FOREWORD

It always pays to remember and recount the objectives and heritage of an organization which is so distinctive in its nature and function as "National Academy of Medical Sciences (India)". The Academy was set up as an outcome of extensive deliberations and consultations with Academic Institutions and professional bodies in 1961. The primary objective was promotion of knowledge of medical sciences in India and its practical application to the problem of national welfare. It is heartening to note that the Academy is endorsed by MoHFW with the mandate of promoting knowledge through CME in basic as well as clinical sciences and also encourage and recognize talent among medical and biomedical scientists of India. For fulfilling this objective, the Academy bestows Fellowship (FAMS), to meritorious acclaimed Academicians of Medical/Biomedical Sciences, clinicians of extraordinary merit through stringent selection criteria, to select a few and award Membership (MAMS) or MNAMS (through DNBE stream) to younger group biomedical scientists to inspire them, on to the path of achieving excellence, so very important for taking India ahead with the sole objective of achieving its glorious position in the world.

This directory will give the brief account of all its Fellows from inception till date and I am sure it will inspire the younger generation to look up to the great achievers of their fraternity and will also work as a ready reckoner to help them, who wish to reach them.

The Academy has nearly a thousand Fellows (FAMS) & over 8000 Members (MAMS & MNAMS). The Academy has important plans to expand its activities to inculcate the spirit of research and innovations in the young medical and biomedical scientists, which is truly the back bone for over all national growth.

I am confident of the bright future of the Academy and wish the very best in all the endeavors of the Academy.

Live long the NAMS.

Dr. Saroj Chooramani Gopal
President, NAMS

PREAMBLE

The NAMS Diamond Jubilee Hand Book including the Directory is in your hands after almost 20 years since it was published last in 2001. Apart from the latest progress, the volume includes the updated addresses of the NAMS Fellows, the Founder fathers, the orators and the awardees.

The academy has aimed high to promote academic activities in basic as well as in clinical sciences, recognizing the excellence in the medical and biomedical fields in the country. Over 30 NAMS Fellows, more than 100 MAMS and over 500 MNAMS (DNB) members are being added each year from different disciplines. Journal is being published regularly with quality in contents with the possibility of indexing soon. The Kamla Raheja Auditorium has been added since 2009, though its upkeep is expensive.

Recently, Academy has seen several landmark achievements during the tenure of the present President Prof. S Chooramani Gopal. In all 15 orations and 8 awards being given to the meritorious candidates each year to recognize and encourage the talent. The Academy Rules and Regulations have been amended for improving the day-to-day functioning of the academy. The post of the President Elect has been created. NAMS elections of the Academy are to be held by Electronic Voting. The Foundation Day (April 21), was celebrated for the first time to honor the past Presidents, veterans and others who have contributed for the progress of the Academy. The Academy Kulgeet has been prepared for the first time in its history.

Despite the Covid-19 pandemic and the risks involved, the NAMS Council Meetings and the Convocations have been held on time in the Academy premises. Several Meetings of the Standing Committees have also been held to guide and advise the Academy on key issues. Auditorium and the Academy premises have been refurbished, audio-visual system upgraded. Guidelines have been prepared for the award of Emeritus Professorships to support the medical institutions in the country. Guidelines have also been drafted for starting the new Orations and Awards.

Thanks to the Academy staff for taking pains to prepare the Diamond Jubilee Hand Book including the Directory at a very short time. It is sincerely hoped the Hand Book will provide the much desired information to the NAMS Fellows on all key issues that fellows look forward.

Dr. Devendra K. Gupta
Executive Secretary, NAMS

INITIAL HISTORY OF NAMS

Historical Perspective:

The Central Council of Health at its meeting held in January, 1959 under the Chairmanship of Sh. D.P. Karmarkar, the then Union Minister of Health, considered a proposal from the Government of Andhra Pradesh for the establishment of an All-India Academy of Medical Sciences.

Following initial contacts with various professional Associations and Medical organizations, a tentative scheme for starting the Academy was drawn up based on a general consensus of medical fraternity, the following Resolution was passed at the meeting of the Central Council of Health in 1960.

"The Central Council of Health having very carefully considered the views expressed by the State Governments, Universities, and professional organizations on the proposal for the setting up of an Indian Academy of Medical Sciences, welcomes the proposal for the establishment of such an all-India institution with a view to bring on a common forum the best talent in the field of medical sciences in India."

While this action was initiated by Union Ministry of Health, a group of about 20 senior medical men of eminence also met informally and developed a blue print of action. Accordingly, a Committee consisting of Colonel Amir Chand, Dr. B.K. Anand, Dr. S.K. Sen, Dr. R. Viswanathan and Col. Sangham Lal met Shri D.P. Karmarkar, the then Union Minister of Health in May, 1960. The meeting was attended by Union Health Secretary and the Director General of Health Services. Sh. D.P. Karmarkar was fully convinced of the necessity of having such an institution. He was supportive of the view that eminent Indian medical scientists, instead of looking for recognition outside the country, should be honoured and their merit recognized in the country itself.

The consensus of opinion at the meeting was that the Academy should be patterned on the model of National Institute of Sciences in India, which was itself based on the model of the Royal Society of London. It was also agreed that the Academy should be purely non-official organization of scientists which would be suitably recognized and financially supported by the Government of India. The Committee was informed that it may take some time for the Government to recognize the Academy by an Act of Parliament and was advised to go ahead with the plan to register it as a Society. It was pointed out that once the Society was registered and started functioning, the Government would consider the question of according suitable recognition and to give financial assistance.

Encouraged by the promised support for the scheme, the Academy was registered on 21st April, 1961, with the Registrar of Societies as the "INDIAN ACADEMY OF MEDICAL SCIENCES". The Memorandum of Association was signed by the following :

Dr. B.K. Anand, Lt. Col. Sangham Lal, Dr. V. Ramalingaswami, Dr. K.L. Wig, Col. B.L. Taneja, Dr. R. Viswanathan, Col. Amir Chand, and Dr. S.K. Sen.

An *Interim Council* consisting of the following 14 Founder Fellows was formed: Col. Amir Chand (*President*); Dr. Subodh Mitra (*Vice-President*); Col. Sangham Lal (*Secretary*); Dr. B.K. Anand (*Treasurer*); Dr. V. Ramalingaswami (*Member*); Dr. S.K. Sen (*Member*); Dr. B.L. Taneja (*Member*); Dr. R. Viswanathan (*Member*); Dr. K.L. Wig (*Member*); Dr. R.N. Cooper (*Member*); Dr. S.J. Mehta (*Member*); Dr. A.V. Baliga (*Member*); Dr. K.K. Datey (*Member*); Dr. R.V. Sathe (*Member*).

