Address by the President NAMS Dr. Saroj Chooramani Gopal, delivered at the 61st Annual Convocation on 27th November, 2021, at BHU, Varanasi

Dear Dignitaries on the Dias: Hon'ble Governor Telangana and Lieutenant Governor Puducherry, Smt. Dr. Tamilisai Soundararajan, the Chief Guest of the function; the Guests of Honour - Dr. Bhagwat Karad, Hon'ble Union State Minister of Finance; Dr. V.K. Shukla, the Hon'ble Vice Chancellor, BHU; Dr. BR Mittal, Director, Institute of Medical Sciences (IMS), BHU; Dr. S.K. Sarin, incoming President of NAMS; Dr. DK Gupta, Secretary, NAMS; Dr. Ashok Kumar, Organising Secretary and Dean IMS; dignitaries of the dias, veteran Fellows of the Academy, Dr. G. P. Talwar, most noted Scientist, inspiring all of us at 95+ years, council members, past presidents, delegates, students, media persons, ladies and gentlemen, it gives me immense pleasure to have this opportunity to welcome you all on this august occasion of NAMSCON convocation. Let me at the outset express my gratitude to the Chief Guest Smt. Dr. Tamilisai Soundararajan, the Hon'ble Governor to have accepted our invitation on such a short notice in spite of extremely busy schedule. I am grateful to Dr. Bhagwat Karad, Hon'ble Union State Minister of Finance to be our guest of honour online since he was finding it difficult to be physically present. I am grateful to Dr. V.K. Shukla, the Hon'ble Vice Chancellor, BHU, for accepting to be the guest of honour. I am indeed very grateful to him for providing all excellent facilities for NAMSCON at BHU.

A word about National Academy of Medical Sciences (India): As a result of extensive deliberations of central council of health and eminent medical men, it was established as Indian Academy of Medical Sciences on 21st April, 1961 as a registered society, which was inaugurated on 19th December by Pandit Jawaharlal Nehru, the first Prime Minister of India. The Academy was re-named 'National Academy of Medical Sciences (India)' on 16th November, 1976.

The Academy is managed by the Council (23 members), President being the Chairman, elected by the Fellows of the Academy. The Academy recognizes the outstanding achievements of Indian scientists in the field of medicine and allied sciences, conferring through rigorous process Fellowships and Memberships. Dr. APJ Abdul Kalam has been an elected Fellow (1995) and so is Dr. Harshvardhan (2020) former Union Minister of Health and Family Welfare.

By the year 2021, the Academy has more than one thousand Fellows and nearly ten thousand members (MAMS & MNAMS).

The Academy provides Emeritus Professorship for five years to academically active teachers and scientists to serve with zeal various needy medical institutions in the country. There are 34 Emeritus Professors today and every year, ten more will be added for a maximum number of 100 (10%) of all Fellows.

The Academy plays a pivotal role in policy management of health services, research and teaching viz. Dr. Vinod K. Paul, Member, NITI Aayog; Dr. Balram Bhargava, Director General, ICMR, New Delhi; Dr. Randeep Guleria, Director, AIIMS, New Delhi.

It is gratifying to know that a large number of its Fellows are recipients of highest Civilian Awards of the country, Bharat Ratna-2 (Dr. B C Roy, Dr. A.P.J. Abdul Kalam); Padam Vibhushan-6 (Dr. JS Bajaj, BK Goyal, Padmavati Sivaramakrishna Iyer, P N Tandon, M S Valiathan, B.M. Hedge); Padma Bhushan- 19 and Padma Shri- 52.

The Academy also elects Honorary Fellows who are of extreme extraordinary merit. To name a few these are, Pt. Jawaharlal Nehru, Dr. BC Roy, Major Gen. SL Bhatia, Col. RN Chopra, Dr. H M Lazarus, Dr. Jivaraj N Mehta, Dr. A Lakshmanswami Mudaliar, Dr. NA Purandare, Maj Gen SS Sokey, Dr. AC Ukil, Dr. Sushila

Nayar, Smt. Indira Gandhi, Dr. VTH Gunaratne, Dr. Karan Singh, Dr. Ihsan Dogramaci, Dr. FC Robbins, Dr. U Ko Ko, Dr. Dharmendra, Shri PV Narasimha Rao, Prof. Rolf Luft, Dr. CP Thakur and Dr. PK Sethi.

