Ref.No.11-1/2018-NAMS/O&R

Subject : NAMS Awards - Nominations for 2018

Dear Sir/Madam,

With a view to encourage talent and recognize merit, the National Academy of Medical Sciences (India) has established various Awards.

As per Council decision, the nominations received for Awards will be considered for three consecutive years. In view of this, the candidates who had been nominated in 2016 and 2017 need not send their fresh nominations.

The Council in its meeting held on 30th July, 2014 made the following observations:-

"As decided earlier for the Orations, any bio-medical scientist who is awarded an Oration in a previous year, shall not be considered for the award of another Oration for a period of 10 years. Even after that period, he may be considered for the award of an Oration for a subject entirely unrelated to the one for which he was awarded for an earlier Oration. It is recommended that similar rule be incorporated for the Awards as nominations are being made for those who have received an award within the last 3 years. It is proposed that in case of Awards, those who received an Award shall not be re-nominated for a similar or a different Award for a period of at least 5 years; subsequently their nominations may be considered on merit".

The details of the Awards and Form for making nominations for the Awards are enclosed.

Nomination(s) are invited for the conferment of Award in the Nomination form enclosed (eight complete sets with nomination form) so as to reach the office of the undersigned latest by 16th July, 2018.

With best wishes,

Yours sincerely,

(Deep Narayan Srivastava)
