He introduced W.H.O. definition of ISC. He deliberated on the factors responsible for effective group work. These are task functions and process functions. Task function relates to: how of getting group work completed and technical nature of task, e.g. for immunization role of ICD is mobilization and role of health deptt. in session management. The topic of Maternal and Child Death Reviews was discussed by Dr. Prasanth. He interacted to know participant’s knowledge about the issues involved in the death reviews. He explained the differences in assigning “Causes of Death” to the “Factors and Delays for the death” and how this information would be useful for the health system. Participants told that death review meetings happen at district level and hospital level and were able to elicit some of the differences. Dr. Amerjeet Singh discussed the topic of Communication in Health. He drove home the point that verbal/spoken and written communication without appropriate change in tone (verbal) fonts (written) is not of any use. Main principle of effective communication were then outlined by him, which were much appreciated by the participants.

6. CME Programme on “**Combating Anti Microbial Resistance**” held on 9th February, 2017 at Late Shri Lakhiram Agrawal Memorial Government Medical College, Raigarh, Chattisgarh.

Organizing Secretary: Dr. Purnima Raj, Professor & Head, Department of Pharmacology, Late Shri Laxhram Agrawal Memorial Medical College, Raigarh – 496001, Chhattisgarh.

## Main Objectives of the CME Programme

- To describe why anti-microbial resistance (AMR) is a threat to human health.
- To differentiate the multiple mechanisms of how AMR develops.
- To analyse the “One Health” concept of multi-sectoral risk factors for AMR.
- To appreciate the positive steps that are taken in India towards containing/combating AMR.
- To construct strategies to combating AMR using the ‘One Health’ framework .
- To start a process of networking and learning from each other in a clinical set-up and how to minimize the dangers of AMR in India.

Expected Outcome from the participants of the CME/Workshop were to establish and maintain clinical knowledge, skills and attitudes appropriate to their practice:

- Apply knowledge of the clinical, socio-behavioural, and fundamental biomedical sciences relevant to the AMR
- Apply knowledge of mechanisms of antimicrobial resistance, adverse effects of drugs, etc. to prevent irrational use of antibiotics
- To Promote ‘Stop AMR Campaign’
- To apply knowledge gained in the CME and suggest action plans for ‘Stop AMR Campaign’

## Highlights of the Observer’s (Dr. K.K. Sharma, FAMS) Report

The CME started with the snapshot introductory remarks on the problem of anti-microbial resistance (AMR) by the CME Faculty Coordinator, Dr. Santanu Tripathi who stressed on the irrational and in discriminate use of antibiotics and its problems world over. However, specially in India, it is a cause for concern due to unregulated health care and limited financial

resources. As per one estimate India was the largest consumer of antibiotics in the World. Causes for this are many, varying from poor public health indicators, rising incomes, availability of inexpensive antibiotics over-the-counter without a prescription and overuse and misuse of antibiotics by the medical practitioners many of whom are quacks. Overuse of antibiotics dramatically contributes to the increased resistance and causes significant mortality, morbidity and increased health-care cost. We seem to be approaching a hopeless state of affairs when we shall wither away from benefits that had been achieved by “antibiotic-magic bullets” of yester years. This crisis assumed a serious proportions due to lack of development of new AMs. It is a matter that needs serious contemplation. The need of the hour is concerted and coordinated efforts by all to create a dedicated agency to monitors antibiotic use, to have important policies for encouraging appropriate and prudent use to antibiotics in public, private and informal health sectors and renew research efforts to develop newer antibiotics to manage the crisis. To discuss all these aspects and more about the issues, the present CME has been organized with several interactive sessions and requested all participants to be not only serious listeners but also to cross-talk, interact and give their valuable opinion and comments time to time.

In the second presentation the speaker dwelt on the pharmacokinetic, and pharmacodynamic aspects of AM prescribing, like: (i) concentration-dependent killing (CDK) antibiotics (aminoglycosides, FQs, rifampicin, metronidazole and its congeners), (ii) time-dependent killing (TDK) antibiotics (beta-lactams-penicillins, cephalosporins, carbapenems and monobactams, macrolides, clindamycin) and (iii) others which are TDK with post-antibiotic effect (PAE) antibiotics (azithromycin, clarithromycin, longer acting tetracyclines, FQs, rifampicin, and a new anti-TB drug, delamanid). It was stressed that rational use of antibiotics is possible with better understanding of PK-PD and mechanisms of development of AM resistance.

In the subsequent presentation, the speaker discussed the factors involved in developing the AMR. Environment and One-Health Approach where he emphasized that we know little about antibiotic resistance of environmental bacteria and therefore it is important to understand

antibiotic resistance reservoirs in the environment and their potential impact on health. Current strategies and interventions mainly focus on risk assessment in clinical settings while non-clinical environments are largely ignored. In the context of the global increase in antibiotic resistance bacteria and genes in the environment and to understanding the relevant stakeholders' perceptions, knowledge and beliefs regarding the problem. In the next two deliberations, speakers discussed the importance of qualitative research in AM stewardship. It was stressed that according to previous qualitative findings three major factors were recognized – patients, health systems and professionals, and policy and regulatory issues. The studies show that patients noncompliance with prescribers' instructions, self-medication, poverty ignorance about antibiotic use and lack of awareness about resistance were possible contributors to resistance development. In 2013 CDC published report on top 18 drug-resistant bacterial flora and a level of concerns were divided in three categories urgent, serious and concerning and classified different bacteria in each category. The CDC also devised Seven Core Elements of Hospital Antibiotic Stewardship Program which were discussed in detail. Antibiotic Stewardship Program, if followed in its letter and spirit may result in containing the many problems related to the AM resistance.

At the end of the lecture, four hands-on group dynamic exercises were given to four separate group of participants on different aspects covered in the deliberation. Each group was given 20 min to complete the task. One representative of the group presented the findings and arrived solution to the given task which was moderated by the CME Programme Convenor.

