### About AIIMS Rishikesh

Nestled in the serene beauty of the Himalayas and near the sacred Ganges, the All India Institute of Medical Sciences (AIIMS) Rishikesh was strategically established to address regional healthcare disparities. Inaugurated under the first phase of the Pradhan Mantri Swasthya Suraksha Yojna, AIIMS Rishikesh became an autonomous institution following the All India Institute of Medical Sciences (Amendment) Bill, 2012. AIIMS Rishikesh enrolls 125 MBBS, 100 BSc Nursing, 25 MSc Nursing, 450 MD/MS/MDS, MCh (6 years), 178 DM/MCH, 37 PDCC, 15 MPH, 13 Medical MSc, and 87 Ph.D. students annually, offering a diverse range of medical and allied courses.

Over 200 faculty members mentor these activities. At AIIMS Rishikesh, we are dedicated to attaining global standards in medical education and excelling in public health and research. Our mission is to provide comprehensive, patient-centered healthcare services that are effective, efficient, accessible, acceptable, equitable, and prioritize safety.

We aim to create innovative medical and nursing education models for the holistic development of students and continuous professional growth of our faculty and staff.

By enhancing our institutional impact on healthcare programs, we contribute significantly to the National Health Policy. Our commitment to research excellence drives us to augment capacity, infrastructure, and systems for basic, translational, clinical, and public health sciences, aiding in the fight against public health diseases.

### About NAMS New Delhi

National Academy of Medical Sciences (NAMS), an esteemed institution is dedicated to advancing medical and social goals through academic excellence. Since its inception, NAMS has played a pivotal role in promoting knowledge dissemination and recognizing exemplary achievements in medicine and allied sciences.

NAMS actively fosters learning through nationwide Continuing Medical Education (CME) programs, symposia, and workshops. A cornerstone of NAMS' mission is its commitment to innovation and outreach. Through initiatives like tele-linkages between medical colleges and collaboration with the National Knowledge Network, NAMS ensures widespread access to cutting-edge medical insights.

The Academy's acclaimed journal, Annals of NAMS, serves as a critical platform for disseminating groundbreaking research and orations by eminent biomedical scientists.

NAMS also honors trailblazers in medicine with Life Achievement Awards and Emeritus Professorships, recognizing their enduring contributions to healthcare. Notable figures, including Dr. APJ Abdul Kalam and Shri Jawahar Lal Nehru, count among NAMS' distinguished Fellows and Honorary Fellows.

Moreover, NAMS continues to expand its influence with new initiatives such as the NAMS-AIIMS Collegium and the establishment of a Centre for Research in Medical Education at AIIMS Jodhpur. These efforts underscore NAMS' ongoing commitment to nurturing future medical leaders and fostering excellence in biomedical research.

## “Women in Medicine: Pioneers of Change”

Date: August 10th, 2024, Time 09:30 AM - 05:00 PM

### About the Conference

The conference aims to address the evolving role of women in medicine, focusing on leadership, work-life balance, and innovative contributions.

This program will provide a unique opportunity to hear directly from women scientists about the challenges they face, their journeys, and aspirations.

The event will focus on overcoming professional barriers and advancing in leadership roles. It will serve as a platform for discussion, knowledge sharing, and collaborative problem-solving, aiming to inspire and empower the next generation of women leaders in medicine.

It will highlight the successes of women leaders, discuss effective leadership styles, and explore ways to cultivate leadership skills. Attendees will gain insights into navigating leadership roles, breaking through glass ceilings, and advocating for gender equity within medical institutions. Discussions will include managing time effectively, dealing with burnout, and finding support systems.

Participants will have the rare opportunity to hear directly from women scientists who will share their personal experiences, including the obstacles they have overcome and their aspirations for the future.