In the Academy's diamond jubilee year 2021, our Hon'ble Prime Minister Shri Narendra Modi Ji, an unparallel patriotic leader with Global vision, and desire to transform India into most developed nation, even in health sector with novice ideas like Ayushman Bharat, Janani Suraksha, Poshan Abhiyan, digitalisation and strengthening infrastructure etc., has been chosen for the Honorary Fellowship of the Academy.

The Academy had very eminent medical men and women as its presidents namely Dr. VR Khanolkar (the first President), CG Pandit, KL Wig, RV Rajam, AK Basu, S Padmavati, PN Chhuttani, BK Anand, B Ramamurthi, BN Sinha, HD Tandon, RK Gandhi, P Siva Reddy, JS Bajaj, Snehlata Deshmukh, BK Sharma, Mathangi Ramakrishnan, NK Ganguly, Hari Gautam, PK Dave, Prema Ramachandran, K K Talwar, CS Bhaskaran, Mukund S Joshi, Saroj Chooramani Gopal and Dr. S K Sarin newly elected.

The Academy is a nodal agency for Continuing Medical Education for medical and allied health professionals and is advising the Government of India in several matters of National Health Policy and planning. It sponsors nation-wide CME programs, Symposia and Workshops in basic sciences and applied clinical disciplines.

The Academy also contributes towards Human Resource Development under Scientific Exchange Programme. Two hundred and five (205) Medical Scientists/ Teachers have been helped.

Fifteen prestigious Orations and 8 Awards have been instituted by the Academy for eminent medical/ bio scientists in recognition of their outstanding contributions.

NAMS-AIIMS collegiums have been formed with various AIIMS and PGIMER Chandigarh.

Academy collaborations:

Efforts are on to establish links with other National and International Academies (INSA, NASI, World Medical Academy and Indian Academy of Biomedical Sciences).

Thrust to Research & Innovations among Students and Young Scientists

To inspire the best Minds in medical education towards research and innovations, and the way forward for Atma Nirbhar Bharat. NAMS Council has approved the proposal to focus on promotion of research and innovation particularly in the under privileged state like North Eastern states, Jharkhand Chhattisgarh, Andaman & Nicobar, Daman & Diu, Jammu, Kashmir & Ladakh.

The Academic Committee and the NAMS Council approved the proposal for five Fellowships of Rs. 20,000/- each per year to medical graduates and two Awards of Rs. 1,00,000/- each per year for the best innovation made in the medical field especially for the above states.

The National Academy of Medical Sciences (India) has its updated website and National Knowledge Network connectivity, with NKN line.

Smt. Kamla Raheja Auditorium in Prof. JS Bajaj Centre for Multi-Professional Education Centre where every month, CME and Scientific Symposium are organised.

The NAMS publishes a quarterly journal of international repute.

Promoting, Facilitating Knowledge & Skills among the Health Providers

New Bio-Medical Technologies (AI & Robotics) in Healthcare

Public Health Awareness messages on COVID-19 for empowerment of public on health issues have been put on NAMS Website and YouTube channel in Hindi, English and Tamil. Two interviews were given by the President, NAMS, Dr. Saroj Chooramani Gopal, to local TV channel at Varanasi regarding public awareness towards containment of Covid-19 and also requesting public participation.

The President has contributed full one month pension to PM CARE Fund and her one month family pension to CM (UP) Fund for helping fight Covid-19 while urging the Fellows to contribute generously.

A strong rebuttal was published in The Lancet advising the Journal that Science first, (June 26, 2021, vol 397, pages 2464-65) in response to their editorial published in The Lancet of May 8, 2021 from USA, that had maliciously published the adverse comments criticizing the Indian Government during the Covid-19 Pandemic. The Indian Govt. policies to manage the Covid crisis had rather been appreciated by the WHO, especially in the state of UP despite being the most populous state in India.

Another editorial was also published in the Annals of National Academy of Sciences "Are The Medical Journals Justified in Criticizing India's Covid Management Policy", despite showing better results than even the most advanced countries in the world.

In this diamond jubilee year, the academy has planned to make a task force with the objective of eliminating TB and Leprosy from our country. The lead is taken from the encouraging results achieved by pilot studies using the Mycobacterium indicus pranii vaccination (GP Talwar innovation).