The Council nominated about 60 Fellows in the first instance. Later on, however, on the basis of suggestions received from the Fellows, another 40 were added to bring the total to 100.

Taking advantage of the presence of about 40 Founder Fellows, who had come to Delhi in November, 1961, in connection with the Medical Education Conference, a meeting was arranged and it was decided that the Academy should be formally inaugurated as soon as possible. The first meeting of the Interim Council of the Academy was held on 17th December, 1961 at CI-II, Ansari Nagar (Dr. B.K. Anand's residence) New Delhi. Col. (later Major General) Amir Chand was in the Chair. Dr. S.J. Mehta, Dr. K.L. Wig, Dr. S.S. Anand, Dr. R.M. Kasliwal, Dr. B.K. Anand, Dr. R. Vishwanathan, Dr. S.K. Sen and Dr.(Col.) Sangham Lal attended the meeting.

The Council decided to recommend to the General Body list of Fellows who may be elected as the members of the Council.

It was decided to request Dr. Rajendra Prasad, the President of India, to honour the Academy by becoming its Patron-in-Chief.

The action of the President to request Shri Jawahar Lal Nehru, Prime Minister of India, to accept Honorary Fellowship of the Academy was confirmed.

The first meeting of the General Body, consisting of Founder Fellows was held on December 18, 1961, in the Office of the Indian Council of Medical Research. The President Col. Amir Chand welcomed the Fellows to the first meeting of the General Body of the Academy and expressed the hope that the Academy would achieve its objectives in due course. The Secretary, Colonel Sangham Lal gave a brief outline of the development of the Academy up-to-date. The General Body then unanimously elected the following Office-bearers on the First Council of the Academy : Dr. V.R. Khanolkar (*President*); Col. Amir Chand (*Vice-President*); Col. Sangham Lal (*Secretary*); Dr. B.K. Anand (*Treasurer*); Dr. S.S. Anand (*Member*); Dr. A.K. Basu (*Member*); Lt. Gen. D.N. Chakravarty (*Member*); Dr. G. Coelho (*Member*); Dr. R.N. Cooper (*Member*); Dr. R.M. Kasliwal (*Member*); Dr. S.J. Mehta (*Member*); Dr. K.N. Rao (*Member*); Dr. S.K. Sen (*Member*); Dr. R. Viswanathan (*Member*); Dr. K.L. Wig (*Member*).

(Council Member names are cited in the alphabetical order)

Inauguration of the Academy:

The Prime Minister Shri Jawahar Lal Nehru formally inaugurated the Academy in the Sapru House on the 19th December, 1961. He was also pleased to accept the Honorary Fellowship of the Academy. Addressing the gathering, the Prime Minister said that he hoped the Academy would lay stress on the pursuit of research work and simultaneously ensure that high standards were maintained. Research, he said was an inseparable part of any systematic pursuit of knowledge and, therefore, it was imperative that the quality should be "absolutely first class".

Deprecating the tendency to pack new institutions with people without regard to their qualifications, Mr. Nehru warned that this would inevitably lead to the lowering of standards. He added that while he had accepted the Honorary Fellowship of the Academy with a sense of gratitude, it remained an honour only as long as it was restricted to a select group.

He said that as it was, India had plenty of honorary doctors and some of them even managed to obtain such doctorates by offering donations to universities. This obviously was not a healthy trend. Mr. Nehru said that he wanted the Academy to restrict its fellowship to only men of outstanding achievement in the field of medical science. In this context the Prime Minister cited the example of the Indian Science Congress, a body which he greatly admired.

Mr. Nehru's speech was in the main devoted to the need for research. Research, he said, was no longer restricted to individuals. Team work, more than anything else, was needed for success.

He wanted the medical scientists in the country to remember that it was not as if India had no background in the study of medical science. He added that while it was true, that science knew no boundaries, he did not want them to get wholly engrossed with Western ways. It was not true that all the advancement came entirely from the West. He asked the scientists to study the history of medicine and see how from humble beginnings it grew in dimension, though the growth somehow stopped in India. If only they studied in such a manner would they get an integrated view. Mr. Nehru concluded by wishing the new Academy well, and hoped it would stimulate the study and development of medical sciences in the country.

The Prime Minister announced a grant of rupees One Lakh for building fund.

The then Health Minister, Shri D.P. Karmarkar in his remarks referred to the need which had been felt to provide an agency in the country itself which would afford recognition to men who had contributed to the study of medical sciences.

Colonel Amir Chand said that the Indian Medical profession had for a long time been conscious of the need for such an Academy. Without it they were faced with an anomalous situation in which some of them were honoured abroad but went unrecognized at home. Recognition, like charity, should begin at home and he hoped that the Academy would provide the necessary stimulus to the profession.

Col. Amir Chand announced that Rashtrapati Dr. Rajendra Prasad had kindly agreed to become the Patron-in-Chief of the Academy.

The Secretary, Col. Sangham Lal said that the Academy would function on the lines of the Royal Society of London. Its fellowship would be sufficiently restricted to ensure that only men of outstanding achievement came in. He said that they would include representatives of various disciplines, medical educationists and administrators who have rendered conspicuous services for the advancement of medical sciences in the country. He said that it was hoped that the only criterion for further election to the Fellowship would be a significant contribution to the advancement of medical sciences in any field, so that a Fellowship of this Academy would be a coveted honour, as is the case at present with the Fellowship of the Royal Society of London for the scientists all over the world.

He said that the Academy would initially have 100 Fellows who had already been selected. A limited number of the Fellows would be added each year and the strength of the Academy would at no stage exceed 300.

In this connection he announced that Dr. B.C. Roy, Dr. Jivraj N. Mehta, Dr. A. Lakshmanaswami Mudaliar, General Sahib Singh Sokhey, General S.L. Bhatia, Colonel R.N. Chopra, Dr. U.C. Ukil, Dr. (Miss) H.M. Lazarus and Dr. N.A. Purandare had accepted Honorary Fellowship of the Academy.

Earlier, Dr. C.G. Pandit, who had delivered the Presidential Address in the unavoidable absence of the Academy's President, Dr. V.R. Khanolkar, said that the newly formed body would promote the search for knowledge and its application to the needs of the community. Medical science, he said was basically a synthesis of all those sciences which aimed at the well-being of the individual. It was important, therefore, that free communication of ideas between all branches of science was ensured.