7. CME Programme on the “**Research Methodology : Basics of Biomedical Research– Principles and Methods**” held on 13th February, 2017 in the Department of Pharmacology, Patna Medical College and Hospital, Patna, (Bihar).

Organizing Secretary: Dr. N.R. Biswas, Organizing Secretary, AIGJCONIPS2017, Director cum Vice Chancellor, Indira Gandhi Institute of Medical Sciences, Sheikhpura, Patna-800014, Bihar.

## Main Objectives of the CME Programme

At the end of the event, the participants shall be able to:

- appreciate the need and purpose of biomedical research
- familiarize with the dimensions and methods of biomedical research
- know the components of a research protocol and understand how to write a good research Protocol/Proposal
- develop a basic insight of data management and use of statistics in research
- understand the principles and processes of reporting research
- be exposed to nuances of research translation and translational research.

## Highlights of the Observer's (Dr. K.K.Sharma, FAMS) Report

Overall ambience of the Workshop was very good. The venue of the CME was the same lecture theatre, where legendary medical scientist of India, Dr. B.C.Roy attended his MBBS classes in the Patna Medical College. This fact kept the participants in a very engaged and elated mood. As a result, of their interest in the CME subject and fruitful scientific discussions during and after the meeting with other delegates and Learned Faculty of the CME, the participants were very enthusiastic, serious and interactive in their involvement in the proceedings of the Workshop. Among the participants 5–6 were senior faculty members from the Department of Pharmacology and Medicine of Patna Medical College and rest were PGs and junior level faculty from various Medical Colleges and Pharmacy Institutions of the country.

In the first lecture on Biomedical and Health Research, the Speaker set the ball rolling by defining the health research as per WHO guidelines and stressed that the biomedical and health research is needed to bridge the knowledge gaps that exist in all areas of health care. Such gaps in understanding diseases, are in reference to their risk factors, etiopathogenesis, clinical presentation, diagnosis, prognosis, and their treatment, palliation, cure or prevention. Often the gaps are in translating

the existing knowledge into healthcare practice. Therefore, for optimization of health care, biomedical and health research is indispensable. To accomplish this, priorities have to be set for actions.

The next speaker elaborated on the basic concepts required to write the Research Protocols for conducting research and getting grants from the funding agencies. Various domains – protocol contents, study methods, types of clinical trials and clinical research to improve clinical practice, RCTs, Observational studies, statistics, access to source data, protocol deviation(s) and violation, etc. were discussed. Ethical issues of clinical research were also covered – calculation of sample size/group size in clinical research/trials, alpha and beta errors and their role in calculation of sample size, recruitment of trial subjects, vulnerable research subjects, IES, PIS, ethical dilemmas – confidentiality, loyalty, elements of review of research protocols, etc were discussed.

In the lecture on Evidence-based clinical practice, hierarchy of Evidence and their 8 levels were discussed alongwith ethical issues involved in obtaining different category of evidence. In subsequent lectures different speakers covered the dimensions and methods of Biomedical Research – Primary and Secondary research, Descriptive studies, Analytical studies, Observational studies, Cross sectional, Cohort-, Case-control studies, Interventional study designs, Scientific Writing and Publication, manuscript preparation, role of medical statistics in analyzing the research data, types of the research data and drawing the inferences were discussed. After each lecture enough time was given to the participant to ask question and seek clarifications.

At the end of the lecture, four hands-on group dynamic exercises were given to four separate group of participants on different aspects covered in the deliberation. Each group was given 20min to complete the task. One representative of the group presented the findings and arrived solution to the given task which was moderated by the CME Programme Convenor.

8. CME Programme on the “**Healthcare Leadership**” held on 23rd February, 2017 at the Department of Community Medicine &

Family Medicine, All India Institute of Medical Sciences (AIIMS), Jodhpur, Rajasthan.

Organizing Secretary: Prof. Pankaja Ravi Raghav, Professor & Head, Department of Community and Family Medicine, All India Institute of Medical Sciences(AIIMS) Jodhpur, Rajasthan-342005.

## Main Objectives of the CME Programme

- To update the participants about different types of healthcare leadership skills
- To develop leadership skills among the participants, explaining the importance of team, enhancing their role as a trainer and demonstrating a positive attitude towards work.
- To encourage participants for opting appropriate life skills and leadership style in order to create a healthy environment at their workplace.

## Highlights of the Observer's (Dr. Sanjay Chaturvedi, FAMS) Report

Healthcare systems are composed of numerous professional groups, departments, and specialties with intricate, nonlinear interactions between them; the complexity of such systems is often unparalleled as a result of constraints relating to different disease areas, multidirectional goals, and multidisciplinary staff. Within large organizations such as healthcare systems, the numerous groups with associated subcultures might support or be in conflict with each other. Leadership needs to capitalize on the diversity within the organization as a whole and efficiently utilize resources when designing management processes, while encouraging personal to work towards common goals. A number of leadership approaches can be adapted to the healthcare setting to optimize management in this highly complex environment. Leadership theory is dynamic and continues to change over time.

The deliberations of different resource persons and interactive hands-on and role- modeling sessions during the workshop made the participants

to develop leadership skill in healthcare field. It was evident by the feedback received from the participants and it is hoped that a follow-up of the understanding of the subjects covered during the workshop will be useful for them to lead with high proficiency in their different health domains.

9. CME Programme on the “**Principles in Trauma Management**” held on 23rd February, 2017 at Pt. B.D. Sharma PGIMS., Rohtak, Haryana.

Organizing Secretary: Dr. R.C.Siwach, Senior Professor & Head, Department of Orthopaedics, PGIMS., Rohtak.

### Main Objectives of the CME Programme

- How to handle a trauma patient
- What haematological and radiological investigations are necessary immediately following trauma?
- Urgent intervention required from trauma surgeon?
- How to deal with visceral and head injury-when and what to do?
- Multidisciplinary approach to a trauma patient?
- What are immediate or late indications for ICU requirement?