In the end I would like to thank you all once again for gracing this function.

Live long the NAMS.

**Address by the Chief Guest Her Excellency Governor of
Telangana and Lt. Governor Puducherry
Smt. Dr. Tamilisai Soundararajan delivered at the 61st Annual
Convocation on 27th November, 2021 at BHU, Varanasi**

Dear organisers of NAMSCON 61, the dignitaries on the Dias: Guests of Honour: Honourable Union State Minister of Finance Dr. Bhagwat Karad; Dr. V.K. Shukla, the Honourable Vice Chancellor, BHU; Dr. BR Mittal, Director, Institute of Medical Sciences, BHU; the President of NAMS; the incoming President of NAMS Dr. S.K. Sarin; the Organising Secretary Dr. Ashok Kumar & Secretary NAMS Dr. DK Gupta; invited dignitaries, veteran Fellows of the Academy, delegates, medical students, media persons, ladies and gentlemen, it gives me great pleasure to be delivering the convocation address of the Academy, in this August gathering.

I am well aware of the distinctive accolades of this illustrious National Academy of Medical Sciences, a unique body of Medical/Biomedical Scientists of India, established in 1961 by the churning efforts of Central Health Council and great visionaries like Dr. B.K. Anand, Lt. Col. Sangam Lal, Dr. V Ramalingaswami, Dr. K.L. Wig, Col. Amir Chand and Dr. S.K. Sen. Pandit Jawaharlal Nehru, the then Prime Minister of India, inaugurated it on the 19th of December, 1961, and was also the recipient of its honorary Fellowship. In 1963, first convocation was addressed by the then President of India Dr. Sarvepalli Radhakrishnan. President Dr. APJ Abdul Kalam was its Fellow. I understand by now the Academy has nearly one thousand Fellows and more than 8000 Members. In keeping with the mandate of excellence in medical education and delivery of Health Care, it has also established various Awards and Orations to recognise and instill enthusiasm in the Medical/Biomedical Scientists, apart from conducting various CMEs, Workshops, Symposia and Seminars to keep abreast with the advances in knowledge. It also plays a pivotal role in National Health Policy Planning, Research and Innovations. I am also aware of the fact that many of the Fellows of this Academy are recipients of National Padma Awards including Bharat Ratna and are holding very important positions in the country like Dr. Vinod Paul, Member, Niti Aayog; Dr. Balram Bhargav, Secretary, Medical Research and DG, ICMR; Dr. Randeep Guleria, Director, AIIMS New Delhi, etc.

I am happy to note that the Fellowship of NAMS is bestowed upon very few selected medical scientists and hence is regarded in high esteem. The honorary Fellowship is given to just one or two persons of extreme extraordinary calibre. This year 52 senior Medical Scientists are receiving FAMS. My hearty congratulations to all of them. It is an honour to be a Member of this Academy, so I congratulate all the recipients of Membership too. I would also like to appreciate and congratulate all the recipients of 15 Orations and 7 Awards, instituted in the names of great visionaries of the Academy.

I am delighted to know that the Academy has conferred upon our Honourable Prime Minister Shri Narendra Modi Ji, Honorary FAMS, on account of his unparalleled service to humanity with his Global vision "Vasudhaiva Kutumbakam". As a matter of fact, we all are so lucky to have Shri Narendra Modiji, as Prime Minister of India, whose mission, vision, enthusiasm and his boundless power to transform, translate and execute is amazing. Each one of us feels proud and honoured in honouring him. May God bless our country to be served by him for many more terms as Prime Minister of India.

In the end, I extend my best wishes for the Academy to become an icon of excellence in promoting Medical Education, Health Care, Research and Innovations, through active interaction with other academic bodies including amalgamation of ancient systems of healthcare and industry, nationally and internationally with the objective of India making a Global Impact.

Let me express my thanks for being with you.

Jai Hind

Extra-mural CME Programmes: To improve the quality and contents of the Extramural CME Programmes funded by the NAMS. Proposals received for funding are technically reviewed in the first instance by a subject expert who is also a Fellow of the NAMS. The Subject Expert evaluates the proposal and identify lacunae, if any, in the programme contents. The reviewers may suggest revision/modification to be incorporated in the programme. The suggested revision/modifications are communicated to the Organizers, and only after the CME proposal is revised, the CME proposals is processed for the grant-in-aid.