Many messages of good-will which had been received from abroad including those from the Royal Society of London, Royal Colleges of Surgeons and Physicians of England and Edinburgh and French Academy of Sciences were read.

The Emblem of the Academy:

Mythological Insignia:

There lived a King named *Kashyap* who had two wives named *Diti* and *Aditi*. The children of *Diti* were called *Daityas* (Evil spirits) and the children of *Aditi* were called *Devas* (Good spirits). *Daityas* were physically more powerful whereas the *Devas* were mentally and intellectually stronger. There had been always a fight between the two groups and the *Devas* were always beaten up. They went to *Vishnu* (Lord of Protection) and complained, that if things went that way, all the *Devas* will ultimately be killed. Lord Vishnu advised them to drink *Amrit* (Nectar) which will make them immortal. He suggested that they put all the herbs into the sea and churn it well to get *Amrit*.

They compromised with the *Daityas* to utilize their physical fitness for this job. Lord Vishnu himself changed his form into that of a tortoise and lent his back for the mountain named *Mander* to serve as the churning rod, and *Vasuki Naga* (The Great Serpent) served as the rope. The churning started and during the act a good deal of poison also came out which the serpent blew over the *Daityas*. Ultimately fourteen *Ratnas* came out of the sea, the last one being *Dhanvantri* (The Physician) with a bowl of *Amrit* in hand. To cut the story short, the *Devas* caught hold of the *Amrit*, drank it and became immortal.

The Crest :

The design of the crest of the Academy has been conceived to give height to the central theme (churning) which symbolizes research. *Daityas*, *Devas* and even *Dhanvantri* have been purposely eliminated to avoid any denominational connotation and to add power to the central motif, which focuses sharply at the main aim of the Academy: research leading to human immortality.

From 1975 onwards the entire concept underwent a significant change. A working Group appointed by the Government of India in 1975 recommended the setting up of a National Board of Examinations, and the responsibility of conducting the high level Postgraduate Examination on an all-India basis in various disciplines of Medicine was again entrusted to the Academy. That this important task was entrusted to the Academy was a measure of the confidence reposed in the Academy and the stature and prestige it enjoyed. The National Board of Examinations was placed under the stewardship of the Academy and the President of the Academy was designated as the President of the National Board of Examinations. In 1976, the Indian Academy of Medical Sciences was therefore re-named as the 'National Academy of Medical Sciences (India)'.

NAMS RECENT ACHIEVEMENTS AND CONTRIBUTIONS

National Academy of Medical Sciences (NAMS India) **was established on 21st April, 1961** with the objective of promoting the growth of medical sciences. It was inaugurated at New Delhi on 19th December, 1961 by Pandit Jawaharlal Nehru, the first Prime Minister of India. The NAMS fosters and utilises the academic excellence of health professionals in the country as its resource to promote excellence in medical education and skill development **in the field of medicine and allied sciences.**

The Academy has been recognized by the Government of India as a **Nodal Agency for promoting the Continuing Medical Education for medical and allied health professionals and is advising the Government of India in several matters of National Health Policy and Planning.** National Academy of Medical Sciences encourages and sponsors nation-wide CME programmes, Symposia and Workshops in basic sciences and applied clinical disciplines.

NKN line is available in the NAMS Smt. Kamla Raheja Auditorium to organize CME & Scientific Symposia. The details of the **NAMS Convocations, academic activities, Journals Monographs, CME and other conferences are available on website.** YouTube Channel, is freely available for wide circulation of CMEs/Workshops/ Symposia organized under aegis of NAMS. (www.nams-india.in)

The Academy has a council of **23 members**, elected by the Fellows of the Academy from India and overseas. NAMS President is the Head of the Council. The **Academy** confers the Fellowship and Memberships, **selected** through a peer review rigorous process. Presently, **Academy has 973 Fellows (FAMS), 2439 Members (MAMS) and 8275 Members by DNBE (MNAMS).** **Dr. A.P.J. Abdul Kalam** was an elected Fellow of the Academy.

Presently, several Academy Fellows are **playing pivotal role in policy management** of health services, research and teaching viz. Dr. Vinod K. Paul, Member, NITI AAYOG; Dr. Balram Bhargava, Director General, ICMR, New Delhi; Dr. Randeep Guleria, Director, AIIMS, New Delhi.

The Academy Fellows have been the recipients of **highest Civilian Awards of the country, Bharat Ratna- 2** (Dr. B.C. Roy, Dr. A.P.J. Abdul Kalam); **Padam Vibhushan- 6** (Drs. J.S. Bajaj, Bal Krishna Goyal, Padmavati Sivarama Krishna Iyer, Prakash Narain Tandon, M.S Valiathan, B.M. Hedge); **Padma Bhushan- 19** and **Padma Shri- 52.**

Each year the Academy elects **Honorary Fellows** and Members who are the eminent persons and the source of inspiration The Honorary Fellowship was conferred on 20 eminent persons including Pt. Jawaharlal Nehru, Dr. B.C. Roy, Dr. Sushila Nayar, Smt. Indira Gandhi, Dr. Karan Singh, Dr. U. Ko Ko, Shri P.V. Narasimha Rao, Dr. C.P. Thakur and others. The Academy 32 **Emeritus Professors** visit other centers to promote academics, teaching and research.

Fifteen (15) named Orations and 8 Awards are bestowed upon eminent bio-medical scientists each year. The Academy has sent 205 Junior Scientists to Centres of Excellence for training in advanced methods and technologies. **To inspire the best minds in medical education** towards research and innovations especially from the NE states, J & K, Odisha and other less

developed states, with 5 annual fellowships of Rs.20,000/- each, and 2 awards of Rs. 1 Lac each, have been started recently. **NAMS-AIIMS collegiums** have been formed. Links are being established with other **National and International Academies** including the World Medical Academy.

Academy publishes **Annals of NAMS**, 4 volumes each year through Thieme Publisher. The Journal is indexed in Directory of Open Access Journals (DOAJ), IMSEAR, Listed in EBSCO and Proquest, in ROAD Link.

Academy is keen to develop new biomedical technologies (Robotics and AI) and address the major health hazards in the country due to: Weak Primary Healthcare; Air Pollution, Climate Change; Non-communicable diseases; Communicable diseases (TB) and Corona pandemics/ Ebola and high-threat pathogens, Dengue, HIV, Vaccine hesitancy, Antimicrobial resistance; Fragile and vulnerable settings such as regions affected by drought and human conflict activities; Bio-terrorism; New Drug development; Pharmacovigilance, including the need for family medicine, Emergency services utilizing its skilled resource man power to plan, survey and advise the Government.