### Highlights of the Observer’s (Dr. Anil K. Jain, FAMS) Report

The one-day course was attended by 58 Orthopaedic Surgeons, Private practitioners and 96 Junior Residents of orthopaedics and 2 MBBS Students (total 156) to learn various aspects of Trauma Management with topics varying from Triage, ABC of Trauma Management to intricacies of Pelvic Injuries and management of Polytrauma cases. The Faculty consisted of 30 teachers (Senior Professors and Experts) from all over India mainly from northern region of India.

The lecture theatre facilities and audio visual aids were of high order. The topics chosen for symposium were well suited for the focused group of trainees. Take-home messages were given at the end of every talk and at the end of the session.

Overall, it was a great academic cum scientific program for the Orthopedic Surgeons/Residents and medical students that updated their knowledge in Trauma Management which they encounter in their day-to-day practice and a close experience with the rare cases in orthopaedics. The participants were benefited from the experience of eminent faculty of the course which was freely available for the learners in an environment of encouraged discussion. The candidates were satisfied with the CME and had a very educative experience. In the end, I am highly indebted to all the Faculty of the CME and delegates for making this CME a grand success which fulfilled its all objectives in right scientific spirit and fervour.

**Statement showing grant-in-aid released under the Extramural  
CME Programmes held during the period of 01.04. 2016 to 31.03.2017**

Sl. No.	Topic	Amount Released/Sanctioned (Rs.)
1.	CME Programme on : <b>“Achieving Universal Health Coverage by Application of Principles of Public Health Management”</b> Chandigarh, on 16th – 17th May, 2016.	74,500/-
2.	CME Programme on : <b>“Epidemiology, Biostatistics and Health Research Methodology”</b> Bangalore (Karnataka) on 11th – 12th July, 2016.	36,000/-
3.	CME Programme on : <b>“National Symposium on Preventive Psychiatry”</b> Delhi on 11th September, 2016	75,000/-
4.	CME Programme on : “Preconference Workshop on <b>“Scientific Medical Writing”</b> during the 49th Annual Conference of Indian Pharmacological Society (IPSCON-2016)” Chandigarh on 20th October, 2016	75,000/-
5.	CME Programme on : <b>“Health System Strengthening”</b> Chandigarh on 21st November, 2016	70,000/-
6.	CME Programme on : <b>“Combating Anti-Microbial Resistance”</b> Raigarh (Chhattisgarh) on 9th February, 2017	75,000/-

Sl. No.	Topic	Amount Released/Sanctioned (Rs.)
7.	CME Programme on : <b>“Research Methodology: Basics of Biomedical Research – Principles and Methods”</b> Patna (Bihar) on 13th February, 2017	75,000/-
8.	CME Programme on : <b>“Healthcare Leadership”</b> Jodhpur (Rajasthan) on 23rd February, 2017	75,000/-
9.	CME Programme on : <b>“Principles in Trauma Management”</b> Rohtak (Haryana) 23rd February, 2017	75,000/-

## Report of Academic Committee & Academic Council

---

---

To consider the points discussed regarding CME in the Special Council Meeting held on 21st March, 2017

A hard copy of the Minutes of the Special Council Meeting held on 21st March, 2017 was provided to the members of the Academic Committee for discussion. The points related to CME and Medical Education was discussed in detail. The outcome of the discussion was as under:

- The members were of the view that more CME Programmes may be organized.
- If the Academic Programme is being telecast at different medical colleges, the registration of all the participants should be necessary. The connected institutions should also have the facility for interaction with the speakers.
- During the discussion with the Ministry they suggested that if NAMS can take an active part in providing training to the nurses. To this Dr. S.S. Deshmukh agreed to submit a proposal for CME Programme on Nursing training at Mumbai as early as possible.
- The members were of the view that while doing anything new the NAMS should be very cautious and preventive while taking any steps.
- The NAMS Chapter needs to be strengthened. It was also suggested to have a co-convenor where the Convenor's are not very active. Finally it was decided to reappoint/revise list of state chapter convenors as early as possible by Dr. K.K. Sharma.

### **To consider modification in the Guidelines including for Financial Support for CME Programme**

The Council in principle agreed to sanction the grant-in-aid for Extramural CME Programmes maximum upto Rs.2 lakhs, and for Intramural CME Programmes maximum upto Rs.2.5 lakhs. There is a need to make

distribution of funds in different heads. The Committee authorized Dr. K.K. Sharma, CME Co-ordinator to make the distribution with flexibility so that NAMS get more proposals.

**To consider and recommend Lifetime Achievement Award for the year 2017**

In the 122nd Council Meeting, held on the 12th July, 2008, it was unanimously decided that the nominations for the NAMS Lifetime Achievement Award will be made by the Members of the Academic Council, which will then be considered by the Orations and Awards Committee and the recommendation of the Orations and Awards Committee will be placed before the Council for approval.

The Academic Committee proposed the name of Dr. P.K. Dave, Former Director and HOD AIIMS and Emeritus Professor, NAMS for Lifetime Achievement Award for the year 2017. The biodata of Dr. P.K. Dave was read by Secretary & the proposal was unanimously accepted as proposed by Dr. S.S. Deshmukh and seconded by Dr. Saroj C. Gopal.

**To consider a letter received from Dr. Anil Kumar Singhi: reg. inclusion of FNB examination by the National Board of Examination as an eligibility criteria for the Membership of the NAMS**

An e-mail dated 23rd August and also a letter was received from Dr. Anil Kumar Singhi, MD, FNB (Paed Card), Hiland Part, Tower GLEN, Flat 10A1, 1925 Chakgaria, Panchasayar, Behind Metropolis Mall E M Bypass, Kolkata-700094 requesting to enroll him for the prestigious Membership of NAMS on the basis of FNB .