A Fellow of the Academy is designated as NAMS Observer to attend and evaluate the Extra-mural CME Programme. The Academy provides TA/DA and Honorarium to Fellows who are nominated as NAMS Observers to attend, review and submit report on the CME Programmes.

NAMS Website and NKN Connectivity

All information about NAMS and its activities are available on the website. It includes Rules and Regulations, Council Members, Fellows and Members, Annual Reports, Audited Accounts Statements, Employee Data, Learning Resources Materials, Annals, CME Monographs, CME Guidelines etc. It also has access to read and download past Convocations, Addresses and Annual reports. It also displays future academic activities like CMEs and Skill Development Courses etc.

To attain digitalization, NAMS had started Online submission of all Fellowship and Membership forms with online Payment System through our Website & also online submission of Articles for Annals. NAMS have also started our YouTube channel (National Academy of Medical Sciences India) which is free for wide circulation and live streaming of CMEs organized by us. With the help of NKN connectivity, NAMS connected to other academic institutions like AIIMS, Jodhpur, Rishikesh, Bhopal, Patna, Bhubaneswar etc. so that scientists from distant places can also participate in interactive sessions and teaching programmes. This not only enhanced the goals of our Government but also minimized the financial expenditures.

AUDITOR - REPORT

Report on the Financial statements

We have audited the accompanying financial statement of **NATIONAL ACADEMY OF MEDICAL SCIENCE (INDIA)** ("The Academy") which comprises the Balance Sheet as at 31st March, 2022, and the Income and Expenditure Account for the year ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Academy in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India to the extent applicable to the Academy being the charitable institution. This responsibility includes the design, implementation and Maintenance of internal control relevant to the preparation and presentation of the financial Statements that give a true and fair view and are free from material misstatement, whether due to Fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Academy preparation and fair presentation of the financial statements in order design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion and to the best of our information and according to the explanation given to us, the financial statements give a true and fair view in conformity with the accounting principal generally accepted in India: -

- a) In the case of the Balance Sheet, of the state of affairs of the Academy as at 31st March 2022.
- b) In the case of the Income and Expenditure accounts, of the Surplus of Income over expenditure for the ended on that date.

6. Interaction with Medical Colleges with NAMS President and Council Members on 23rd August, 2022- 373 Medical Colleges and Institutions participated.

7. **Public Lecture**

NAMS has introduced Public Orator. The Inaugural public oration was delivered by Sh. N.V Ramana, Hon'ble Chief Justice of India on "**Law and Medicine**" on 23rd August, 2022. The programme was attended by galaxy of medical professionals, academicians and eminent persons. The oration was telecasted on you tube.

In the inaugural address of NAMS public oration on 'Law and Medicine' the Chief Justice of India NV Ramana, mentioned that the practice of medicine was the bridge between science and

technology, and the human mind and body. Talking further about the prevalent system, the CJI said that he would speak about certain aspects of the medical education system in the country after his retirement.

The CJI's speech touched a very important aspect pertaining to the attacks on doctors during the COVID-19 pandemic. He said that it was during the Covid times when the doctors who were busy serving the people were threatened, abused, attacked, and shunned. Despite this also they continued working on the front lines and did their duty with utmost care and patience. He said it was very unfortunate.

He also spoke about the false cases that are being lodged against upright and hardworking doctors. They need a better, and more secure, working environment. We must foster an environment where more young people want to become doctors to serve Indian society."He added that the doctor should be given incentives to remain in India as some developments are leading to a massive brain drain of medical practitioners in India.

Talking about the importance of safeguarding the health of citizens, which he said the Constitution-makers laid great emphasis on. The CJI said that the courts have played significant role in realizing the goals and shaping the health care policies of our country. He further said that the Directive Principles have placed emphasis on the minutest details of health, nutrition, working conditions and welfare. In addition to the Directive Principles, the Constitution, in 11th and 12th schedules, places an obligation to provide safe drinking water, sanitation and adequate healthcare upon the local bodies."

He emphasised on the commercialisation of healthcare which needs to be checked. Private hospitals are being opened at an exponential rate. This is not necessarily a bad thing, but their motive should be service to society.