A strong rebuttal was published in the Lancet in support to the Government policies, advising the Journal that **Science first and politics next (June 26, 2021, vol 397, pages 2464-65)** in response to their editorial published in The Lancet of May 08, 2021 from USA, that had published the adverse comments, severely criticizing the Indian Government in managing the Covid - 19, Pandemic. It was clarified that the Indian Government policies to manage the covid crisis had rather been prompt, poor friendly, effective and highly professional based on scientific inputs provided by the experts in the field, and had been well appreciated by the WHO, especially in the State of UP, the most populous state in India, despite financial constraints unlike in US, Italy, UK and several other rich nations.

NITI Aayog in 2018 had *recommended that NAMS, New Delhi may, continue, with enhanced government support, recognizing that NAMS pioneers academic leadership in the medical field through a highly sophisticated IT network and provides Continuing Medical Education (CME) to upgrade the knowledge of medical practitioners in government, private sector & medical colleges about national programs.*

OBJECTIVES

The objectives of the National Academy of Medical Sciences (India) are:

- (a) The promotion of knowledge of medical sciences in India and its practical application to problems of national welfare.
- (b) The recognition and encouragement of merit in all branches of medical sciences.
- (c)

GUIDELINES FOR THE AWARDS AND ENDOWMENTS

(Approved by the NAMS Council in its 150th Meeting held on 09th November, 2021)

NAMS as a part of fostering its aims and objectives, shall encourage substantial donations from any unobjectionable person or society or company or associations or trust to create awards, fellowships, medals, orations and such endowments to encourage NAMS Fellows and others in achieving excellence.

1. There shall be no upper limit for the number of awards, fellowships and medals installed with NAMS. However, creation of new orations would be restricted, under the discretion of NAMS Council, by the time available in annual scientific conferences / Foundation Day Functions.
2. The endowments can be in the form of medals, fellowships, orations, awards, certificate of merit and visiting professorship.
3. NAMS Council shall decide the minimum corpus fund to be deposited for each category of Oration, Award, Honor or Welfare fund based upon the bank interest of the day. As per the last decision of the Executive Council 141 (2017), the corpus amount to establish a new Oration is Rs. 10.0 Lac and for an Award Rs. 7.0 Lac by the donee.
4. Persons or institutions desirous of creating these endowments shall apply to the NAMS secretary along with their proposal of donation for the endowment award.
5. NAMS shall intimate the intended donor as to the decision of the NAMS Council on their proposal. When approved the donor shall be asked to deposit the donation money in the bank account of NAMS.
6. If the NAMS Council suggests changes in the rules stipulated by the donor, such donations shall not be accepted unless and until the suggested changes are agreed upon by the donors.
7. Upon receiving the corpus fund the-NAMS secretary shall issue a thanking letter to the donors with duly stamped receipt and shall announce the same to the General Body about the installation of the endowment and its rules.
8. The New Oration and Awards can be stopped after 10 years of its existence after the demise of the person in whose name the oration/ Award has been instituted.

REJECTING A PROPOSAL OF ENDOWMENT

1. NAMS Council shall have powers to reject an offer of endowment if it originates from unlawful source of money or if originates from an institution or company whose function is against the principles and aims of NAMS.
2. All corpus funds of donations shall be governed by NAMS Council. The NAMS Council shall have the right to reject any offer in which the donor wishes to keep the corpus fund under his/her/their governance.

3. The NAMS Council shall have powers to reject any offer of endowment if the stipulations of the donor are unacceptable according to the norms of NAMS.

NAMING AN ENDOWMENT

1. An endowment shall be named after the accomplished NAMS Fellows, academic institutions, universities, geographical areas, alumni of medical institutions, and persons who have contributed for the welfare of medical science in India and around the globe.
2. No endowment shall be named after persons who are unrelated to medical field.
3. The endowment shall not be named with religious, cast, racial or such identity.
4. The name of the endowment shall essentially contain "NAMS" as its component (example: NAMS - K L Wig Oration, Fellowship, Award, Medal etc.).

MAINTENANCE OF AN ENDOWMENT

1. The corpus fund of all endowments shall be deposited in a Nationalized bank as fixed deposits. These corpus funds shall not be used for any purpose other than the intended use.
2. From the annual bank interest of the corpus fund, 25% shall be added each year to the corpus of the particular endowment to compensate the money inflation over subsequent years. The remaining 75% of interest money shall be used for realizing the purpose of the endowment. Any leftover money in this regard shall also be added to the endowment corpus fund.
3. If the purpose of endowment was not realized in any one functional year, the full interest of that year shall be added to the corpus fund and the same shall not be used for other expenses of NAMS.
4. Donation should be accepted only after the long term financial commitment has been made. Donors or their heirs may not be willing to contribute to the corpus fund later.
5. Once the donation is accepted the donors should not be approached for further increase in their contributions, and the endowment cannot be terminated on that account.
6. Even when the endowment is terminated as detailed herein the corpus money of the endowment shall not be returned to the donor, neither it will be used for day-to-day expenses of the Academy. It will rather form the part of the Corpus endowment Fund.

COURTESY EXTENDED TOWARDS THE DONORS

1. The endowment shall not be usually terminated or its rules changed without the concurrence of the donors. However, NAMS General body, upon its discretion, shall have powers to overlook this provision in any particular case.
2. The committee to decide the beneficiary of the endowment shall be fully transparent and decided on merit by the Orations and Award Committee.

3. If convenient, the NAMS Secretary will inform the donor about the details of the beneficiary of the endowment for that year.
4. The beneficiaries of an endowment shall be determined purely on the basis of achievement and accomplishment of the individual. Any discrimination on the grounds of sex, caste, creed, race, religion and such shall be considered untenable.
5. Any of the past presidents of NAMS or the sitting NAMS Council members are ineligible to be the beneficiaries of any endowment award or medal or prize or fellowship of NAMS.
6. The beneficiaries would be invited to deliver the oration or make the presentation during the Annual NAMSCON.
7. He/ she will be paid TA/DA by the Academy as per Govt. of India rules.
8. The Registration fee will be exempted by the local NAMSCON organizers.
9. The awardee will receive a Medal and a Citation apart from the Honorarium as decided by the Council from time to time.
10. The Oration and Award matter will be the subject of publication in the Annals of NAMS as first priority unless published already.