*As per Regulation V “Application for Award of Members by passing Examination conducted by NBE: states Those candidates who pass the examination conducted by the National Board of Examinations will individually submit an application for admission as Member of the National Academy of Medical Sciences, duly proposed by at least one Fellow of the Academy certifying the character and conduct of the candidate. Subject to the approval of the Council of the National Academy of Medical Sciences, the candidate will be admitted as member after paying one time life subscription fee of Rs.7,000/- (inclusive of admission fee of Rs.1,000)*

*as may be determined from time to time, and after executing the Bond of Obligation. (This will be effective from the batch who passed the N.B. Examination held in November 1992 and onwards)”*

After a detailed discussion, the Committee did not approve the enrolment of the FNB students as MNAMS and decided not to discuss it further.

**Pilot Project-** as the sanctioned amount is increased for Intramural and Extramural CME Programmes, the same can be increased to Pilot Projects.

The Members of the Committee approved to increase the amount of Pilot Project from Rupees Seventy thousand to Rupees One lakh to One lakh fifty thousand.

**Lifetime Achievement Award of Dr. S. Kameswaran is lying in the Almirah-decision to be taken in respect of handing over the award.**

The Chairperson suggested that as in the past few Lifetime Achievement Awards has been delivered at the residence of the Awardee, the Lifetime Achievement Award to Dr. S. Kameswaran can be delivered at his residence. It was decided that the Chairperson along with the Secretary, NAMS will go to Chennai to deliver the Life time Achievement Award to Dr. S Kaureswaran in view of his age and state of health.

## The Medical Scientists' Exchange Programme (Health Manpower Development)

---

---

One of the activities promoted by the Academy under Continuing Medical Education Programme in the area of Health Manpower Development is the Exchange of Medical Scientists' possessing positions at junior and middle levels.

The Academy provides funding to junior and middle level specialists/scientists to go to well established centers of excellence and acquire new/ newer skills. Under the scheme, the selected nominees are eligible for reimbursement of traveling expenses (limited to actual II class AC two-tier rail fare) and D.A. @ Rs.300/- per diem during the training period subject to a maximum of Rs.5,000/-.

Two hundred (200) Medical Scientists/Teachers have been selected for advance training upto the year 2017 and have successfully completed their proposed training programmes after getting the grant-in-aid from the NAMS.

## Report on Intramural CME Programme held during the period from 01.04.2016 to 31.03.2017

1. NAMS-PGI Symposium on “**Osteoporosis**” held on April 23rd, 2016 at Postgraduate Institute of Medical Education & Research, Chandigarh

Organizing Officer: Dr. Sanjay K. Bhadada, Additional Professor, Department of Endocrinology, Postgraduate Institute of Medical Education & Research, Chandigarh

### Main Objectives of the CME Programme:

The Objectives of the Symposium were:

To spread awareness about the prevalence, clinical, spectrum, pathogenesis, diagnosis and treatment of Osteoporosis.

### Highlights of the Observer's (Dr.R.L. Mittal) Report:

The main objectives of the CME Programme-to spread awareness about the prevalence, clinical spectrum, pathogenesis, diagnosis and treatment of osteoporosis. At the end, participants will be able to diagnose & manage patients of osteoporosis. The objectives of the symposium were fulfilled but not completely. The topic chosen was very good, which has a tremendous importance in view of increasing longevity in our country and increasing population of super senior citizens and numerous other factors. The organizer worked hard and did a very good job in achieving the objectives of the seminar for which it was organized, but there is always scope for improvement. It could have been much better if (i) involvement of orthopaedic surgeon, endocrinologist, gynecologist, pharmacologist, physical medicine & rehab. specialist, geriatrist etc has been assured as Osteoporosis is a multidisciplinary disease and for a better delivery of objective, lectures should be designed

after consulting all local specialists; (ii) if the lectures should relate to the topics only. Orthopaedic surgeons have a primary role in osteoporosis. Every osteoporosis patient has consulted an orthopaedic surgeon, before consulting an endocrinologist and in fact, more often than not, it is a referral to endocrinologist from an orthopaedic surgeon. Trauma has assumed a very important role in total percentage of hospital patients and every such patient is confronted with osteoporosis, local or general. Not only trauma, but all bed ridden patients after 50 or so in all specialities can have osteoporosis and need orthopaedic consultation; (iii) if the participants were more - About 150 registrations were expected, but there were only 47 registrants. All residents of various specialities (osteoporosis relates to all specialities as stated above), except those on emergency duty, could have attended it to achieve the objective in a much better way. Involvement of all heads of departments could have ensured that for delivery of objectives. (iv) Audio-visual & acoustics in the hall were very good. However, the tele-medicine part needs to be improved as regards number of participants at the other ends, audio-visuals and the communication system like we see on T.V for better interaction. (v) Looking to the importance of subject, such programme on osteoporosis, improving on the lacunae I have pointed out, be held regularly. The booklet with all the lectures was given to all. There was good discussion after each lecture.

2. NAMS Symposium on “**Tobacco or Health: Make Better Choice**” held on October 21, 2016 at All India Institute of Medical Sciences, Raipur

Organizing Officer: Dr. Alok C. Agrawal, Joint Organizing Secretary, NAMSCON-2016, All India Institute of Medical Sciences, Raipur, Chhattisgarh

### **Main Objectives of the Symposium:**

The Objectives of the Symposium were:

To acquaint the participants and public at large about-

- (i) Hazards of tobacco use;

- (ii) Magnitude of this problem;
- (iii) Prevention strategies in respect of tobacco use;
- (iv) Modalities in diagnosis and management of tobacco dependence;
- (v) Treatment modalities of Hazards of tobacco use;
- (vi) Steps which discourage the use of tobacco in society.

### Highlights of the Observer's (Dr. Saroj Chooramani Gopal, FAMS) Report:

The symposium was held at an auditorium of AIIMS Raipur. The hall had capacity to accommodate around 200 persons. All Laptop computers, LED projectors and the audio system provided were excellent. Overall ambience was excellent. The objectives of the symposium were fulfilled. The Learning Resource Material (LRM) was provided to all the participants. There were 91 registered delegates and 50 under graduate medical students and Nursing students. The programme consists of didactic lectures and after each lecture there was an interactive session. Presentation by the Course Faculty was of excellent quality. The impact of the symposium for community education can be enhanced if such expert panel discussions could be provided on televisions in regional languages.