GUIDELINES FOR ANNUAL CONFERENCE AND CONVOCAION OF NAMS

(Approved by the Council on 04th October, 2006)

INVITATION TO HOLD THE CONFERENCE

Invitation may be extended by the Zonal Convener, or through the Zonal Convener. Academy may send a letter to all zonal conveners requesting for invitations; the venue of the last three conferences may be indicated in the letter so that the need for rotation between regions can be kept in mind.

Preferably the annual conference should be held:

- In place where 5 or more Fellows and Members are residing in the city/state/zone.
- By rotation in different regions of the country.
- In the MCI recognized medical college/dental colleges, other institutions of biomedical sciences and Universities.

DATES FOR THE ANNUAL CONFERENCE

Second fortnight of October (preferable) or first week of November. The Meeting days shall be Friday (CME), Saturday (Convocation) and Sunday.

VENUE

Should preferably be an academic institution such as Medical colleges/Dental colleges recognized by MCI, or a national research institutions or a university; institutions extending an invitation should have at least ten year standing, with adequate facilities such as auditorium/lecture theatre/conference hall with standard audiovisual facilities.

Registration

In order to encourage wide participation in the Annual conference it was agreed that the brochure for the conference may be sent to all academic institutions in the region where the conference is organised. Academy may send the information about the dates and venue of the Conference to all Members and Fellows at least three months in advance. The conference brochure will be posted in the Academy's Web site and also the Web site of the institution hosting the conference (if available). E-mail registration and communication will be encouraged to ensure speedy and reliable response. Organising Committee shall keep the Academy informed of the progress regularly. The Academy shall provide the Organising Committee details of Scientific Programme.

The scientific sessions of the conference are open to registered delegates from scientific and medical community. They need not be Members or Fellows of the NAMS. The organising committee in consultation with the Academy may decide the registration fee for the Conference.

INSTITUTIONAL REGISTRATIONS

NAMS will provide block institutional registration covering the following:

- President of NAMS
- Two officials of NAMS

All others will pay a registration fee decided by the local organisers of the Conference. The organising committee may decide whether they would like to offer concessional registration to post graduates students/residents/young research scientists and NAMS awardees.

The Council in its meeting held on 1st October, 2009 decided that "Fellows who have attained the age of 75 years and above may attend the Annual Meetings of the Academy and in such cases their registration fee will be waived off at their request".

SCIENTIFIC PROGRAMME

The Scientific Programme will be planned and organised by the Academic Council of NAMS. It will include named orations, a scientific symposium, and free communication session. The Academic Council on the recommendation of the Orations and Awards Committee selects the persons who will be delivering the Orations. As soon the topics of the orations and other details of the Scientific Programme are finalized, NAMS will inform the Organising Committee.

The Free Communication session aims to encourage young clinical/research scientists; it may be of 2 hours duration with 8 presentations (of 10 minutes) and discussion (for 3 minutes). The presentations in this session may preferably be from Academy award winners for that year. They shall be reimbursed rail fare, but the awardees must get registered for the Conference and make their own arrangement for stay. In addition communications from registered delegates, screened and selected for oral presentation by the NAMS Academic Committee shall also be presented. The first preference shall be for NAMS awardees.

The Free Communications, which have not been selected for the Oral Presentation, but are considered of high scientific quality and content, may be taken up for Poster Presentation in case the Organising Committee does undertake to make such arrangement. In case of Poster Presentation, it will be mandatory for one of the authors of each poster to be present to participate in the scientific interaction.

CME PROGRAMME

To be organised by the Organising Committee with the approval of the CME Programme committee with regard to the theme, contents and speakers.

GUIDELINES FOR THE CONVOCATION

1. **Chief Guest** for the convocation will be a dignitary of eminence who is recognised as a leader in his/her chosen field of activity and who would inspire the Fellows and Members of the National Academy of Medical Sciences. IMPORTANT DECISIONS OF THE ANNUAL GENERAL BODY MEETING OF NATIONAL ACADEMY OF MEDICAL SCIENCES (INDIA) HELD ON 07TH AUGUST, 2021

(a) Amendments to Rules and Regulations: As suggested by the Committee and approved by the Council by more than 2/3rd majority of Members is placed before the General Body Members for consideration and approval. It was announced that only the Fellows of the Academy were allowed to participate in the voting process. Members were however, welcomed to attend and contribute with their suggestions. Moreover, only the Fellows present here physically in General Body Meeting were eligible for voting as per the Academy Rule Book.

It was also informed that such changes, as per the Rule book of Academy require three tier management :1) pass by the Council by a 2/3 majority which has been done, 2) passing by the General Body by a simple majority which is to be done today, and 3) The same will then go to all the Fellows of the Academy if approved by the GB, for approval. This is a very rigorous procedure and takes time. Some Elections will be due i.e. for the posts of the President, President Elect, Treasurer and the Council Members. Our Endeavour is to expedite the Election process as per the recommendations made by the RRR Committee and after obtaining the approvals of the NAMS Council and the General Body so as to complete the Election process before the next annual conference (when the new President takes over in NAMSCON), usually held in the second half of October (or rarely in November also).

The NAMS Secretary then invited Dr. N.K. Ganguly, Chairman of the Relook into the Rules & Regulations (RRR) Committee, to brief the General Body about the background and the changes made by the RRR Committee in the Rule Book-2014. The existing Rules & Regulations, along with approved amendments by the Council, had already been sent to all the NAMS Fellows in the country for their information and comments, if any.

With the permission of the President and Senior Fellows of the Academy and as proposed by Dr. Rani Kumar and seconded by Dr. Ashraf Ganie, the Secretary informed the General Body that for the simplicity and the convenience, to understand the changes made, a one page summary of the changes in the Rules has been prepared. These were considered and approved by the Council Members on July 02, 2021. After that these were circulated to all the Fellows in the country. Now he will go through these one by one against each Rule.

Secretary then read each point, Rule wise, by explaining the existing and the amended rules and requested the Fellows to fill their choices on the Performa by putting "X" on "Yes" or "No" in each column.

Several points invited discussions as:

Newly created post of President Elect in the R&R was debated for long and approved, with the following suggestions:

1. The post of the President Elect would be for three years and he/she will take over automatically as the President after that. For the first time, there will be two Elections in 2021, e.g. - one for the President Elect and other for the President. From next time (after three years), there will be Election only for the President Elect.

2. In the event of post of President falling vacant for any reason, the President Elect will take over as the Acting President, for the remaining period till the next Election was due. The Acting President for the remaining period will have full powers as the President.
3. This would follow with the Election for the President elect again with other posts, so as to avoid any interruption in the Election cycle in case of any unfortunate situation created.
4. The Acting President will take over as the President for the full term of three years from the regular term of the Council.
5. As soon as the Election process is completed, the newly elected one will take over as the President Elect.
6. The hierarchy of the Chairing of the meeting will be in the order of : President, President Elect, Vice President, and finally the Council Member will elect a chairperson amongst themselves only for that meeting.

The Secretary informed that the Council has decided to hold all the NAMS Elections, i.e. for the President, President Elect, Treasurer, and the Council Members by electronic voting in 2021 and onwards (as per the R&Rs approved by the General Body). The General Body approved that the process of inviting the nomination for the Council Members stand de-notified. A fresh Election process calling the nominations will be initiated as per the amended Rules & Regulations.

Prof. K.K. Deepak pointed out that in the voting instead of paper voting, it should have been electronic voting. This was rectified. All the NAMS Elections due in 2021 will be held simultaneously and by electronic voting. This was unanimously approved.

Regarding the **Age of Emeritus Professors (EP)**, General Body debated at length. The agreed criteria for age for filling the nomination for the post of Emeritus Professor will be as:

1. *All previous Emeritus Professor will continue as before.*
2. *Only the senior and retired persons from Medical & Allied disciplines, can apply, if:*
 - a) *He/she should have teaching experience of at least 20 years, of which 10 years as Professor in the recognized teaching Medical institution.*
 - b) *He/she should be expert in subject, with an art of teaching the faculty & the students.*
 - c) *The Award of Emeritus Professor is for 5 years. The upper age for nomination is 75 year.*
 - d) *A person with exceptional academic qualifications and achievements, active, in good health and able to serve even after the age of 80, can be nominated even beyond age of 75.*
 - e) *The Election process would be very strict and on merit basis, Recommended by the Oration/Award Committee, and approved by the Council finally. The Committee may review the credentials for extension even after 80 year, but purely on merit.*
 - f) *The total number of Emeritus Professors at any given time will not be more than 100 or 10% of the strength of the NAMS Fellows, including the previously nominated Emeritus Professors.*
 - g) *Every year the intake of Emeritus Professors will not be more than 10 or Maximum 15 only.*

These modifications will be incorporated in the Guidelines and the Nomination Performa already approved for Emeritus Professors by the Council on July 02, 2021.

Regarding the **nomination of persons on the posts of Emeritus President, Permanent invitees / Special invitee and the Award of Lifetime Achievement Awards**, was discussed at length. All these posts have now been removed to avoid discontentment among the Fellows. These posts were used to serve as parallel seats of power in the Academy with regular interference in day to day functioning. There were neither guidelines nor the transparency in the selection process of these posts / Awards. The posts of Emeritus President and the Permanent/ Special Invitee will remain only decorative, being an honor. They can not participate or interfere in the Governance of the Academy affairs. The persons will also not be entitled to attend the Council meetings or avail any privileges because of these posts.

Apart from the points mentioned in the Performa, following Rules & Regulations, were also considered, discussed amended unanimously;

1. The Management Standing Committee and Academic Council have been removed,
2. Members of the Standing Committee will serve only for one term of three years and no one will be the Member of more than two Committees at a time,
3. The formation of the standing Committees will be co-terminus with the Tenure of the Council and in full consultation with the incoming President, and
4. Any modifications in the Rules and Regulations will henceforth be done first with the approval of the: a) NAMS Council by a 2/3rd majority; and b) then approved by the General Body by a simple majority, without the need to go for the approval of the Fellows again. The changes will simply be communicated to the Fellows (not for the option YES or NO).

Summary:

- » The Performa were circulated to the Fellows present (N-46) to fill their choices on the discussions held on RRR Recommendations during the General Body Meeting.
- » Performa were collected back (N-44 in number) for tabulation and record. Only the Fellows were allowed to vote, and not the Members present. Two Fellows absented.
- » All the recommendations of the RRR Committee which were presented and discussed for almost two hours, were highly appreciated and approved by the General Body with a thumping majority.
- » Suggestions regarding the Age of Emeritus Professor and the removal of Posts of Emeritus President & Permanent / Special Invitee, Life Time Achievement Awards, made by the Fellows in General Body, were incorporated in the amendment vide infra.
- » The final RRR changes as the approved amendments (by the Council on July 02, 2021 and the General Body on August 07, 2021), will be sent to all the NAMS Fellows again for Tier 3 level options on these amendments with "YES" or "NO".
- » The Minutes of the Meeting and the RRR Amendments which were approved by the NAMS Council during its Meeting on July 02, 2021, were sent to all Fellows by e-mails for their information and approval. Comments received from them were deliberated.
- » All the clauses in the Rule Book-2014 (including those which did not require any change

or were not specifically discussed here but have already been amended by the Council on July 02, 2021), were also taken as read and passed by the General Body.

Following Resolutions were moved by Dr. O.P. Kalra. The motion was proposed by Dr. Shridhar Sharma and seconded by Dr. K K Deepak, as below:

Resolution 1: "I move that these amendments to Rules & Regulations of National Academy of Medical Sciences, as **circulated to all the Fellows after the approval of the NAMS Council, be approved by this General Body**".

Resolution 2: I move that these amendments to Rules and Regulations of the National Academy of Medical Sciences as passed by the General Body be sent to all Fellows by Ballots/ E-mail / Electronic Voting **with the option of 'Yes' or 'No' only**'.

Resolution 3: I move that these amendments to the Rules and Regulations of the National Academy of Medical Sciences **will come into force the day postal ballot / electronic results are declared, passing them with a simple majority**".

The General Body passed all these Resolutions unanimously. After the R&R Amendments were passed, Fellows present in the General Body and also online, appreciated the initiatives taken to improve the functioning of the Academy.

Further discussions included:

1. Dr. Wadhwa thanked the RRR Committee to go into details and make the useful R&R recommendations. His suggestion to convert life time achievement award to contribution award, was considered by GB, but was not approved because the Academy confers 15 orations and other awards each year, to recognize the contributions made by the Fellows.
2. To the suggestion of a Fellow for the printing a new directory of NAMS was approved. The database is being updated and the printing of the Directory is likely to start soon.
3. Regarding the Honorarium for the NAMS Fellows, at par with INSA Fellows Dr. N K Ganguly told that other academies were under the Dept. of Science & Technology while the NAMS is under the MOH & FW. The matter can still be pursued with Ministry.