3. NAMS-NFI Symposium on “**Nutrition and Health Transition in India: Findings from National Surveys**” held on November 30, 2016 at Kamla Raheja Auditorium and JS Bajaj Centre for Multi-professional Education, New Delhi

Organizing Officer: Dr. Prema Ramachandran, Director, Nutrition Foundation of India, New Delhi.

The Objectives of the Symposium were:

- (i) To update the knowledge of the participants regarding current data on dietary intake, current nutritional status and health status of the population in different states;

- (ii) Provide information on inter-district differences in nutritional status and health status;
- (iii) Familiarise the participants regarding the policy programme and research implications of these findings;
- (iv) Familiarise the participants how these data could be used for decentralized district based planning of interventions and monitoring the impact of ongoing interventions.

### **Highlights of the Observer's (Dr. Ravindra Mohan Pandey, FAMS) Report:**

Speakers in the symposium were best in their field. Participants from audience and through the forum were very enthusiastic and sufficient time was provided for interactive session. The objectives of the symposium were fully fulfilled. There was no lacuna but such symposium should be given wide publicity so that more persons could be benefited. The Learning Resource Material (LRM) was provided to all the participants in a form of CD. There were 50 person registered and 20 were present through telelinked (AIIMS, Jodhpur). The programme consists of didactic lectures. Presentation of the course faculty was excellent. The information of absolutely evidence-based.

**Statement showing grant under Intramural CME Programmes from  
01.04.2016 to 31.03.2017**

## Pilot Project

---

On the request of the President, NAMS, a Council Meeting for a specific purpose regarding Operationalisation of the Auditorium was held on 29th October, 2015. The President's idea was operationalized with the start of 'Expert Group Meeting to evolve Guidelines on **“Prevention Management and Rehabilitation in Stroke – A Multi-professional Team Approach”** which was inaugurated on World Stroke Day at Smt. Kamla Raheja Auditorium in Prof. J.S. Bajaj Centre for Multiprofessional Education. The Expert Group Meeting, to evolve Guidelines, was conducted by Dr. Sanjay Wadhwa, Vice President-NAMS. No funding was done for the programme.

On the issue of increasing CMEs and to make full use of the Auditorium, the President, NAMS in Council Meeting held on 17th September, 2016 suggested constitution of a Sub-Committee for **‘Enhancing holding of CMEs at the Auditorium’** under the Chairmanship of Dr. P.K. Dave, FAMS. In the same meeting Dr. M.V. Padma Srivastava raised the issue of funding of the CME Programme to be held at the NAMS Auditorium be disbursed by the NAMS office itself. After a detailed discussion the matter was forwarded to the Academic Committee/CME Programme Committee for consideration

Minutes of Finance Committee held on 16th December, 2016 vide Item No. 6 “Any other Item, with the permission of the Chair” discussed Proposal for exploring pilot project under the name ‘Enhancing Utilization of Auditorium as Pilot Study’ for conducting Academic Activities at Smt. Kamla Raheja Auditorium and Prof. J.S. Bajaj Centre for Multi-professional Education. The proposal was discussed in detail in the Meeting and further approved by the Council in its meeting held on 6th July, 2017 as under:

*“....They therefore requested that the application sent through the NAMS convener Delhi and the funds, for these programmes*

*being conducted in the Auditorium, may be kept with NAMS and let the bills for expenditure be paid/managed by the NAMS staff from the sanctioned funds of these programmes.*

*Applications will be sent in the NAMS CME format. Questionnaire for pre and post evaluation will be sent along with application. Organising Secretary will provide an undertaking that the report will be submitted by the Organising Secretary and income UC will be signed by the organising Secretary, NAMS Administrative Officer and Accounts officer. The proposal will be forwarded by the Convener. The proposal will be sent for peer review and processed in NAMS. After approval of the funds by the President, the fund will be kept with NAMS and accounting will be done by NAMS.”*

### **Report on Pilot Project held during the period 01-04-2016-31-03-2017**

1. CME and Workshop on “Interventional Radiology” held on February 5, 2017 at Kamla Raheja Auditorium and JS Bajaj Centre for Multi-professional Education, New Delhi

Organizing Officer: Dr. Deep Narayan Srivastava, Secretary-NAMS & Professor, Department of Radio-diagnosis, All India Institute of Medical Sciences, New Delhi.

Justification to Objectives of the CME and Workshop were:

Interventional Radiology (IR) is very important as it is utilized in all parts of body. Thus it is important for all Residents to have full knowledge of the subject and that is only possible by CME. Since it is not available in all medical colleges, training becomes essential part. Present CME will fulfil this object by delivering various lectures including film reading sessions and good coverage of material used in IR.

- i) Lectures on recent advances about these interventional procedures to medical graduates, postgraduates and practicing radiologists
- ii) Workshop to train participants about the techniques
- iii) Using NKN / telemedicine facility for training and sharing

knowledge with radiologists of other hospitals especially AIIMS Delhi, Rishikesh, Jodhpur and PGI Chandigarh etc.

- iv) To create public awareness a public lecture has been included in the programme.

**Highlights of the Observer's (Dr. Mira Rajani, FAMS) Report:**

The objective of the CME was fulfilled. The Learning Resource Material (LRM) was provided to all the participants in a form of CD. There were 250 persons registered and all participants were present during the programme. Interactive session also conducted as a part of didactic lectures. Hands-on-training could not be done due to lack of time. However, film reading session for residents was conducted and was very informative and excellent. Well attended by residents. Presentation by the Course faculty was very good. The information was evidence-based and Good quality of Audiovisual aids were used during the CME Programme.

Sl.No	Topic	Date	Amount spend

## Emeritus Professors of NAMS

---

### Report of Summary/Lectures Delivered by Emeritus Professors of NAMS 2016-17

#### 1. Summary of Lectures delivered by Dr. T.D. Chugh, Emeritus Professor, NAMS

##### (i) Tropical Fevers: An Overview, September 2016, Jodhpur

Tropical fevers are unique to tropical and subtropical regions, may be zoonotic or vector-borne, may occur especially in rainy or post-rainy season when insect population is high, have overlapping clinical presentations and often have high morbidity and mortality. Their diagnosis requires a detailed laboratory work-up and treatment requires syndromic approach. These may present as undifferentiated fever, fever with rash, ARDS, encephalopathy, multiorgan failure or renal or hepatic failure. The spectrum of aetiology has a geographic variation and depends on the extent to which laboratory studies have been made.

Tropical fevers also known as Acute undiagnosed undifferentiated fever (AUF) is different from fever or Pyrexia of unknown origin (FUO or PUO) as the former is of 21 days or less duration while PUO is of more than 21 days duration.

AUF may be caused by a virus (dengue, influenza, RSV, Chikungunya, EB, Enterovirus, SARS, Japanese B, HSV); bacteria (rickettsia, miliary tuberculosis, leptospira, legionella, pneumococcus) a parasite (plasmodia, leishmanial, amoebic liver abscess, acute schistosomiasis) or there may be mixed infections. Metagenomics and next-generation sequencing have identified occult and previously unidentified pathogens.

It is necessary to have an epidemiological database so that evidence-based diagnostic and management algorithms can be developed. Further, insight into the immunological understanding

of disease mechanism and proactive mechanism are required. We in India have only a sketchy data of these from a few tertiary care centres. We need more population based data of tropical fevers.

**(ii) Nosocomial Transmission of Tuberculosis, on 30th September, 2016 at CARE Hospital, Hyderabad.**

Nosocomial tuberculosis (NT) was first described by Devoto when he infected guinea pigs with hospital dust. Since then, several studies from Europe and North America show nosocomial transmission of the disease in hospital wards including HIV and MDR-MTB wards. CDC first laid guidelines in 1994 and then revised in 2005 for prevention of NT. In 1999, WHO laid down guidelines for resource-limited countries. India has a huge burden of TB, both latent and clinical cases, and also MDR-MTB. However, no clear data or guidelines are available. No studies were reported from India till 2004 when 125 Health care workers (HCWS) were treated for active TB (1992-2001), 43 had extrapulmonary and 5% with MDR report in CMC Vellore. The report also stated that this was an underestimate. Since then, reports from Chandigarh, Sevagram, Pune and Delhi have also been published. These studies clearly show that active TB is 10 fold higher in nurses, interns and residents in hospitals in India. This is often recent as evidenced by the disease being often extrapulmonary.

India needs awareness guidelines for diagnosis, treatment and prevention at government and institutional level to protect the health of our HCWs, who are essential in our battle against TB.

**2. Summary of Lectures delivered by Dr. Shridhar Sharma, Emeritus Professor, NAMS**

**(i) Preventive Psychiatry: An Over View, on 21st July, 2016 at AIIMS, New Delhi.**

The concept of prevention in psychiatry is evolving but its boundary

is less defined. Prevention psychiatry aims at the reduction of mental disorders and behavioral problems by identifying risk and protective factors and applying evidence-based interventions in the frame work of primary, secondary and tertiary prevention. Preventive psychiatry, located within a public mental health framework, provides an opportunity to recognize important preventive elements in existing psychiatric practice. Mental health professionals have several important roles to play in the prevention field. These include their role of mental health advocates, technical advisers, programme leaders, researchers and preventive care providers.

**(ii) Globalization and Diversity: Emerging Challenges and Opportunities in the Field of Mental at WASP from 30th November to 4th December, 2016**

In the recent past, the phenomenon of globalization has attracted world attention and has emerged the most dominant force in the global system of economics, with significant ramification in all other spheres of contemporary human existence including health and mental health.

Globalization brings culturally, economically and politically distinct but distant parts of the World, functionally closer. This has been due to the rapid growth of technology and global economics in a politically unipolar world. The globalization has changed World scene and has to be seen at both macro and micro level. At a macro level, globalization gives rise to certain changes in health policy and at micro level has implication for consumers and local development. There are also completing and conflicting interest between and within countries of the North and the south. The resulting crisis has its roots in the market economy. Globalization has certainly provided new opportunity to physicians and benefits to patients but also resulted into certain constraints to the consumers in the developing countries.

The potential impact of globalization is seen on a whole range of

contemporary social, economic, political and health fields. Because of globalization's multifaceted nature, it is essential to grasp its impact on health and mental health and also to recognize the different ways its influence is seen. It is now increasingly perceived as a more comprehensive phenomenon which is shaped by multitude of factors and events that are influencing our society. The paper will delineate the challenges and opportunities in the field of mental health.

### iii) **WASP History in Asia**

The term Social Psychiatry had a long tradition. In 1803 Reil introduced the word "Psychiatry". It was in 1903 the term 'Social' was first linked to Psychiatry, when Georg Ilberg from Grob-Schweidnitz asylum in Saxony wrote a paper entitled simply "Soziale Psychiatrie" Ilberg defined Social Psychiatry as a theory of the detrimental influences that affected the mental health of the whole population and of useful means for their prevention.

Total, Social Psychiatry is concerned with the relationship between disorders of the mind and the human environment. It studies the forces which act at the interface between individuals and those around them, and of which may contribute to the onset, course, and outcome of mental disorders.

In 1964, Joshna Bierer organized the first International Congress of Social Psychiatry. The International Association for Social Psychiatry later became the World Association for Social Psychiatry. During the first decade the WASP activities and congress were localized mostly in European Countries. In 1984 during the annual meeting of Indian Psychiatric Society in Ranchi, a core committee of Indian Association for Social Psychiatry (IASP) was formed and the first Congress was held in Kodaikanal in Tamil Nadu. Since then the Indian Association has grown much stronger and is playing bigger role in the growth of the WASP. IASP has organized three World Congresses of Social Psychiatry and has given two Presidents to the WASP. Besides India, Japan has also made impressive contribution

to the cause of the WASP. Thus today Social Psychiatry in Asia has a greater relevance and has a bright future. The paper will highlight the growth of Social Psychiatry in other Asian Countries.