(b) Zonal Representations

House stressed the need for regional representations of Fellows in the Council and expressed the desire for the General Body to reconsider its earlier decision to bring the less privileged states in the main stream of NAMS.

(c) Full Time Secretary, NAMS

House expressed the need for a full time Secretary in the interest of proper functioning of the Academy in view of increased work load of Fellowship, Membership and promotion of Scientific Programmes to improve the image of the Academy.

(d) NAMSCON-60

The house appreciated the way the Convocation was organized at Delhi after 1961 with perfection, lauded the efforts made by President and Secretary for doing the great job.

EXHORTATIONS

(Excerpts from the Inaugural Address and the Convocation Addresses)

"I hope the Academy would lay stress on the pursuit of research work and simultaneously ensure that high standards were maintained. Research is an inseparable part of any systematic pursuit of knowledge and, therefore, it is imperative that the quality should be absolutely first class."

- Sh. Jawaharlal Nehru
Prime Minister of India
(Inaugural Address - 19.12.1961)

"But in the choice of your Fellows, be careful, be vigilant, take care of the great reputation which you should enjoy among the sister Academies of the world....."

- Dr. S. Radhakrishnan
President of India
(1st Convocation - 08.12.1963)

"Representing as you do the elite of the medical profession you may with reason be expected to exert your influence on the framing of programmes of scientific advancement, and specially medical education and medical research....."

- Dr. Zakir Husain
Vice-President of India
(2nd Convocation - 31.01.1965)

"I think the Government and all the authorities will listen with the greatest consideration to the advice that a body like this might give with regard to how medical research can be applied for the good of society....."

- Dr. M.C. Chagla
Union Minister for Education
(3rd Convocation - 13.02.1966)

"I can visualize that the Academy, consisting as it does of top medical scientists, can play an important role in an advisory capacity to the Government in drawing up and in implementation of medical and health schemes....."

- Dr. C.D. Deshmukh
Vice-Chancellor
University of Delhi
(4th Convocation - 07.01.1967)

"I feel that the Academy, consisting as it does of top medical scientists, can play an important role in advising the Government in drawing up, and implementing, assessing and evaluating the results of medical and health programmes....."

- Dr. S. Chandrasekhar
Minister of State
Ministry of Health, Family Planning and Urban Development
(5th Convocation - 02.12.1967)

"An academy such as this one should be able to do a great deal, to maintain and to raise the standards of the medical profession and also to give direction and purpose to the activities of members aspiring to the distinction of joining your ranks....."

- Smt. Indira Gandhi
Prime Minister of India
(6th Convocation - 06.12.1968)

".....The Academy need not be reassured that Government of India value their contributions very much and would always give a high priority to their suggestions."

- Shri K.K. Shah
Union Minister of Health, Family Planning, Works,
Housing & Urban Development
(7th Convocation - 21.12.1969)

".....It is institutions like the Academy of Medical Sciences that alone can help in generating a new outlook, an outlook that proceeds from a sense of idealism and from a commitment to the vast impoverished masses of India....."

- Shri D.P. Dhar
Minister for Planning
(10th Convocation - 10.02.1973)

".....I would welcome a close study of all these proposals by experts like you in the Academy so that Government may have the benefit of your considered advice."

- Shri C. Subramaniam
Minister of Industrial Development and Science and Technology
(11th Convocation - 27.01.1974)

".....This distinguished Academy representing as it does some of the finest medical talent in India, I am sure can make a valuable contribution to the strengthening of the entire health system in the country....."

- Dr. Karan Singh
Minister for Health
(12th Convocation - 08.01.1975)

"I am gratified to note that the Government of India have introduced the facility, for the first time in our country, to enable doctors to acquire prestigious qualifications in the field of medicine and its different specialties in the country itself, and that the National Board of Examinations constituted for this purpose would be run by the administrative machinery of the Indian Academy of Medical Sciences. This is as it should be....."

- Shri Fakhruddin Ali Ahmed
President of India
(13th Convocation - 03.01.1976)

".....As population and food are related factors in Health Development and removal of poverty, I suggest to you that the Academy may give due thought to research in those fields of population planning, human reproduction, conservation of food and changing nutritional habits of people, all require multi-disciplinary approach."

- Shri Surjit Singh Barnala
Union Minister of Agriculture & Irrigation
(17th Convocation - 03.07.1979)

"The Academy is unquestionably a very prestigious body comprising as it does of some of the finest talent in medical sciences in the country.I believe that the National Academy of Medical Sciences is a unique forum for a trans-disciplinary synthesis of all the medical specialties as a single nodal point. This in my opinion is the uniqueness of National Academy of Medical Sciences as well as its greatest strength".

- Shri B. Shankaranand
Union Minister of Health and Family Welfare
(20th Convocation - 24.03.1982)

"A further role of the Academy would be to promote interdisciplinary and inter-institutional thinking, through organizing appropriate scientific sessions....."

- Prof. MGK Menon
Member, Planning Commission
(21st Convocation - 18.03.1983)

"Human resources are the most vital resources of this country. These resources must now be placed in a new context, taking into account the transformation of modern society as a result of the pervasive influence of science and technology and also the deep interdependence of the contemporary world....."

- Prof. P.N. Srivastava
Vice Chancellor, Jawaharlal Nehru University
(22nd Convocation - 06.04.1985)

"I believe that top-notch medical scientists such as those who belong to this Academy can make a tremendous contribution to improving the health of the people by carrying on research in areas which are of special relevance to us in India but not of much interest to those engaged in research in the more affluent countries....."

- Shri L.K. Jha
(23rd Convocation - 14.04.1986)

".....A good deal of attention is being given to reorientation of medical education. Planning, production and management of health manpower is receiving added attention. An expert committee under Dr. J.S. Bajaj which has recently looked into this matter has emphasized the urgent need to enunciate a national policy on education in health sciences, with clear perspectives and well formulated strategies for the future growth and development of health manpower in the country".

- Dr. Manmohan Singh
Deputy Chairman, Planning Commission, Government of India
(24th Convocation - 04.04.1987)

".....The National Academy of Medical Sciences in this regard has among its members the crème de la crème of the real and potential national health development leadership....."