## NAMS Website

---

The National Academy of Medical Sciences (India) has its website <http://nams-india.in> which can be accessed from any part of the world with internet connectivity. All information is put onto the site and one can easily gather the information from this website. One can download information of Annals of the NAMS (abstracts of published articles), Monographs published by NAMS, contents related to Workshops, Symposia, CME Programmes and Annual Conferences. Contents related to Learning Resources, all Convocation addresses during NAMS Annual Conferences and updated list of Fellows and Members have been uploaded. On the home page, information about the following can be easily obtained:

NAMS Rules & Regulations, Office Bearers, Council Members, Fellows and Members (Year-wise), Guidelines for submission of Application for funding of CME Programmes, Academic Calander, Orations and Awards, Annals of the NAMS (abstracts of published articles), Monographs published by NAMS, NAMS Annual Conference 2016 (complete coverage), Downloads (proforma for submitting proposal for holding symposia, seminars, workshops, CME programmes and instructions to authors for submitting an article for the Annals of NAMS) and information about the forthcoming Annual Conference of NAMS, etc.

As on date, the National Knowledge Network (NKN) connectivity at NAMS is excellent and many CMEs/ Workshops are in the pipelines to be conducted from the auditorium so that virtual presence of NAMS scientific programme is also increased. Our aim is for the perpetual success of the Academy and the Academy will encourage, enhance and amplify achievements to meet medical and social goals of the Government. Number of participants can be increased by making use of National Knowledge Network (NKN) connectivity by connecting various institutions over virtual network for wider audience. There are more than 1500+ institutions that are already connected with NKN, which itself is a revolutionary step towards creating a knowledge-based society without boundaries. It will provide unprecedented benefits to the knowledge, community and mankind at large is aspiring for.

Using NKN, all vibrant institutions with academic and scientific vision and passion including professional institutions under health and medical stream will be able to transcend space and time limitations in accessing information and knowledge and derive the associated benefits for themselves and for the society. All AIIMS like institutions and Post Graduate Institute of Medical Education & Research, Chandigarh are part of the NKN. The spread of CME activities over NKN definitely increases the number of participants getting benefit out of these CME activities.

# Financial Report

## Government Grant

### Plan

The position of grant-in-aid sanctioned/released by the Ministry of Health and Family Welfare to the Academy under 'Plan' for implementation of the CME Programme and expenditure incurred thereagainst during the last three years (2014-15 to 2016-17) was as under:

(Rs in lakhs)

Year	Grant Sanctioned	Grant released	Expenditure (including assets purchased)
2014-15	110.00	60.00	67.22
2015-16	100.00	65.41	72.23
2016-17	110.00	73.97	101.88

The excess of expenditure under 'Plan' during 2014-15 and 2016-17 was met out of unspent grant in earlier years.

### Non Plan

The position of Grant-in-aid sanctioned/released by the Ministry and expenditure incurred under "Non-Plan" during the last 3 years (2014-15 to 2016-17) was as under :

(Rs. in Lakhs)

Year	Grant sanctioned	Grant released	Expenditure	Remarks
2014-15	55.00	55.00	73.99	Excess of expenditure was met out of the revenue generated by the Academy
2015-16	55.00	53.00	66.70	Excess of expenditure was met out of the revenue generated by the Academy
2016-17	55.00	55.00	66.54	Excess of expenditure was met out of the revenue generated by the Academy

## **FINANCE**

During the year 2016-17, a sum of Rs.45,58,000/- as Life Membership from Fellows and Members has been received. Besides, an income of Rs.45,30,971/- has been received on account of interest on the fixed deposits.

## **ACCOUNTS**

The audit of accounts for the year 2016-17 has since been completed by the Chartered Accountant. The Council at its meeting held on 23rd September, 2015 has also approved the statement of accounts. These are now recommended for adoption by the General Body.

# AUDIT REPORT

National Academy of Medical Sciences (India)  
Ansari Nagar, Ring Road, New Delhi

## Report on the financial statements

We have audited the accompanying financial statement of **NATIONAL ACADEMY OF MEDICAL SCIENCE (INDIA)** (“The Academy”) which comprises the Balance Sheet as at 31st March, 2017, and the Income and Expenditure Account for the year then ended, and a summary of significant accounting policies and other explanatory information.

## Management’s responsibility for the financial statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Academy in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India to the extent applicable to the Academy being the charitable institution. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## Auditor’s responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgement, including the assessment of

the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Academy preparation and fair presentation of the financial statements in order design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give a true and fair view in conformity with the accounting principles generally accepted in india :-

- a) In the case of the Balance Sheet, of the state of affairs of the Academy as at 31st March, 2017.
- b) In the case of the income and Expenditure account, of the excess of Income over expenditure for the year ended on that date.

## Emphasis of Matter

Without qualifying our opinion, we draw attention on the following:

- Physical verification of fixed assets and its reconciliation with books of accounts is pending.
- Interest on FDR has been credited on accrual basis

# **NATIONAL ACADEMY OF MEDICAL SCIENCES (INDIA)**

## **SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF**

### **ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2017**

#### **A) Significant Accounting Policies**

##### **1. Accounting Convention**

The financial statements have been prepared under the historical cost convention on cash basis.

##### **2. Revenue Recognition**

Revenue, donation, grants are recorded when received.

Expenses are recorded when paid.

##### **3. Fixed Assets**

Fixed Assets are recorded at Original Cost.

##### **4. Depreciation**

No depreciation is being charged on fixed assets.

##### **5. Grants**

Grants are recorded in accounts as per specific direction of donor.

The government grant received for CME Programme (Plan) is in recurring in nature and the same is earmarked fund. The income earned on that fund while the amount is in bank directly added to the fund and expenses incurred reduce from that fund.

The Non-Plan government grant received is in recurring in nature. The Non-Plan grant (net of capital expenditure) credit to income and expenditure account and capital expenditure amount transfer to capital expenditure amount transfer to capital assets grant fund.

#### **B) NOTES FORMING PART OF ACCOUNTS**

6. During the year, 100% of Life membership fee received from members credited to Capital Fund.
7. The corpus fund received by Academy for orations and awards has

been earmarked for that particular funds as per direction of the doner and kept that money separately in bank under term deposit is added to that fund and expenses incurred reduced from that fund.

8. The Academy has two buildings known as old building and new building Smt. Kamla Raheja Autitorium and J.S.B. Center for Multi-Professional Education. The Academy and National Board of Examination (NBE) are sharing the accommodation of old Building in accordance with the terms and conditions which has approved by Ministry of Health and Family Welfare, Government of India. The Academy is incurring all maintenance expenses and 50% of those expenses are recovered from NBE and reduced from maintenance expenses.
9. The newly constructed building Smt. Kamla Raheja Autitorium and J.S.B. Center for Multi-Professional Education has been completed and is functional now.
10. The Physical verification of fixed assets its reconciliation with books of accounts is pending.
11. Previous year's figures have been regrouped wherever necessary.

# Highlights of the Activities from 1<sup>st</sup> April to 12<sup>th</sup> September, 2017

1. Two meetings of the Council have been held, one on 6th July, 2017 and the other on 12th September, 2017, respectively.
2. The following is the list of Members of the Council who retired during the year 2017 on completion of their tenure, and those who have been elected as Members of the Council.

## Retired Members

1. Dr. Saroj Chooramani Gopal
2. Dr. M.V. Padma Sarivastava
3. Dr. Mohan Kameswaran
4. Dr. Amod Gupta
5. Dr. Ajmer Singh

## Elected Members

- Dr. Kamal Buckshee
- Dr. G.K. Rath
- Dr. Mohan Kameswaran
- Dr. Sanjeev Misra
- Dr. K.K. Sharma

3. The following candidates have been elected as Fellows and Members for the year 2017:

## Fellows

1. Dr. Shampa Anupurba
2. Dr. Bikramjit Basu
3. Dr. Chandra Sekhar Bal
4. Dr. Sanjay Kumar Bhadada
5. Dr. Giriraj Ratan Chandak
6. Dr. Shyam Singh Chauhan
7. Dr. Shiv Kumar Choudhary
8. Dr. Debashish Danda
9. Dr. Pushpa Dhar
10. Dr. Alok Dhawan
11. Dr. Prem Nath Dogra
12. Dr. Shailesh B. Gaikwad

13. Dr. Babita Ghai
14. Dr. Uday Chand Ghoshal
15. Dr. Jayantee Kalita
16. Dr. Raj Kumar
17. Dr. G.Suresh Kumar
18. Dr. Pawanindra Lal
19. Dr. Rajesh Malhotra
20. Dr. Vir Singh Negi
21. Dr. Satyajit Pradhan
22. Dr. Kootikuppala Surya Rao
23. Dr. Maninder Singh Sidhu

## Members

1. Dr. Amit Agarwal
2. Dr. Kailash Chandar Agarwal
3. Dr. Saurabh Agarwal
4. Dr. Shipra Agarwal
5. Dr. Simmi Aggarwal
6. Dr. Danish Ahmad
7. Dr. Farida Ahmad

Hosting of CMEs and Workshops from the Smt. Kamla Raheja Auditorium Prof. J.S. Bajaj Centre for Multi-professional Education at NAMS House is a great step reaching towards our goal in which many institutions will be part of wider virtual audience of such programmes and in this regard, every effort is being made to enhance NAMS Scientifict activities substantially.

## 6. **NAMS Scientific Symposium:**

Every year, during the NAMS Annual Conference, a Scientific Symposium is organized on a topic of great relevance to the health care needs of the Country. The theme of the NAMS Scientific Symposium on 28th October, 2017 during the Annual Conference at Sri Guru Ram Das Institute of Medical Sciences & Research, Amritsar (Punjab) is “**Foetal Origin of Adult Diseases**”.

## 7. **Lifetime Achievement Award**

The Council at its meeting held on 6 June, 2017 approved the conferment of Lifetime Achievement Award under Rule 34(d) on Dr. P.K. Dave, FAMS for the year 2017 in recognition of proven track record of professional excellence with subject expertise of high order. He retired from AIIMS as Director. He has been a committed professional, a reputed Orthopaedic Surgeon and a fine academician. He has served the Academy in different capacities as President, Council Member, Chairperson, Building Committee, Member, Finance Committee, etc.

On the recommendations of the Council, Dr. Prema Ramachandran, the Chairperson Academic Committee and Dr. Deep Narayan Srivastava, Honorary Secretary, NAMS participated in an award function at Chennai on Sunday, the 6th August, 2017 and delivered the Lifetime Achievement Award to Dr. S. Kameswaran. Dr. Mohan Kameswaran, FAMS delivered a welcome address to the NAMS delegates & Dr. Deep Srivastava informed the august audience about the achievements of Dr. S. Kameswaran. Subsequently, on behalf of the President, NAMS and the Council, Dr. Prema Ramachandran and Dr. Srivastava presented the award and the scroll. Dr. S. Kameswaran thanked NAMS for bestowing him with this prestigious honour.

## 8. **Golden Jubilee Commemoration Award Lecture**

On the recommendations of the Credentials Committee and with the approval of the Council, the youngest biomedical scientists

elected as a Fellows during the year is invited to deliver Golden Jubilee Commemoration Award Lectures at the Annual Conference of the Academy.

Dr. Saurabh Varshney, FAMS, Professor and Head, Department of Otolaryngology, All India Institute of Medical Sciences, Rishikesh, was the youngest biomedical scientist elected as a Fellow during the year 2016. He will deliver the Golden Jubilee Commemoration Lecture in the Annual Conference at Sri Guru Ram Das Institute of Medical Sciences & Research, Amritsar, Punjab on 29th October, 2017. The topic of his Lecture is “**Trans-nasal Trans-sphenoidal Endoscopic Hypophysectomy**”.