".....Issues, such as the integrated health services and manpower development, continuing education of health personnel, health manpower research and training of Health for All leaders, are some of the exciting challenges that are open to the National Academy of Medical Sciences to support the national and regional efforts for achieving the Health for All goal....."

- Dr. U Ko Ko

Regional Director for the South-East Asia Regional Office
Of the World Health Organization
(25th Convocation - 12.03.1988)

"Is the physician of tomorrow suitably attuned to the new needs? Has he developed the requisite competencies to successfully fulfill his assigned role? As a natural extension of this thought process, may I suggest that the leaders of the medical profession who are distinguished Fellows of this Academy must deliberate upon these issues, so as to provide a think-tank which would contribute to the development of rational policies and programmes at the national level....."

- Shri P.V. Narasimha Rao
Prime Minister of India

(32nd Convocation - 02.04.1993)

"The challenges facing medical education and medicare in our country are enormous and exciting. The opportunities are also unlimited with our ancient heritage, modern development, advanced infrastructure in medicare and expanding educational facilities. The National Academy of Medical Sciences has the responsibility and the opportunity to be a think-tank as well as the initiator of practical programmes for facing the challenge....."

- Shri K.R. Narayanan

Vice President of India

(33rd Convocation - 19.03.1994)

".....Why do we need the intrusive and bureaucratic presence of the government? If it is only to provide funds, let us change our laws - and if necessary the Constitution - to make funds for health care a mandatory charge on the Consolidated Fund of India. We have set for ourselves a budget of 6% of GDP to be spent on education by the end of the current Eighth Plan period. Likewise, we must set a target for health care and these funds must be transferred to the community".

- Shri P. Chidambaram
Commerce Minister

(34th Convocation - 18.03.1995)

"Irrespective of whatever cognitive quantum leaps may be made in the Aquarian age, the physician of the twenty-first century shall continue to orchestrate with the melody of molecules, shall remain avidly attached to the music of mathematics, and shall get increasingly involved with the cosmology of computers. While doing so, his inherent capacity to develop an inner vision and in-depth perception, must go beyond the hitherto known frontiers of biosciences. Indeed, this is where the sublime art of medicine surpasses the narrow confines of the biofrontiers of the science of medicine. This is when a physician attains the divine gift of healing. Yet, how many strive for both? And how few achieve either!"

- Prof. J.S. Bajaj
Member, Planning Commission
Govt. of India
(35th Convocation - 09.03.1996)

".....I am very happy to note that the National Academy of Medical Sciences had always maintained the highest standards of selectivity. You have established credible systems and procedures for induction to the Fellowship of your Academy and that is why if some one is known as the Fellow of the National Academy of Medical Sciences, he automatically commands respect in any profession or intellectual group. I am very happy that over the years your Academy has taken special care to maintain objectivity and credibility in the selection process and I wish to congratulate you for maintaining this great tradition".

- Dr. P.C. Alexander
Governor of Maharashtra
(38th Convocation - 27.03.1999)

"Elie Wiesel, the Noble Peace Prize Laureate, has said : One cannot, one must not, approach public health today without looking for its human rights component."

".....There has, thus, to be shared vision and shared mission to pave the way for natural alliance between the advocates of public health and the defenders of human rights. Purposeful partnerships between the two groups, catalyzed by a conjoint consultation, would be very productive in improving public health....."

- Justice J.S. Verma
Chairperson, National Human Rights Commission
(Former Chief Justice of India)
(40th Convocation - 07.04.2001)

"I learn that Dr. Hari Gautam the noted Cardiologist of distinction and Presently Chairman of the UGC is to take over as President. I am positive his Presidentship will launch a golden age for NAMS and let the resolutions taken at Varanasi put medical sciences in India on the road of progress."

- Dr. K. Venkatasubramanian
Member (Education & Health), Planning Commission
(41st Convocation - 23.03.2002)

"I urge upon the National Academy to start such specialty Academies like Cardiology, Orthopedics, Ophthalmology which should hold a high level refresher courses for the medical teachers."

- Shri Digvijay Singh
Hon'ble Chief Minister, Madhya Pradesh
(42nd Convocation - 06.09.2003)

"The National Academy of Medical Sciences now has an all pervasive role in directing and co-ordinating teaching and researches in the field of medical sciences. The Academy has truly risen to glorious heights comparable to its counterpart Indian National Science Academy."

- Dr. Vijay Khole
Vice-Chancellor, University of Mumbai
(44th Convocation - 30.04.2005)

"I congratulate them all because I know it is very difficult to become a Member or a Fellow of the National Academy, either it is of Science or it is of Medical Sciences or it is of Engineering Sciences. It is very difficult to enter into this August body."

- Dr. M.N. Desai
Vice-Chancellor, University of Gujarat
(45th Convocation - 17.12.2005)

"The National Academy has played an important role in recognizing, nurturing and mentoring talented professionals. These professionals are the backbone of the health system in India - they have made the health system functional and delivered preventive, promotive, curative and rehabilitative services to the population."

- Dr. Syeda Hameed
Member, Planning Commission
(46th Convocation - 28.10.2006)

"I do sincerely hope that there will be a continuing fruitful interaction of the National Academy of Medical Sciences with the growth and development of healthcare delivery services and enhanced quality of teaching and learning in the Medical Institutions in Punjab.

As a token of our appreciation, I am pleased to present a grant of Rs. 10 lacs to the Academy on behalf of the Government of Punjab."

- S. Parkash Singh Badal
Hon'ble Chief Minister, Punjab
(47th Convocation - 27.10.2007)

"I am sure the Academy can take on the additional role of being the custodians of medical ethics and public health and contribute its might to ensure that ethical, professional and human values govern the practice of medical profession."

- Prof. M.S Swaminathan
Member of Parliament (Rajya Sabha)
(48th Convocation - 01.11.2008)

"The Symposium held on this occasion on "Emerging and Re-emerging infections with special reference to Eastern India" is very relevant to the state and I am sure it will have impact on health scenario and health policies of the Government."

- HE Shri Muralidhar Chandrakant Bhandare,
Governor of Odisha
(51st Convocation - 15.10.2011)

"National Academy of Medical Sciences (India) is the most reputed and highest scientific body in this country today and it has among its list of eminent fellows, pioneers like the former President of India, Prof. A.P.J. Abdul Kalam."

- HE Dr. K. Rosaiah,
Governor of Tamil Nadu
(52nd Convocation - 13.10.2012)

"NAMS should play a pivotal role in enhancing this substantially. Internationalization of science is growing, as also collaboration among scientific institutions within India."
